

vehicle department disability sticker, license plate or hand tag is not acceptable documentation;

Information available to the general public through agency Web sites and publication will inform potential Pass applicants of the documentation requirements. However, there are instances where applicants learn about the Pass when arriving at a recreation site and do not have the required documentation available. For those instances, a fourth option is made available at recreation sites. If a person claims eligibility for the Access Pass but cannot produce any of the documentation outlined, that person must read, sign, and date the Statement of Disability Form in the presence of the officer issuing the Pass. If the applicant cannot read and/or sign, someone else may read, date, and sign the statement on his/her behalf in the applicant's presence, and the presence of the officer issuing the Pass. The Interagency Access Pass replaces the Golden Access Passport that was established in 1980 by an amendment to the Land and Water Conservation Fund Act (L&WCFA) of 1965. Previously issued Golden Access Passports will remain valid for the lifetime of the Passport holder. The requested information and Statement of Disability have been collected and used since the creation of the Golden Access Passport in 1980 to verify that the individual had been medically determined to have a permanent disability for the issuance of the Golden Access Passport under OMB control number 0596-0173, under the authority of the L&WCFA.

Comments are invited on: (1) The practical utility of the information being gathered; (2) the accuracy of the burden hour estimate; (3) ways to enhance the quality, utility, and clarity of the information to be collected; (4) ways to minimize the burden to respondents, including use of automated information collection techniques or other forms of information technology. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comments to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. Anonymous comments will not be accepted.

All responses to this notice will be summarized and included in the request for the Office of Management and

Budget (OMB) approval. All comments will become a matter of public record.

Description of respondents: United States citizens or persons domiciled in the United States who have been medically determined to be permanently disabled for the purposes of Section 7(20)(B)(i) of the Rehabilitation Act of 1973 (29 U.S.C. 705 (20)(B)(i)).

BILLING CODE 4312-53-M

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 731-TA-1111-1113 (Preliminary)]

Glycine From India, Japan, and Korea

Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission (Commission) determines, pursuant to section 733(a) of the Tariff Act of 1930 (19 U.S.C. 1673b(a)) (the Act), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports from India, Japan, and Korea of glycine, provided for in statistical reporting number 2922.49.4020 of the Harmonized Tariff Schedule of the United States (HTS),² that are alleged to be sold in the United States at less than fair value (LTFV).

Commencement of Final Phase Investigations

Pursuant to section 207.18 of the Commission's rules, the Commission also gives notice of the commencement of the final phase of its investigations. The Commission will issue a final phase notice of scheduling, which will be published in the **Federal Register** as provided in section 207.21 of the Commission's rules, upon notice from the Department of Commerce (Commerce) of an affirmative preliminary determination in the investigations under section 733(b) of the Act, or, if the preliminary determination is negative, upon notice of an affirmative final determination in those investigations under section 735(a) of the Act. Parties that filed entries of appearance in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The

¹ The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

² The imported products subject to investigation also include sodium glycinate which is provided for in subheading 2922.49.80 of the HTS.

Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

Background

On March 30, 2007, a petition was filed with the Commission and Commerce by GEO Specialty Chemicals, Inc., Lafayette, IN, alleging that an industry in the United States is materially injured by reason of LTFV imports of glycine from India, Japan, and Korea. Accordingly, effective March 30, 2007, the Commission instituted antidumping duty investigation Nos. 731-TA-1111-1113 (Preliminary).

Notice of the institution of the Commission's investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of April 9, 2007 (72 FR 17580). The conference was held in Washington, DC, on April 20, 2007, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determinations in these investigations to the Secretary of Commerce on May 14, 2007. The views of the Commission are contained in USITC Publication 3921 (May 2007), entitled *Glycine from India, Japan, and Korea: Investigation Nos. 731-TA-1111-1113 (Preliminary)*.

Issued: May 21, 2007.

By order of the Commission.

Marilyn R. Abbott,

Secretary to the Commission.

SUPPLEMENTARY INFORMATION:

I. Background

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent (i.e., employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and OSHA's estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (the OSH Act) (29 U.S.C. 651 et seq.) authorizes information collection by employers as necessary or appropriate for enforcement of the OSH Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657). Section 21 of the OSH Act (29 U.S.C. 670) authorizes OSHA to conduct education and training courses. These courses must ensure an adequate number of qualified personnel to fulfill the purposes of the OSH Act, provide them with short-term training, inform them of the importance and proper use of safety and health equipment, and train employers and employees to recognize, avoid, and prevent unsafe and unhealthful working conditions.

Under Section 21 of the OSH Act, the OSHA Training Institute (the "Institute") provides basic, intermediate, and advanced training and education in occupational safety and health for Federal and State compliance officers, Agency professionals and technical support personnel, employers, employees, organizations representing employees and employers, educators who develop curricula and teach occupational safety and health courses, and representatives of professional safety and health groups. The Institute provides courses on occupational safety and health at its national training facility in Arlington Heights, Illinois.

Students attending Institute courses complete the one-page Student Data Form (OSHA Form 182, 8/04 edition) on the first day of class. The form collects information under five major categories titled "Course Information," "Personal Data," "Employer Data," "Emergency Contacts," and "Student Groups." The OSHA Office of Training and Education (the "Office") compiles, for each fiscal year, the following information from the "Course Information" and "Student Groups" categories: Total student
