

coal, other solid minerals, and geothermal resources leases.

- 1218, subparts E and F, which govern the payment of royalties, rentals, bonuses and other monies due for solid minerals and geothermal resource production.

All data reported is subject to subsequent audit and adjustment. A lessee uses the following forms for solid minerals production, sales, royalty reporting, and allowances:

- *ONRR-4292, Coal Washing Allowance Report*: A lessee of any Indian lease producing coal must submit this form to claim a coal washing allowance.

- *ONRR-4293, Coal Transportation Allowance*: A lessee of any Indian lease producing coal must submit this form to claim a coal transportation allowance.

- *ONRR-4430, Solid Minerals Production and Royalty Report*: A Federal or Indian lessee must submit this form to report royalties, certain rents, and other lease-related transactions on solid mineral leases.

- *ONRR-4440, Solid Mineral Sales*: A lessee files this form for all coal and other solid minerals produced from Federal and Indian leases and for any remote storage site which the lessee sells Federal or Indian solid minerals.

Title of Collection: Solid Minerals and Geothermal Collections—30 CFR parts 1202, 1206, 1210, 1212, 1217, and 1218.

OMB Control Number: 1012-0010.

Form Numbers: ONRR-4292, ONRR-4293, ONRR-4430, and ONRR-4440.

Type of Review: Renewal of a currently approved collection.

Respondents/Affected Public: Businesses.

Total Estimated Number of Annual Respondents: 100 reporters.

Total Estimated Number of Annual Responses: 9,259.

Total Estimated Number of Annual Burden Hours: 3,694 hours.

Estimated Completion Time per Response: The average completion time is .39 hours per response. The average completion time is calculated by dividing the total estimated burden hours (3,694) by the estimated annual responses (9,259). While the burden hours slightly increased from the last ICR renewal (87 FR 56974, September 16, 2022) this is not due to any additional collections of information from industry. Because ONRR received 1,181 more annual responses, the associated burden hours also increased.

Respondent's Obligation: The records maintenance and the filing of forms ONRR-4430 and ONRR-4440 are mandatory. The filing of forms ONRR-4292 and ONRR-4293, and the submission of solid minerals and

geothermal resource information that do not have an ONRR form, are required to obtain or retain a benefit.

Frequency of Collection: Monthly, annually, and on occasion.

Estimated Annual Non-hour Cost Burden: ONRR has identified no “non-hour” cost burden associated with the collection of information.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the PRA (44 U.S.C. 3501 *et seq.*).

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[OMB Control Number 1010-0081; Docket ID: BOEM-2025-0008]

Agency Information Collection Activities; Operations in the Outer Continental Shelf for Minerals Other Than Oil, Gas, and Sulfur

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Bureau of Ocean Energy Management (BOEM) proposes this information collection request (ICR) to renew Office of Management and Budget (OMB) control number 1010-0081.

DATES: Comments must be received by BOEM no later than October 6, 2025.

ADDRESSES: Send written comments on this ICR by mail to the BOEM Information Collection Clearance Officer, Anna Atkinson, Bureau of Ocean Energy Management, 45600 Woodland Road, Sterling, Virginia 20166; or by email to anna.atkinson@boem.gov. Please reference OMB control number 1010-0081 in the subject line of your comments. You may comment on the ICR and view related documents by searching for the docket number “BOEM-2025-0008” at <https://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT:

Anna Atkinson by email at anna.atkinson@boem.gov, or by telephone at 703-787-1025. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a

speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside of the United States should use the relay services offered within their country to make international calls to the point of contact in the United States.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, BOEM provides the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps BOEM assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand BOEM's information collection requirements and provide the requested data in the desired format.

BOEM is soliciting comments on the proposed ICR described below. BOEM is especially interested in public comments addressing the following issues: (1) is the collection necessary to the proper functions of BOEM; (2) what can BOEM do to ensure that this information is processed and used in a timely manner; (3) is the burden estimate accurate; (4) how might BOEM enhance the quality, utility, and clarity of the information to be collected; and (5) how might BOEM minimize the burden of this collection on the respondents, including minimizing the burden through the use of information technology?

