

People are invited to comment on this proposal.

DATES: The Wanoka Trailhead was posted for a one year comment period pertaining to the implementation of use fees on March 18, 2009. All comments must be received no later than July 15, 2010 so they can be compiled, analyzed and shared with the Region 9 Recreation Resource Advisory Committee.

ADDRESSES: Forest Supervisor, Chequamegon-Nicolet National Forest, 500 Hanson Lake Road, Rhinelander, WI 54501.

FOR FURTHER INFORMATION CONTACT: Teresa Maday, Assistant Ranger for Recreation and Lands, (715) 373-2667.

SUPPLEMENTARY INFORMATION: The Federal Recreation Lands Enhancement Act (Title VII, Pub. L. 108-447) directed the Secretary of Agriculture to publish a six month advance notice in the **Federal Register** whenever new recreation fee areas are established. Once public involvement is complete, these new fees will be reviewed by a Recreation Resource Advisory Committee prior to a final decision and implementation.

Dated: June 8, 2010.

Anthony Erba,

Chequamegon-Nicolet National, Acting Forest Supervisor.

DEPARTMENT OF AGRICULTURE

Forest Service

Notice of a New Fee Site; Federal Lands Recreation Enhancement Act (Title VIII, Pub. L. 108-447)

AGENCY: USDA Forest Service, Chequamegon-Nicolet National Forest USDA.

ACTION: Notice.

SUMMARY: The Chequamegon-Nicolet National Forest is proposing to begin charging a \$5.00 daily user fee or accept the \$20 annual user vehicle sticker at the Beck Road Trailhead based upon other Forest Service multiple use trailhead facilities across the Forest. The newly constructed Beck Road Trailhead on the Chequamegon-Nicolet National Forest will provide a much needed trailhead facility for the public to utilize to enjoy the motorized and non-motorized trails and routes south of U.S. Highway 2. This site will also assist in helping to increase the amount of visitation to the local communities of Drummond, Barnes, Cable, Delta, and Iron River. The funds collected at the

Beck Road Trailhead will be used for the year round operation and maintenance of this site. People are invited to comment on this proposal.

DATES: *Effective Date:* The Beck Road Trailhead was posted for a one year comment period pertaining to the implementation of use fees on March 18, 2009. All comments must be received no later than July 15, 2010 so they can be compiled, analyzed and shared with the Region 9 Recreation Resource Advisory Committee.

ADDRESSES: Forest Supervisor, Chequamegon-Nicolet National Forest, 500 Hanson Lake Road, Rhinelander, WI 54501.

DEPARTMENT OF AGRICULTURE

Natural Resources Conservation Service

Notice of Proposed Change to Section IV of the Virginia State Technical Guide

AGENCY: Natural Resources Conservation Service (NRCS), U.S. Department of Agriculture.

ACTION: Notice of availability of proposed changes in the Virginia NRCS State Technical Guide for review and comment.

SUMMARY: It has been determined by the NRCS State Conservationist for Virginia that changes must be made in the NRCS State Technical Guide specifically in practice standards: #366, Anaerobic Digester. These practices will be used to plan and install conservation practices on cropland, pastureland, woodland, and wildlife land.

DATES: Comments will be received for a 30-day period commencing with the date of this publication.

FOR FURTHER INFORMATION CONTACT:

Inquire in writing to John A. Bricker, State Conservationist, Natural Resources Conservation Service (NRCS), 1606 Santa Rosa Road, Suite 209, Richmond, Virginia 23229-5014; Telephone number (804) 287-1691; Fax number (804) 287-1737. Copies of the practice standards will be made available upon written request to the address shown above or on the Virginia NRCS Web site: <http://www.va.nrcs.usda.gov/technical/draftstandards.html>.

SUPPLEMENTARY INFORMATION: Section 343 of the Federal Agriculture Improvement and Reform Act of 1996 states that revisions made after enactment of the law to NRCS State technical guides used to carry out highly erodible land and wetland provisions of the law shall be made available for public review and comment. For the next 30 days, the NRCS in Virginia will receive comments relative to the proposed changes. Following that period, a determination will be made by the NRCS in Virginia regarding disposition of those comments and a final determination of change will be made to the subject standards.

Dated: June 7, 2010.

