

their proposed operation not less than 30 days prior to the submission of their application. These applicants must notify wireless licensees of the 700 MHz bands comprising the same TV channel and the adjacent channel within whose licensed geographic boundaries the digital LPTV or TV translator station is proposed to be located, and they must also notify licensees of co-channel and adjacent channel spectrum whose service boundaries lie within 75 miles and 50 miles, respectively, of their proposed station location.

47 CFR Section 74.786(e) allows assignment of UHF channels 60 to 69 to digital LPTV or TV translator stations for use as a digital conversion channel provided that stations proposing use of these channels notify all potentially affected 700 MHz wireless licensees of their proposed operation not later than 30 days prior to the submission of their application.

47 CFR Section 74.786(e) further provides that digital LPTV and TV translator stations proposing use of UHF channel 63, 64, 68, and 69 (public safety frequencies) as a digital conversion channel must secure a coordinated spectrum use agreement with the pertinent 700 MHz public safety regional planning committee and state administrator prior to the submission of their application.

47 CFR Section 74.786(e) Digital LPTV and TV translator stations proposing use of channels 62, 65, and 67 must notify the pertinent regional planning committee and state administrator of their proposed operation not later than 30 days prior to submission of their application.

47 CFR Section 74.787(a)(2)(iii) provides that mutually exclusive LPTV and TV translator applicants for companion digital stations will be afforded an opportunity to submit in writing to the Commission, settlements and engineering solutions to resolve their situation.

47 CFR Section 74.787(a)(3) provides that mutually exclusive applicants applying for construction permits for new digital stations and for major changes to existing stations in the LPTV service will similarly be allowed to *submit* in writing to the Commission, settlements and engineering solutions to rectify the problem.

47 CFR Section 74.787(a)(4) provides that mutually exclusive displacement relief applicants filing applications for digital LPTV and TV translator stations may be resolved by submitting settlements and engineering solutions in writing to the Commission.

47 CFR Section 74.790(f) permits digital TV translator stations to originate

emergency warnings over the air deemed necessary to protect and safeguard life and property, and to originate local public service announcements (PSAs) or messages seeking or acknowledging financial support necessary for its continued operation. These announcements or messages shall not exceed 30 seconds each, and be broadcast no more than once per hour.

47 CFR Section 74.790(e) requires that a digital TV translator station shall not retransmit the programs and signal of any TV broadcast or DTV broadcast station(s) without prior written consent of such station(s). A digital TV translator operator electing to multiplex signals must negotiate arrangements and obtain written consent of involved DTV station licensee(s).

47 CFR Section 74.790(g) requires a digital LPTV station who transmits the programming of a TV broadcast or DTV broadcast station received prior written consent of the station whose signal is being transmitted.

47 CFR Section 74.794 mandates that digital LPTV and TV translator stations operating on TV channels 22–24, 32–36, 38, and 65–69 with a digital transmitter not specifically FCC-certificated for the channel purchase and utilize a low pass filter or equivalent device rated by its manufacturer to have an attenuation of at least 85 dB in the GPS band. The licensees must retain with their station license a description of the low pass filter or equivalent device with the manufacturer's rating or a report of measurements by a qualified individual.

47 CFR Section 74.796(b)(5) requires digital LPTV or TV translator station licensees that modify their existing transmitter by use of a manufacturer-provided modification kit would need to purchase the kit and must notify the Commission upon completion of the transmitter modifications. In addition, a digital LPTV or TV translator station licensees that modify their existing transmitter and do not use a manufacturer-provided modification kit, but instead perform custom modification (those not related to installation of manufacturer-supplied and FCC-certified equipment) must notify the Commission upon completion of the transmitter modifications and shall certify compliance with all applicable transmission system requirements.

47 CFR Section 74.796(b)(6) provides that operators who modify their existing transmitter by use of a manufacturer-provided modification kit must maintain with the station's records for a period of not less than two years, and will make available to the Commission

upon request, a description of the nature of the modifications, installation and test instructions, and other material provided by the manufacturer, the results of performance-tests and measurements on the modified transmitter, and copies of related correspondence with the Commission. In addition, digital LPTV and TV translator operators who custom modify their transmitter must maintain with the station's records for a period of not less than two years, and will make available to the Commission upon request, a description of the modifications performed and performance tests, the results of performance-tests and measurements on the modified transmitter, and copies of related correspondence with the Commission.

