Foreign-Trade Zone 189—Kent/Ottawa/Muskegon Counties, MI, Notification of Proposed Production Activity, Southern Lithoplate, Inc., (Aluminum Printing Plates), Grand Rapids, Michigan

Southern Lithoplate, Inc. (SLP) submitted a notification of proposed production activity for their facility in Grand Rapids, Michigan. The notification conforming to the requirements of the regulations of the Board (15 CFR 400.22) was received on February 22, 2013.

The SLP facility is located within Site 10 of FTZ 189. The facility is used for the production of aluminum offset printing plates for the printing industry. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described

in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt SLP from customs duty payments on the foreign status components used in export production. On its domestic sales, SLP would be able to choose the duty rates during customs entry procedures that apply to aluminum printing plates (duty-free) for the foreign status inputs noted below. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

The components and materials sourced from abroad include: Acrylate monomers, unsensitized emulsions and surfactants for photographic purposes; acrylic polymers; and aluminum coils (duty rate ranges from duty-free to 6.5%).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is April 15, 2013.

Certain Steel Threaded Rod From the People's Republic of China: Notice of Court Decision Not in Harmony With Final Results of Administrative Review and Notice of Amended Final Results of Administrative Review

SUMMARY: On February 7, 2013, the United States Court of International Trade ("CIT") sustained the Department of Commerce's ("Department") results of redetermination, which granted a separate rate to Gem-Year Industrial Co., Ltd. ("Gem-Year"), in the 2008-2010 administrative review of the antidumping duty order on certain steel threaded rod ("steel threaded rod") from the People's Republic of China ("PRC"),¹ pursuant to the CIT's remand order in *Hubbell Power Systems, Inc. v. United States*, Court No. 11-00474, Slip Op. 12-123 (CIT 2012) ("*Hubbell*"). Consistent with the decision of the United States Court of Appeals for the Federal Circuit ("CAFC") in *Timken*,² as

clarified by *Diamond Sawblades*,³ the Department is notifying the public that the final judgment in this case is not in harmony with the Department's *Final Results* and is amending the *Final Results*.⁴

DATES: *Effective Date:* February 19, 2013.

FOR FURTHER INFORMATION CONTACT: Seth Isenberg, Office 9, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-0588.

SUPPLEMENTARY INFORMATION: On November 4, 2011, the Department issued its *Final Results*.⁵ In the *Final Results*, the Department rescinded the review with respect to Gem-Year, noting that it had no suspended entries during the period of review ("POR").⁶

In *Hubbell*, the CIT remanded the *Final Results* to the Department to reconsider its rescission of the review with respect to Gem-Year.⁷ The Department then issued a remand redetermination finding that, while Gem-Year had no suspended entries during the POR, it demonstrated its independence from the government of the PRC and was qualified to receive a separate rate.⁸ In its Redetermination, the Department assigned the separate rate of 55.16 percent to Gem-Year.⁹

On February 7, 2013, the CIT sustained the Department's Redetermination and entered final judgment accordingly.¹⁰

Timken Notice

In its decision in *Timken*, 893 F.2d at 341, as clarified by *Diamond Sawblades*, the CAFC held that, pursuant to section 516A(e) of the Tariff Act of 1930, as amended ("the Act"), the Department must publish a notice of a court decision that is not "in harmony" with a Department determination and must suspend liquidation of entries pending a "conclusive" court decision. the Department's Redetermination granting a separate rate to Gem-Year constitutes a final decision of that court that is not in harmony with the Department's *Final Results*. This notice is published in fulfillment of the publication requirements of *Timken*. Accordingly, the Department will continue the suspension of liquidation of the subject merchandise pending the expiration of the period of appeal, or if appealed, pending a final and conclusive court decision.

Amended Final Results

Because there is now a final court decision with respect to the *Final Results*, the Department is amending its *Final Results*. The Department finds the following revised margin to exist:

STEEL THREADED ROD FROM THE PRC

Exporter	Weighted-average margin (percent)
Gem-Year Industrial Co., Ltd. ..	55.16

For Gem-Year, the cash deposit rate will be the rate listed above and the Department will instruct U.S. Customs and Border Protection ("CBP") accordingly. If the CIT's ruling is not appealed or, if appealed, upheld by the CAFC, the Department will also instruct CBP to assess antidumping duties on entries of the subject merchandise exported by Gem-Year during the POR at the rate listed above.

This notice is issued and published in accordance with sections 516A(e)(1), 751(a)(1), and 777(i)(1) of the Act.

Dated: February 25, 2013.

Assistant Secretary for Import Administration.