Comments that you submit in response to this notice are a matter of public record. BOEM will include or summarize each comment in its ICR to OMB for approval of this information collection. You should be aware that your entire comment—including your address, phone number, email address, or other personally identifiable information included in your comment—may be made publicly available at any time. Even if BOEM withholds your personally identifiable information in the context of this ICR, your comment is subject to the Freedom of Information Act (FOIA) (5 U.S.C. 552). Your information will only be withheld if a determination is made that one of the FOIA exemptions to disclosure applies. Such a determination will be made in accordance with the Department of the Interior (DOI)'s FOIA implementing regulations (43 CFR part 2) and applicable law.

In order for BOEM to consider withholding from disclosure your personally identifiable information, you must identify, in a cover letter, any

information contained in the submittal of your comments that, if released, would constitute a clearly unwarranted invasion of your personal privacy. You must also briefly describe any possible harmful consequences of the disclosure of information, such as embarrassment, injury, or other harm. Note that BOEM will make available for public inspection, in their entirety, all comments submitted by organizations and businesses, or by individuals identifying themselves as representatives of organizations or businesses.

BOEM protects proprietary information in accordance with FOIA, DOI's implementing regulations (43 CFR, part 2), and 30 CFR 580.70, promulgated pursuant to the Outer Continental Shelf Lands Act (OCS Lands Act) (43 U.S.C. 1352(c)).

Title of Collection: "Operations in the Outer Continental Shelf for Minerals Other than Oil, Gas, and Sulfur."

Abstract: The Outer Continental Shelf Lands Act (43 U.S.C. 1334 and 1337(k)(1)) authorizes the Secretary of the Interior to issue leases on available areas of the U.S. Outer Continental Shelf (OCS) to the highest qualified bidder to develop any mineral resources other than oil, gas, and sulfur. The Act also

authorizes the Secretary to issue regulations governing such leasing and all operations under a mineral lease.

The Secretary delegated rulemaking authority to BOEM. BOEM's regulations at 30 CFR part 582 carry out the statutory program by governing such OCS mining operations.

Competitive leasing has not occurred for OCS minerals other than oil, gas, and sulfur for decades. BOEM has not issued a lease since 30 CFR part 582 was first promulgated. Accordingly, BOEM has not collected information under this part of its regulations. However, given the regulatory requirements and the April 24, 2025 Executive Order 14285 "Unleashing America's Offshore Critical Minerals and Resources," the potential exists that BOEM may engage in future leasing and require information under this part. Therefore, BOEM seeks OMB renewal of this information collection.

BOEM will use the information required by 30 CFR part 582 to determine if lessees are complying with the regulations for mining minerals other than oil, gas, and sulfur. BOEM will also use the information to ensure orderly resource development; to protect the human, marine, and coastal environments; and to conduct the requisite technical and environmental

evaluations that inform BOEM's decision to approve, disapprove, or require modification of the proposed activities.

OMB Control Number: 1010-0081.

Form Number: None.

Type of Review: Extension of a currently approved information collection.

Respondents/Affected Public: Potential respondents are OCS lessees.

Total Estimated Number of Annual Responses: 21 responses.

Total Estimated Number of Annual Burden Hours: 213 hours.

Respondent's Obligation: Mandatory.

Frequency of Collection: Monthly, quarterly, or on occasion.

Total Estimated Annual Non-Hour Burden Cost: None.

Estimated Reporting and

Recordkeeping Hour Burden: BOEM estimates that this ICR's annual hour burden is 213 hours. The following table details the regulatory sections containing information collections and their respective hour burden estimates. In calculating the burdens, we assumed the respondents perform certain requirements in the normal course of their activities. We consider these to be usual and customary and took that into account in estimating the burden.
