

Legends, requires a contractor or subcontractor to submit a use and non-disclosure agreement when it obtains data from the Government to which the Government has only limited rights.

The provision at DFARS 252.227-7028, Technical Data or Computer Software Previously Delivered to the Government, requires an offeror to identify any technical data or computer software that it previously delivered, or will deliver, under any Government contract. DoD needs this information to avoid paying for rights in technical data or computer software that the Government already owns.

In accordance with 10 U.S.C. 2320(b)(7), a contractor that delivers or makes technical data available to the Government must furnish written assurance that the technical data is complete and accurate and satisfies contract requirements. The clause at DFARS 252.227-7036, Declaration of Technical Data Conformity, implements this requirement.