John A. Bricker,

State Conservationist, Natural Resources Conservation Service, Richmond, Virginia.

Natural Resources Conservation Service

Notice of Proposed Changes to the National Handbook of Conservation Practices for the Natural Resources Conservation Service

AGENCY: Natural Resources Conservation Service (NRCS).

ACTION: Notice of availability of proposed changes in the NRCS National Handbook of Conservation Practices for public review and comment.

SUMMARY: Notice is hereby given of the intention of NRCS to issue a series of revised conservation practice standards in the National Handbook of Conservation Practices. These standards include: Animal Mortality Facility (Code 316), Critical Area Planting (Code 342), Composting Facility (Code 317), Grazing Land Mechanical Treatment (Code 548), Hedgerow Planting (422), Irrigation Canal or Lateral (Code 320), Irrigation Land Leveling (Code 464), Irrigation System, Surface, and Subsurface (Code 443), Riparian

Herbaceous Cover (Code 390), Rock Barrier (Code 555), Roofs and Covers (Code 367), Runoff Management System (Code 570), Shallow Water Development and Management (Code 646), Streambank and Shoreline Protection (Code 580), Upland Wildlife Habitat Management (Code 645), and Wetland Wildlife Habitat Management (Code 644). NRCS State Conservationists who choose to adopt these practices for use within their State will incorporate them into section IV of their respective electronic Field Office Technical Guide. These practices may be used in conservation systems that treat highly erodible land (HEL) or on land determined to be a wetland. Section 343 of the Federal Agriculture Improvement and Reform Act of 1996 requires NRCS to make available for public review and comment all proposed revisions to conservation practice standards used to carry out HEL and wetland provisions of the law.

DATES: *Effective Date:* This is effective June 15, 2010.

Comment Date: Submit comments on or before July 15, 2010. Final versions of these new or revised conservation practice standards will be adopted after the close of the 30-day period and after consideration of all comments.

ADDRESSES: Comments should be submitted using any of the following methods:

- *Mail:* Wayne Bogovich, National Agricultural Engineer, Conservation Engineering Division, Department of Agriculture, Natural Resources Conservation Service, 1400 Independence Avenue, SW., Room 6136 South Building, Washington, DC 20250.

- *E-mail:* wayne.bogovich@wdc.usda.gov.

FOR FURTHER INFORMATION CONTACT:

Wayne Bogovich, National Agricultural Engineer, Conservation Engineering Division, Department of Agriculture, Natural Resources Conservation Service, 1400 Independence Avenue, SW., Room 6136 South Building, Washington, DC 20250.

Electronic copies of these standards can be downloaded or printed from the following Web site: <ftp://ftp-fc.sc.egov.usda.gov/NHQ/practice-standards/federal-register/>. Requests for paper versions or inquiries may be directed to Wayne Bogovich, National Agricultural Engineer, Conservation Engineering Division, Department of Agriculture, Natural Resources Conservation Service, 1400 Independence Avenue, SW., Room 6136 South Building, Washington, DC 20250.

SUPPLEMENTARY INFORMATION: The amount of the proposed changes varies

considerably for each of the Conservation Practice Standards addressed in this notice. To fully understand the proposed changes, individuals are encouraged to compare these changes with each standard's current version as shown at: <http://www.nrcs.usda.gov/technical/Standards/nhcp.html>. To aid in this comparison, following are highlights of the proposed revisions to each standard:

Animal Mortality Facility (Code 316)—Design criteria was changed based on the revision of Practice Code 367—Roofs and Covers. Disposal Pits (masonry, treated timber, and pre-cast concrete structures constructed in ground with bottom of the pit exposed to the soil) has been omitted from the standard since the majority of State regulations no longer allows these types of structures, nor is it considered environmentally friendly.

Critical Area Planting (Code 342)—The practice was revised to include a purpose to stabilize stream and channel banks and shorelines and provided additional criteria to establish cover on the stream banks and shorelines. In addition, seeding and planting considerations were added to address pollinators and wildlife.

Composting Facility (Code 317)—An additional purpose for organic matter was added based on comments received from specialty groups. Design criteria for composting facility roofs was changed based on the revision of Practice Code 367—Roofs and Covers.

