

vessels shall depart immediately upon the setting of Port Condition YANKEE. During this condition, slow-moving vessels may be ordered to depart to ensure safe avoidance of the incoming storm. Vessels that are unable to depart the port must contact the COTP to receive permission to remain in port. Vessels with COTP's permission to remain in port must implement their pre-approved mooring arrangement. The COTP may require additional precautions to ensure the safety of the ports and waterways. The COTP may modify the geographic boundaries of the regulated area and actions to be taken under Port Condition X-RAY based on the trajectory and forecasted storm conditions.

(3) *Port Condition YANKEE*. Affected ports are closed to all inbound vessel traffic. All oceangoing tank barges and their supporting tugs and all self-propelled oceangoing vessels over 500 GT must have departed the regulated area. The COTP may require additional precautions to ensure the safety of the ports and waterways. The COTP may modify the geographic boundaries of the regulated area and actions to be taken under Port Condition YANKEE based on the trajectory and forecasted storm conditions.

(4) *Port Condition ZULU*. Cargo operations are suspended, except final preparations that are expressly permitted by the COTP as necessary to ensure the safety of the ports and facilities. Other than vessels designated by the COTP, no vessels may enter, transit, move, or anchor within the regulated area. The COTP may modify the geographic boundaries of the regulated area and actions to be taken under Port Condition ZULU based on the trajectory and forecasted storm conditions.

(5) *Port Condition RECOVERY*. Designated areas are closed to all vessels. Based on assessments of channel conditions, navigability concerns, and hazards to navigation, the COTP may permit vessel movements with restrictions. Restrictions may include, but are not limited to, preventing, or delaying vessel movements, imposing draft, speed, size, horsepower or daylight restrictions, or directing the use of specific routes. Vessels permitted to transit the regulated area shall comply with the lawful orders or directions given by the COTP or representative.

(6) *Regulated Area Notice*. The Coast Guard will provide notice of where, within the regulated area, a declared Port Condition is to be in effect via Broadcast Notice to Mariners, Marine

Safety Information Bulletins, or by on-scene representatives.

(7) *Exception*. This regulation does not apply to authorized law enforcement agencies operating within the regulated area.

Dated: September 8, 2023.

J.A. Stockwell,

Captain, U.S. Coast Guard, Captain of the Port, Sector Virginia.

POSTAL REGULATORY COMMISSION

39 CFR Part 3050

[Docket No. RM2023–10; Order No. 6673]

Periodic Reporting

AGENCY: Postal Regulatory Commission.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Commission is acknowledging a recent filing requesting the Commission initiate a rulemaking proceeding to consider changes to analytical principles relating to periodic reports (Proposal Five). This document informs the public of the filing, invites public comment, and takes other administrative steps.

DATES: *Comments are due:* October 10, 2023.

ADDRESSES: Submit comments electronically via the Commission's Filing Online system at <https://www.prc.gov>. Those who cannot submit comments electronically should contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section by telephone for advice on filing alternatives.

FOR FURTHER INFORMATION CONTACT: David A. Trissell, General Counsel, at 202–789–6820.

I. Introduction

On September 5, 2023, the Postal Service filed a petition pursuant to 39 CFR 3050.11 requesting that the Commission initiate a rulemaking proceeding to consider changes to analytical principles relating to periodic reports.¹ The Petition identifies the

¹ Petition of the United States Postal Service for the Initiation of a Proceeding to Consider Proposed Changes in Analytical Principles (Proposal Five), September 5, 2023 (Petition). The Postal Service

proposed analytical changes filed in this docket as Proposal Five.