In situations where protection of an existing analog LPTV or translator station without a frequency offset prevents acceptance of a proposed new or modified LPTV, TV translator, or Class A station, the Commission requires that the existing non-offset station install at its expense offset equipment and notify the Commission that it has done so, or, alternatively, negotiate an interference agreement with the new station and notify the Commission of that agreement.

The Commission requires that wireless licensees operating on channels 52–59 and 60–69 notify (by certified mail, return receipt requested) a digital LPTV or TV translator licensee operating on the same channel or first adjacent channel of its intention to initiate or change wireless operations and the likelihood of interference from the LPTV or translator station within its licensed geographic service area. This notification should describe the facilities, associated service area, and operation of the wireless licensee with sufficient detail to permit an evaluation of the likelihood of interference.

In addition, the Enforcement Bureau hereby notifies you that we are commencing debarment proceedings against you.²

The Commission adopted debarment rules for the schools and libraries universal service support mechanism in 2003. See *Schools and Libraries Universal Service Support Mechanism*, Second Report and Order and Further Notice of Proposed Rulemaking, 18 FCC Rcd 9202 (2003) ("Second Report and Order") (adopting section 54.521 to suspend and debar parties from the E-rate program). similar acts through activities associated with or related to the schools and libraries support mechanism" from receiving the benefits associated with that program.³ You pled guilty to bid rigging in connection with your participation in the Ceria Travis Academy E-Rate project (the "Project").⁴ Specifically, you admitted that, as former vice president of sales for NEC Business Networks, Inc. ("NEC-BNS"), you entered into and engaged in a conspiracy with NEC-BNS and other co-conspirators to suppress and eliminate competition by submitting non-competitive bids for the Project and taking steps to ensure that the Project was awarded to NEC-BNS and co-conspirators.⁵

Pursuant to section 54.8(a)(4) of the Commission's rules,⁶ your conviction requires the Bureau to suspend you from participating in any activities associated with or related to the schools and libraries fund mechanism, including the receipt of funds or discounted services through the schools and libraries fund mechanism, or consulting with, assisting, or advising applicants or service providers regarding the schools and libraries support mechanism.⁷ Your suspension becomes effective upon the earlier of your receipt of this letter or publication of notice in the **Federal Register**.⁸

Suspension is immediate pending the Bureau's final debarment determination. In accordance with the Commission's debarment rules, you may contest this suspension or the scope of this suspension by filing arguments in opposition to the suspension, with any relevant documentation. Your request must be received within 30 days after you receive this letter or after notice is published in the **Federal Register**, whichever comes first.⁹ Such requests, however, will not ordinarily be granted.¹⁰ The Bureau may reverse or limit the scope of suspension only upon a finding of extraordinary circumstances.¹¹ Absent extraordinary circumstances, the

II. Initiation of Debarment Proceedings

Your guilty plea and conviction of criminal conduct in connection with the E-Rate program, in addition to serving as a basis for immediate suspension from the program, also serves as a basis for the initiation of debarment proceedings against you. Your conviction falls within the categories of causes for debarment defined in section 54.8(c) of the Commission's rules.¹³ Therefore, pursuant to section 54.8(a)(4) of the Commission's rules, your conviction requires the Bureau to commence debarment proceedings against you.

As with your suspension, you may contest debarment or the scope of the proposed debarment by filing arguments and any relevant documentation within 30 calendar days of the earlier of the receipt of this letter or of publication in the **Federal Register**.¹⁴ Absent extraordinary circumstances, the Bureau will debar you.¹⁵ Within 90 days of receipt of any opposition to your suspension and proposed debarment, the Bureau, in the absence of extraordinary circumstances, will provide you with notice of its decision to debar.¹⁶ If the Bureau decides to debar you, its decision will become effective upon the earlier of your receipt of a debarment notice or publication of the decision in the **Federal Register**.¹⁷

If and when your debarment becomes effective, you will be prohibited from participating in activities associated with or related to the schools and libraries support mechanism for three years from the date of debarment.¹⁸ The Bureau may, if necessary to protect the public interest, extend the debarment period.¹⁹
