

Turkey is the most important process involved in producing the finished product. Therefore, we find in accordance with 19 CFR § 102.21(c)(4), the country of origin of the surgical face mask with a protective eye-shield for purposes of government procurement is Turkey.

HOLDING:

Based on the facts and analysis set forth above, the finished surgical face mask with a protective eye-shield is a product of Turkey for the purpose of government procurement.

Notice of this final determination will be given in the Federal Register, as required by 19 CFR § 177.29. Any party-at-interest other than the party which requested the final determination may request, pursuant to 19 CFR § 177.31, that CBP reexamine the matter anew and issue a new final determination. Any party-at-interest may, within 30 days after publication of the Federal Register notice referenced above, seek judicial review of this final determination before the Court of International Trade.

Sincerely,

Sandra L. Bell,
Executive Director, Office of Regulations and
Rulings, Office of International Trade.

BILLING CODE 9111-14-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-5477-N-41a]

Federal Property Suitable as Facilities to Assist the Homeless

AGENCY: Office of the Assistant
Secretary for Community Planning and
Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies
unutilized, underutilized, excess, and
surplus Federal property reviewed by
HUD for suitability for possible use to
assist the homeless.

FOR FURTHER INFORMATION CONTACT:
Juanita Perry, Department of Housing
and Urban Development, 451 Seventh
Street, SW., Room 7262, Washington,
DC 20410; telephone (202) 708-1234;
TTY number for the hearing- and
speech-impaired (202) 708-2565, (these
telephone numbers are not toll-free), or
call the toll-free Title V information line
at 800-927-7588.

SUPPLEMENTARY INFORMATION: In
accordance with the December 12, 1988
court order in *National Coalition for the
Homeless v. Veterans Administration*,
No. 88-2503-OG (D.D.C.), HUD
publishes a Notice, on a weekly basis,
identifying unutilized, underutilized,
excess and surplus Federal buildings
and real property that HUD has
reviewed for suitability for use to assist
the homeless. Today's Notice is for the

purpose of announcing that no
additional properties have been
determined suitable or unsuitable this
week.

Dated: October 6, 2011.

Mark R. Johnston,

Deputy Assistant Secretary for Special Needs.

BILLING CODE 4210-67-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[FWS-R3-ES-2011-N202; 30120-1112-
0000-F6]

Endangered and Threatened Wildlife and Plants; Incidental Take Permit Application; Proposed Low-Effect Habitat Conservation Plan and Associated Documents; Duke Energy Corp., Gibson County, IN

AGENCY: Fish and Wildlife Service,
Interior.

ACTION: Notice of availability; request
for comments.

SUMMARY: We, the U.S. Fish and
Wildlife Service, invite the public to
comment on the following application
to conduct certain activities with
endangered species. With some
exceptions, the Endangered Species Act
(Act) prohibits activities with
endangered and threatened species
unless a Federal permit allows such
activity. The Act requires that we invite
public comment before issuing these
permits.

DATES: We must receive any written
comments on or before November 14,
2011.

ADDRESSES: Send written comments by
U.S. Mail to the Regional Director, Attn:
Lisa Mandell, U.S. Fish and Wildlife
Service, Ecological Services, 5600
American Blvd., West, Suite 990,
Bloomington, MN 55437-1458; or by
electronic mail to permitsR3ES@fws.gov.

FOR FURTHER INFORMATION CONTACT: Lisa
Mandell, (612) 713-5343.

SUPPLEMENTARY INFORMATION: We invite
public comment on the following permit
application for certain activities with
endangered species authorized by
section 10(a)(2)(A) of the Act (16 U.S.C.
1531 *et seq.*) and our regulations
governing the taking of endangered
species in the Code of Federal
Regulations (CFR) at 50 CFR 17. Submit
your written data, comments, or request
for a copy of the complete application
and Habitat Conservation Plan (HCP) to
the address shown in **ADDRESSES**.

Background

In 1986, a single pair of endangered
Interior least terns (*Sterna antillarum*)
nested at Cinergy Corporation's
(Cinergy) Gibson Generating Station in
Gibson County, Indiana. Since that time,
the least tern colony at the facility has
grown. During the 1990s, Cinergy
worked cooperatively with the Indiana
Department of Natural Resources (IDNR)
and the Service to maintain favorable
conditions for successful tern
production at the Gibson Generating
Station. Between 1986 and 1999, the
most terns recorded in a single year
(1998) included an estimated 85 adult
terns, 63 nests, and 72 fledged young.

In the late 1990s, Cinergy worked
cooperatively with the IDNR and the
Service to develop a Habitat
Conservation Plan (HCP) regarding
continued operation of the facility, and,
in late 1999, the Service issued an
Incidental Take Permit (ITP) to Cinergy.
In 2005, the ITP was renewed.
Management of the facility under the
HCP has promoted the continued
growth of the tern colony. In 2010, an
estimated 150 adults, 110 nests, and 165
fledged young were recorded. In
addition to the growth in numbers, the
tern colony has expanded to areas
beyond the original location along a
splitter dike adjacent to a cooling pond.
Nesting has now been documented on
the splitter dike, adjacent to ash ponds,
a coal combustion waste landfill,
construction areas and station access
roads. The expansion of the tern nesting
area presents management challenges
for the generating station and associated
facilities.

Current Proposal

Duke Power Company purchased and
merged with Cinergy Corp. to form Duke
Energy Corporation (Duke) in 2006.
Duke has continued to operate the
facility in accordance with the HCP and
the ITP. Duke has applied to the Service
for renewal of its ITP number TE016724.
An updated HCP accompanies this
renewal application. The HCP describes
management activities in and around
the Gibson Generating Station,
including water management, predator
control, and minimization of human
disturbance due to recreational use.

Proactive management over the past
25 years has resulted in an increase in
the Interior least tern population nesting
at Gibson Generating Station and
surrounding areas. However, no
incidental take of least terns has
occurred during that time. Actions that
may result in take include human
disturbance during management and
operations, including foot traffic,