Grazing Land Mechanical Treatment (Code 548)—The Criteria changed referring to and adding prescribed grazing following treatment. Considerations were expanded and references were added.

Hedgerow Planting (422)—The purpose was broadened for aquatic organisms and expanded to add habitat for terrestrial species, specifically pollinators. Criteria were added for pollinator habitat. References were also added.

Irrigation Canal or Lateral (Code 320)—The Purpose was revised and references were added.

Irrigation Land Leveling (Code 464)—The Purpose was revised and the Considerations were expanded.

Irrigation System, Surface and Subsurface (Code 443)—Changes included: removed the No. unit; incorporated criteria and considerations for Multi-Outlet Pipelines, thus eliminating the need for NRCS Conservation Practice Standard "Above Ground, Multi Outlet Pipeline" (431); expanded Considerations; and added References.

Riparian Herbaceous Cover (Code 390)—No substantive changes.

Rock Barrier (Code 555)—Wording changes made to make the practice more broadly applicable to "agricultural land" rather limiting it to land suitable for cultivation. The Considerations were re-written to provide context for the stated Consideration. Additional Considerations were added. The Plans and Specifications section was expanded to clearly state the minimum requirements for the content of plans and specifications.

Roofs and Covers (Code 367)—Changes to the standard include: changing the name from Waste Facility Cover to Roofs and Covers, and adding additional purpose and criteria for reducing greenhouse gas emissions and odor reduction. Additional criteria for Biogas control, utilization, and Safety has been incorporated into the standard. New criteria for design of roofs and covers have been incorporated into this standard and referenced in Animal Mortality Facility (Code 316) and Composting Facility (Code 317) for use consistency.

Stormwater Runoff Control (Code 570)—The title was changed from Runoff Management System. The definition was changed to reflect the new title and the broader scope of the practice. The purpose was re-written to include erosion and sedimentation, water quality, and water quantity.

Shallow Water Development and Management (Code 646)—No substantive changes.

Streambank and Shoreline Protection (Code 580)—The reference to 322 was removed and replaced with a reference to 342.

Upland Wildlife Habitat Management (Code 645)—No substantive changes.

Wetland Wildlife Habitat Management (Code 644)—No substantive changes.

Above Ground, Multi Outlet Pipeline (Code 431)—Rescission of this practice will be effective October 1, 2010. This practice has been incorporated into the Criteria and Considerations of Irrigation System, Surface and Subsurface (Code 443).

Atmospheric Resource Management (Code 370)—Rescission of this practice will be effective October 1, 2010. There are several practice standards that will be in place that will replace Code 370, including Air Filtration and Scrubbing (Code 371), Combustion System Improvement (Code 372), and Dust Control on Unpaved Roads and Surfaces (Code 373). There are also several interim standards that may be used.

Channel Bank Vegetation (Code 322)—Rescission of this practice will be

effective October 1, 2010. The changes in both Critical Area Planting (Code 342) and Streambank and Shoreline Protection (Code 580) will formally delete the need for Channel Bank Vegetation (Code 322).

Dated: Signed this 9th day of June, 2010, in Washington, DC.

Dave White,

Chief, Natural Resources Conservation Service.

DEPARTMENT OF AGRICULTURE

Forest Service

Notice of Proposed New Recreation Fee Sites; Federal Lands Recreation Enhancement Act (Title VIII, Pub. L. 108-447)

AGENCY: National Forests in North Carolina, USDA Forest Service.

ACTION: Notice of three proposed new recreation fee sites.

SUMMARY: Moss Knob Shooting Range, Nantahala National Forest, provides a range of target opportunities near Franklin, NC. Open year-round, this facility features six covered shooting stations. A permanent vault toilet, trash containers and an information board are on-site amenities. The Forest Service proposes to charge \$3 per person per day for shooters aged 16 and over. (Shooters under the age of 16 may shoot at no fee when accompanied by an adult.) An annual pass will be available for \$25 per person, and will allow use of two other shooting ranges in the Nantahala National Forest.

Wine Springs Horse Camp, Nantahala National Forest, is an equestrian campground. This campground features five single camp sites furnished with picnic tables, fire rings, lantern poles, a horse tethering area, a permanent vault toilet, and trailhead information board. Equestrians can access more than 15 miles of designated horse trails from this campground. The Forest Service proposes to charge \$8 per night for a single site.

