Proposed Project: The National Health Service Corps (NHSC) and Native Hawaiian Health (NHH) Scholarship Programs Data Collection Worksheets (OMB No. 0915-0226)—Extension.

Under the NHSC and NHH Scholarship Programs, allopathic physicians, osteopathic physicians,

dentists, nurse practitioners, nurse midwives, physician assistants, and, if needed by the NHSC or NHH program, students of other health professions are offered the opportunity to enter into a contractual agreement with the Secretary under which the Public Health Service agrees to pay the total school tuition, required fees, other reasonable costs (ORC) and a stipend for living expenses. In exchange, the scholarship recipients agree to provide full-time services to medically needy communities.

In order to accurately determine the amount of scholarship support that students will need during their academic training, the Bureau of Health Professions must contact each scholar's school for an estimate of tuition, fees, and ORC. The Data Collection Worksheet collects these itemized costs for both resident and nonresident students.

Estimated burden hours:
