EPA identifies sites that appear to
present a significant risk to public
health, welfare, or the environment and
it maintains the NPL as the list of those
sites. Deletion of a site from the NPL
does not affect responsible party
liability or impede agency efforts to
recover costs associated with response
efforts. Section 300.425(e)(3) of the NCP
states that whenever there is a
significant release from a site deleted
from the NPL, the site shall be restored
to the NPL without application of the
Hazard Ranking System.
