BILLING CODE 1301-00-D

FEDERAL COMMUNICATIONS COMMISSION**47 CFR Part 90**

[PS Docket No. 15-199; FCC 16-113]

Railroad Police Officers To Access Public Safety Interoperability and Mutual Aid Channels

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: In this document, the Federal Communications Commission (Commission) provides railroad police officers access to the public safety

interoperability channels. In this document, we amend our rules to permit railroad police officers to use public safety interoperability channels to communicate with public safety entities already authorized to use those channels. Specifically, we permit railroad police officers empowered to carry out law enforcement functions to use public safety interoperability channels in the VHF (150-174 MHz, and 220-222 MHz, UHF (450-470 MHz), 700 MHz narrowband (769-775/799-805 MHz) and 800 MHz National Public Safety Planning Advisory Committee (NPSPAC) bands (806-809/851-854 MHz). Allowing railroad police officers to use these channels will promote interoperability, facilitate improved emergency response in railroad-related emergencies, and streamline access to these channels for emergency public safety communications.

DATES: Effective October 28, 2016, except for section 90.20(a)(2)(xiv) which contain new or modified information collection requirements that require approval by the Office of Management and Budget under the Paperwork Reduction Act of 1995. The Federal Communications Commission will publish a document in the **Federal Register** announcing such approval and effective date.

FOR FURTHER INFORMATION CONTACT: John Evanoff, Policy and Licensing Division, Public Safety and Homeland Security Bureau, (202) 418-0848 or john.evanoff@fcc.gov.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Report and Order in PS Docket No. 15-199, FCC 16-113, released on August 23, 2016. The document is available for download at http://fjallfoss.fcc.gov/edocs_public/. The complete text of this document is also available for inspection and copying during normal business hours in the FCC Reference

Information Center, Portals II, 445 12th Street SW., Room CY-A257, Washington, DC 20554. To request materials in accessible formats for people with disabilities (Braille, large print, electronic files, audio format), send an email to FCC504@fcc.gov or call the Consumer & Governmental Affairs Bureau at 202-418-0530 (voice), 202-418-0432 (TTY).

In the Report and Order we amend the Commission's rules to permit railroad police officers to use public safety interoperability channels to communicate with public safety entities already authorized to use those channels. Specifically, we permit railroad police officers empowered to carry out law enforcement functions to use public safety interoperability channels in the VHF (150-174 MHz, and 220-222 MHz, UHF (450-470 MHz), 700 MHz narrowband (769-775/799-805 MHz) and 800 MHz National Public Safety Planning Advisory Committee (NPSPAC) bands (806-809/851-854 MHz). Allowing railroad police officers to use these channels will promote interoperability, facilitate improved emergency response in railroad-related emergencies, and streamline access to these channels for emergency public safety communications.

Procedural Matters*A. Final Regulatory Flexibility Analysis*

As required by the Regulatory Flexibility Act of 1980, as amended (RFA) the Commission prepared this Final Regulatory Flexibility Analysis (FRFA) of the possible significant economic impact on a substantial number of small entities by the policies and rules adopted in this Report and Order. The Commission will send a copy of the Report and Order, including this FRFA, to the Chief Counsel for Advocacy of the Small Business Administration (SBA). In addition, the