II. Proposal Five

Background. Proposal Five relates to modifications to the Parcel Select (PS)/Parcel Return Service (PRS) mail processing and transportation cost models. Petition, Proposal Five at 1. The cost models were last presented in Docket No. ACR2022, Library References USPS–FY22–NP15 and USPS–FY22–NP16, respectively. *Id.* The proposed modifications to the mail processing and transportation cost models underlie recent operational and price structure changes. *Id.*

Previously, USPS Retail Ground (RG), First-Class Package Service (FCPS), and Parcel Select were listed as separate Competitive products within the Mail Classification Schedule (MCS) with Parcel Select Ground (PSG) as a price category within the PS product. *Id.* In order to improve service standards for RG and PSG, the Postal Service implemented operational changes to process and transport RG and PSG mail along with FCPS mail in the contiguous United States beginning FY 2022, Quarter 4.²

In addition, classification changes were made to the products on the MCS by removing RG from the Competitive product list, removing PSG as a price category from PS, and expanding the FCPS price structure to include mailpieces weighing up to 70 pounds thus subsuming the RG and PSG price categories under FCPS.³

In Docket Nos. CP2023–113 and CP2023–114, the Commission approved additional proposed classification changes to rename FCPS to USPS Ground Advantage and several changes to the PS price structure including: (1) eliminating the distinction of machinable and nonmachinable prices for Parcel Select Heavy Weight (PSHW), (2) establishing a Destination Hub (DHUB) price category for PSHW, (3) establishing a DHUB price category for Parcel Select Lightweight (PSLW), and

filed a notice of filing of non-public materials relating to Proposal Five. Notice of Filing of USPS–RM2023–10–NP1 and Application for Nonpublic Treatment, September 5, 2023.

² *Id.*; see Docket No. N2022–1, United States Postal Service's Request for an Advisory Opinion on Changes in the Nature of Postal Services, March 21, 2022, at 3.

³ Petition, Proposal Five at 1–2; see Docket Nos. MC2022–81 and MC2022–82, Order Removing USPS Retail Ground from the Competitive Product List and Approving Competitive Classification Changes to First-Class Package Service and Parcel Select, October 28, 2022, at 1–2 (Order No. 6318).

(4) revising the PSLW price structure that focused on destination entry only.⁴

Proposal. The Postal Service proposes that the PS/PRS mail processing and transportation cost models be modified to accommodate both the previous price structure and the new price structure. Petition, Proposal Five at 2–3. The Postal Service confirms that both price structures were in place for portions of FY 2023. *Id.* at 3.

Rationale and impact. The Postal Service provided a modified mail processing cost model in the Excel file “USPS–FY22–NP15.PROP.FIVE.xls” and a modified transportation cost model in the Excel file “USPS–FY22–NP16.PROP.FIVE.xls” under seal in Library Reference USPS–RM2023–10–NP1. *Id.* at 3, 11.

The Postal Service states that the Docket No. ACR2022 Cost and Revenue Analysis (CRA) proportional adjustment factor is incorporated in the model as a value so that the factor does not recalculate based on proposed FY 2023 modifications and the CRA proportional adjustment factor will be calculated as usual when the Docket No. ACR2023 cost model input data become available. *Id.* at 3.

The Postal Service has incorporated DHUB cost estimates for machinable, nonmachinable, oversize PSHW, and PSLW mailpieces into the summary worksheet of the modified mail processing cost model. *Id.* The new price structure consists of four destination entry levels: destination network distribution center, destination sectional center facility, DHUB, and destination delivery unit (DDU). *Id.* at 4. There are numerous other changes to other pages in the workbook described. *Id.* at 4–11.

The Postal Service states that the transportation cost model has been expanded to include both DHUB and DDU transportation cost estimates. *Id.* However, since there is no DHUB data currently available the Postal Service used intermediate and long distance PSLW DDU costs as proxies for PSLW DHUB costs. *Id.* The Postal Service states that the current methodology used to develop the DHUB cost estimates in the transportation cost model is a temporary solution. *Id.* at 13. The Postal Service assures that the cost model will be modified so that the DHUB transportation costs will be estimated using the same methodology as other price categories once DHUB volume and cubic feet data become available. *Id.*