Wolf Ford Campground is located within the Cradle of Forestry National Historic Site in Pisgah National Forest. New upgrades at this campground feature 14 single camp sites. Individual camp sites are defined, graveled, and furnished with picnic tables, fire rings and lantern poles. A portable toilet was installed in spring 2010 and a permanent vault toilet will be installed in late summer. The Forest Service proposes to charge \$8 for a single site.

The fees listed are only proposed and will be determined upon further analysis and public comments. All funds received from these fees will be used for continued operation and maintenance of each facility and allow additional amenities to be added to enhance the recreational experience. Comparable fees for similar facilities are currently charged, or proposed, elsewhere in National Forests in North Carolina.

DATES: Comments will be accepted through July 30, 2010. Implementation of fees is proposed to take place in calendar year 2011.

FOR FURTHER INFORMATION CONTACT:

Moss Knob Shooting Range and Wine Springs Horse Camp: Crystal Powell, Recreation Program Manager, 828-524-6441, Nantahala Ranger District, Nantahala National Forest, 90 Sloan Road, Franklin, NC 28734.

Wolf Ford Campground: Jeff Owenby, Recreation Program Manager, 828-877-3265, Pisgah Ranger District, Pisgah National Forest, 1001 Pisgah Highway, Pisgah Forest, NC 28768.

SUPPLEMENTARY INFORMATION: The Federal Recreation Lands Enhancement Act (Title VII, Pub. L. 108-447) directed the Secretary of Agriculture to publish advance notice in the **Federal Register** whenever new recreation fee areas are established.

Dated: May 28, 2010.

Candice Wyman,

Acting Public Affairs Officer, National Forests in North Carolina.

BILLING CODE M

COMMISSION ON CIVIL RIGHTS

Agenda and Notice of Public Meeting of the New Hampshire Advisory Committee

Notice is hereby given, pursuant to the provisions of the rules and regulations of the U.S. Commission on Civil Rights and the Federal Advisory Committee Act that a planning meeting of the New Hampshire Advisory Committee will convene at 10:30 a.m. on Tuesday, June 29, 2010 at Pierce Law School, 2 White Street, Faculty Lounge, Concord, NH 03301. The purpose of the meeting is to discuss the Committee's work on gender disparities in New Hampshire prisons.

Members of the public are entitled to submit written comments; the comments must be received in the regional office by July 29, 2010. Written comments may be mailed to the Eastern Regional Office, U.S. Commission on

Civil Rights, 624 Ninth Street, NW., Suite 740, Washington, DC 20425. They may be faxed to 202-376-7748, or e-mailed to ero@usccr.gov. Persons who desire additional information may contact the Eastern Regional Office at 202-376-7756.

Hearing-impaired persons who will attend the meeting and require the services of a sign language interpreter should contact the Eastern Regional Office at least ten (10) working days before the scheduled date of the meeting.

Records generated from this meeting may be inspected and reproduced at the Eastern Regional Office, as they become available, both before and after the meeting. Persons interested in the work of this advisory committee are directed to the Commission's Web site, <http://www.usccr.gov>, or may contact the Eastern Regional Office at the above e-mail or street address.

The meeting will be conducted pursuant to the rules and regulations of the Commission and FACA.

Dated in Washington, DC, June 9, 2010.

Peter Minarik,

Acting Chief, Regional Programs Coordination Unit.

DEPARTMENT OF COMMERCE

International Trade Administration

Beauty and Cosmetics Trade Mission to India

AGENCY: International Trade Administration, Department of Commerce

ACTION: Notice.

Mission Description

The United States Department of Commerce, International Trade Administration, U.S. and Foreign Commercial Service (CS) is organizing a Beauty and Cosmetics Trade Mission to India (New Delhi, Mumbai and Bangalore), November 15-19, 2010. Led by a Department of Commerce official, the mission will assist U.S. beauty and cosmetics companies to identify prospective representatives, distributors, partners, and end-users in the vibrant Indian market. The cosmetics/beauty industry is one of the booming retail sectors in India with very strong potential for new-to-market (NTM) U.S. companies. U.S. products are perceived to be very high quality in India and are in high demand. Mission participants will have a first-hand
