

Environment

We have considered the environmental impact of this rule and concluded that, under Figure 2-1, paragraph 34(g) of Commandant Instruction M16475.1D, this rule is categorically excluded from further environmental documentation. A "Categorical Exclusion Determination" is available in the docket for inspection or copying where indicated under ADDRESSES.

33 CFR Part 165

[COTP Prince William Sound 02-011]

RIN 2115-AA97

Security Zone: Port Valdez and Valdez Narrows, Valdez, AK

AGENCY: Coast Guard, DOT.

ACTION: Temporary final rule; request for comments.

SUMMARY: The Coast Guard is establishing a temporary security zone encompassing the Trans-Alaska Pipeline (TAPS) Valdez Terminal Complex, Valdez, Alaska and TAPS Tank Vessels and a security zone in the Valdez Narrows, Port Valdez, Alaska. The security zones are necessary to protect the Alyeska Marine Terminal and Vessels from damage or injury from sabotage, destruction or other subversive acts. Entry of vessels into these security zones is prohibited unless specifically authorized by the Captain of the Port, Prince William Sound, Alaska.

DATES: This rule is effective from 8 a.m. July 30, 2002 until December 31, 2002. Comments and related material must reach the Coast Guard September 30, 2002.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket COTP Prince William Sound 02-011 and are available for inspection or copying at U.S. Coast Guard Marine Safety Office, PO Box 486, Valdez, Alaska 99686, between 7:30 a.m. and 4:30 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Regulatory History

A notice of proposed rulemaking (NPRM) was not published for this regulation. In accordance with 5 U.S.C. 553 (b)(B), the Coast Guard finds good cause exists for not publishing an NPRM. The Coast Guard is taking this action for the immediate protection of the national security interests in light of

terrorist acts perpetrated on September 11, 2001. Also, in accordance with 5 U.S.C. 553 (d)(3), the Coast Guard finds good cause to exist for making this regulation effective less than 30 days after publication in the **Federal Register**. Publication of a notice of proposed rulemaking and delay of effective date would be contrary to the public interest because immediate action is necessary to provide for the safety of the TAPS terminal and TAPS tank vessels.

On November 7, 2001, we published three temporary final rules in the **Federal Register** (66 FR 56208, 56210, 56212) that created security zones effective through June 1, 2002. The section numbers and titles for these zones are—

§ 165.T17-003—Security zone; Trans-Alaska Pipeline Valdez Terminal Complex, Valdez, Alaska,

§ 165.T17-004—Security zone; Port Valdez, and § 165.T17-005—Security zones; Captain of the Port Zone, Prince William Sound, Alaska.

Then on June 4, 2002, we published a temporary final rule (67 FR 38389) that established security zones to replace these security zones that expired June 1, 2002. That rule issued in June, which will expire July 30, 2002, created temporary § 165.T17-009, entitled "Port Valdez and Valdez Narrows, Valdez, Alaska". This temporary rule will replace the § 165.T17-009 temporary security zones are only effective until July 30, 2002.

Discussion of the Rule

This temporary final rule establishes three security zones. The Trans-Alaska Pipeline (TAPS) Valdez Marine Terminal Security zone encompasses the waters of Port Valdez between Allison Creek to the east and Sawmill Spit to the west and offshore to marker buoys A and B (approximately 1.5 nautical miles offshore from the TAPS Terminal). The Tanker Moving Security Zone encompasses the waters within 200 yards of a TAPS Tanker within the Captain of the Port, Prince William Sound Zone. The Valdez Narrows Security Zone encompasses the waters 200 yards either side of the Tanker Optimum Trackline through Valdez Narrows between Entrance Island and Tongue Point. This zone is active only when a TAPS Tanker is in the zone. This temporary final rule reflects the changes to 33 CFR part 1701 submitted for regulatory review and publication as a Notice of Proposed Rulemaking (NPRM) in the **Federal Register**. The Coast Guard has worked closely with local and regional users of Port Valdez

and Valdez Narrows waterways to develop these security zones and the NPRM in order to mitigate the impact on commercial and recreational users. This temporary final rule establishes a uniform transition from the temporary operating zones while the NPRM is reviewed for publication.