Finally, the Postal Service has provided the mail processing unit cost estimates and the transportation cost estimate impacts under seal in an Excel file in Library Reference USPS–RM2023–10–NP1. *Id.* The Postal Service asserts that adoption of the proposed cost models would have no impact on the FY 2022 CRA-level costs. *Id.*

III. Notice and Comment

The Commission establishes Docket No. RM2023–10 for consideration of matters raised by the Petition. More information on the Petition may be accessed via the Commission’s website at <https://www.prc.gov>. Interested persons may submit comments on the Petition and Proposal Five no later than October 10, 2023. Pursuant to 39 U.S.C. 505, Philip T. Abraham is designated as an officer of the Commission (Public Representative) to represent the interests of the general public in this proceeding.

IV. Ordering Paragraphs

It is ordered:

1. The Commission establishes Docket No. RM2023–10 for consideration of the matters raised by the Petition of the United States Postal Service for the Initiation of a Proceeding to Consider Proposed Changes in Analytical Principles (Proposal Five), filed September 5, 2023.

2. Comments by interested persons in this proceeding are due no later than October 10, 2023.

3. Pursuant to 39 U.S.C. 505, the Commission appoints Philip T. Abraham to serve as an officer of the Commission (Public Representative) to represent the interests of the general public in this docket.

4. The Secretary shall arrange for publication of this order in the **Federal Register**.

By the Commission.

Erica A. Barker,
Secretary.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Parts 2 and 51

[EPA–HQ–OAR–2004–0489; FRL–8604–03–OAR]

Revisions to the Air Emissions Reporting Requirements

AGENCY: Environmental Protection Agency (EPA).

ACTION: Reopening of information collection request (ICR 2170.09) comment period.

SUMMARY: The Environmental Protection Agency (EPA) is reopening the comment period for the Information Collection Request (ICR) number 2170.09, for the proposed Air Emissions Reporting Requirements (AERR), published in the **Federal Register** on August 9, 2023. The EPA is reopening the comment period on this ICR to October 18, 2023.

DATES: The comment period for the ICR published on August 9, 2023 at 88 FR 54118 is reopened. Comments must be received on or before October 18, 2023.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–HQ–OAR–2004–0489, by one of the following methods:

- **www.regulations.gov:** Follow the online instructions for submitting comments.

- **Email:** a-and-r-docket@epa.gov. Fax: (202) 566–9744.

- **Mail:** Air Emissions Reporting Requirements Rule, Docket No. EPA–HQ–OAR–2004–0489, Environmental Protection Agency, Mailcode: 2822T, 1200 Pennsylvania Ave. NW, Washington, DC 20460. Please include two copies.

- **Hand Delivery:** Docket No. EPA–HQ–OAR–2004–0489, EPA Docket Center, Public Reading Room, EPA West, Room 3334, 1301 Constitution Ave. NW, Washington, DC 20460. Such deliveries are only accepted during the Docket’s normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: All submissions received must include the Docket ID No. for this rulemaking. Comments received may be posted without change to <https://www.regulations.gov/>, including any personal information provided.

FOR FURTHER INFORMATION CONTACT: Mr. Marc Houyoux, Office of Air Quality Planning and Standards, Air Quality Assessment Division, Emission Inventory and Analysis Group (C339–02), U.S. Environmental Protection Agency, Research Triangle Park, NC 27711; telephone number: (919) 541–3649; email: NEI_Help@epa.gov (and include “AERR” on the subject line).

SUPPLEMENTARY INFORMATION: On Wednesday August 9, 2023, the EPA published proposed revisions to the Air Emissions Reporting Requirements along with the associated ICR in the **Federal Register**. The comment period for the AERR ICR was for 30 days, ending on September 8, 2023. The EPA

⁴ Docket Nos. CP2023–113 and CP2023–114, Order Concerning Changes in Rates of General Applicability and Classifications for First-Class Package Service and Parcel Select, June 7, 2023, at 1 (Order No. 6536).