Request for Comments

Although the Coast Guard has good cause in implementing this regulation without a notice of proposed rulemaking, we want to afford the maritime community the opportunity to participate in this rulemaking by submitting comments and related material regarding the size and boundaries of these security zones in order to minimize unnecessary burdens. If you do so, please include your name and address, identify the docket number for this rulemaking, COTP Prince William Sound 02-011, indicate the specific section of this document to which each comment applies, and give the reason for each comment. Please submit all comments and related material in an unbound format, no larger than 8½ by 11 inches, suitable for copying. If you would like to know they reached us, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period. We may change this temporary final rule in view of them.

Regulatory Evaluation

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that order. It has not been reviewed by the Office of Management and Budget under that order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). The Coast Guard expects the economic impact of this proposal to be so minimal that a full Regulatory Evaluation under paragraph 10e of the regulatory policies and procedures of DOT is unnecessary. Economic impact is expected to be minimal because of the short duration of this rule and the season in which it is in effect.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently

owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. The number of small entities impacted by this rule is expected to be minimal because of the short duration of the rule. Since the time frame this rule is in effect may cover commercial harvests of fish in the area, the entities most likely affected are commercial and native subsistence fishermen. The Captain of the Port will consider applications for entry into the security zone on a case-by-case basis; therefore, it is likely that very few, if any, small entities will be impacted by this rule. Those interested may apply for a permit to enter the zone by contacting Marine Safety Office, Valdez at the above contact number.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), we offered to assist small entities in understanding the rule so that they could better evaluate its effects on them and participate in the rulemaking process. Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247).

Collection of Information

This rule contains no information collection requirements under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*).

Federalism

The Coast Guard has analyzed this rule under the principles and criteria contained in Executive Order 13132 and has determined that this temporary final rule does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions

that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not affect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. It has not been designated by the Administrator of the Office of Information and Regulatory Affairs as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Environment

The Coast Guard considered the environmental impact of this rule and

concluded that, under Figure 2–1, paragraph 34(g) of Commandant Instruction M16745.1D, this rule is categorically excluded from further environmental documentation. A “Categorical Exclusion Determination” is available in the docket where indicated under **ADDRESSES**.

Duty Periods; Inactive Duty for Training

AGENCY: Department of Veterans Affairs.

ACTION: Final rule.

SUMMARY: The Department of Veterans Affairs (VA) is amending its adjudication regulations regarding service connection for disabilities incurred or aggravated during inactive duty for training. This amendment is necessary to insure the regulations accurately reflect a statutory amendment.

DATES: *Effective Date:* July 31, 2002.

FOR FURTHER INFORMATION CONTACT: Randy A. McKevitt, Consultant, Regulations Staff, Compensation and Pension Service, Veterans Benefits Administration, 810 Vermont Avenue, NW., Washington, DC 20420, telephone (202) 273–7138.

SUPPLEMENTARY INFORMATION: VA is amending its adjudication regulations regarding service connection for disabilities incurred or aggravated during inactive duty for training. The regulation amending 38 CFR 3.6 to implement Public Law 106–419, November 1, 2000, Veterans Benefits and Health Care Improvement Act of 2000, used wording slightly different from the wording of the Act. We are amending the regulation to accurately reflect the wording of the Act.

Administrative Procedure Act

We are publishing this as a final rule because the amendment only restates the statute and makes no substantive changes in the regulation. (5 U.S.C. 553).

Paperwork Reduction Act

This document contains no provisions constituting a collection of information under the Paperwork Reduction Act (44 U.S.C. 3501–3520).

Regulatory Flexibility Act

The Secretary hereby certifies that this regulatory amendment will not have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act (RFA), 5 U.S.C. 601–612. Only VA beneficiaries could be directly affected. Therefore, pursuant to 5 U.S.C. 605(b), this amendment is exempt from the initial and final regulatory flexibility analysis requirements of sections 603 and 604.
