The BLM proposes a non-competitive direct sale because it serves an important local public objective of facilitating the settlement agreement for the inadvertent trespass. The public land will not be offered for sale prior to 45 days from the date of publication of this notice in the **Federal Register**. The patent, if issued, would be subject to the following terms, conditions, and reservations:

1. A reservation for any right-of-way thereon for ditches or canals constructed by the authority of the United States, Act of August 30, 1890.

2. The parcel is subject to all valid existing rights.

3. The purchaser, by accepting the patent, agrees to an indemnification clause protecting the United States from claims arising out of the patentee's use, occupancy, or occupations on the patented lands.

The BLM prepared a mineral potential report dated October 30, 2020, which concluded there are no known mineral values in the land. The mineral estate should be transferred simultaneously with the surface under the authority of Section 209 of FLPMA.

The BLM New Mexico State Director or other authorized official of the Department of the Interior will review adverse comments regarding the parcel and may sustain, vacate, or modify this realty action, in-whole or in-part. In the absence of timely objections, this realty action will become the final determination of the Department of the Interior.

In addition to publication in the **Federal Register**, the BLM will also publish this notice in the New Mexican, once a week, for 3 consecutive weeks.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. Only written comments to the Field Manager, BLM Taos Field Office, will be considered properly filed.

(Authority: 43 CFR 2711.1–2(a) and (c).)

Steven R. Wells,

Associate State Director.

National Register of Historic Places; Notification of Pending Nominations and Related Actions

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: The National Park Service is soliciting electronic comments on the significance of properties nominated before September 17, 2022, for listing or related actions in the National Register of Historic Places.

DATES: Comments should be submitted electronically by October 17, 2022.

ADDRESSES: Comments are encouraged to be submitted electronically to *National_Register_Submissions@nps.gov* with the subject line “Public Comment on <property or proposed district name, (County) State>.” If you have no access to email you may send them via U.S. Postal Service and all other carriers to the National Register of Historic Places, National Park Service, 1849 C Street NW, MS 7228, Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT:

Sherry A. Frear, Chief, National Register of Historic Places/National Historic Landmarks Program, 1849 C Street NW, MS 7228, Washington, DC 20240, *sherry_frear@nps.gov*, 202–913–3763.

SUPPLEMENTARY INFORMATION: The properties listed in this notice are being considered for listing or related actions in the National Register of Historic Places. Nominations for their consideration were received by the National Park Service before September 17, 2022. Pursuant to section 60.13 of 36 CFR part 60, comments are being accepted concerning the significance of the nominated properties under the National Register criteria for evaluation.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Nominations submitted by State or Tribal Historic Preservation Officers:

Key: State, County, Property Name, Multiple Name (if applicable), Address/ Boundary, City, Vicinity, Reference Number.

BILLING CODE 4312-52-P

DEPARTMENT OF THE INTERIOR**Bureau of Ocean Energy Management**

[OMB Control Number 1010-0106; Docket ID BOEM-2017-0016]

**Agency Information Collection
Activities; Oil Spill Financial
Responsibility**

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Bureau of Ocean Energy Management (BOEM) is proposing to renew an information collection request (ICR) with revisions.

DATES: Comments must be received by October 31, 2022.

ADDRESSES: Submit your written comments on this ICR to the Office of Management and Budget's desk officer for the Department of the Interior at www.reginfo.gov/public/do/PRAMain within 30 days of publication of this notice. From the www.reginfo.gov/public/do/PRAMain landing page, find this information collection by selecting "Currently under Review—Open for Public Comments" or by using the search function. Please provide a copy of your comments by parcel delivery to the BOEM Information Collection Clearance Officer, Anna Atkinson, Bureau of Ocean Energy Management, 45600 Woodland Road, Sterling, Virginia 20166; or by email to anna.atkinson@boem.gov. Please reference OMB Control Number 1010-0106 in the subject line of your comments. You may also comment by

searching the docket number BOEM-2017-0016 at <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT:

Anna Atkinson by email at anna.atkinson@boem.gov or by telephone at 703-787-1025. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, BOEM provides the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps BOEM assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand BOEM's information collection requirements and provide the requested data in the desired format.

Title of Collection: 30 CFR part 553, "Oil Spill Financial Responsibility for Offshore Facilities."

Abstract: This ICR concerns the paperwork requirements in 30 CFR part 553 and forms BOEM-1016 through -1023 and BOEM-1025. This ICR also includes paperwork requirements found in any supplementary notices to lessees and operators that provide clarification, description, or explanation of these regulations.

BOEM uses forms to collect information to ensure proper and efficient administration of its oil spill financial responsibility requirements. BOEM collects information to:

- Provide a standard method for establishing whether a party is required to demonstrate oil spill financial responsibility for offshore facilities;
- Identify and maintain a record of those offshore facilities that have a potential oil spill liability requiring the demonstration of oil spill financial responsibility;
- Establish and maintain a continuous record of evidence of oil spill financial responsibility to assure payment of claims for oil spill cleanup and damages resulting from operations conducted on covered offshore facilities and from the transportation of oil from covered offshore facilities;
- Establish and maintain a continuous record of responsible parties, as defined in title I of the Oil

Pollution Act of 1990, and their agents or authorized representatives for oil spill financial responsibility for covered offshore facilities; and

- Establish and maintain a continuous record of persons to contact and U.S. agents for service of process for claims associated with oil spills from covered offshore facilities.

OMB Control Number: 1010-0106.

Type of Review: Revision of a currently approved information collection.

Respondents/Affected Public:

Designated applicants and holders of leases, permits, right-of-way grants, and right-of-use and easement grants on the Outer Continental Shelf (OCS) and in State coastal waters who are responsible parties. Other respondents may be designated applicants' insurance agents and brokers, bonding companies, and guarantors. Some respondents may also be claimants.

Total Estimated Number of Annual Responses: 2,233 responses.

Total Estimated Number of Annual Burden Hours: 34,695 hours.

Respondent's Obligation: Mandatory.

Frequency of Collection: On occasion or annual.

Total Estimated Annual Non-Hour Burden Cost: There is no non-hour cost burden associated with this collection.

Estimated Reporting and Recordkeeping Hour Burden: The current annual burden for this collection is 22,133 hours. BOEM proposes to increase the annual burden to 34,695 hours to account for changes in industry operations due to COVID and remote work. As COVID restrictions ease and OCS energy companies resume production, BOEM expects an increase in the annual number of respondents as those companies re-establish oil spill financial coverage. This increase is attributable to the continued use of remote work practices developed during the pandemic by those companies.

Remote work led to changes in how industry reviews and processes required documents. Prior to COVID, in-person meetings with a group of reviewers were held to complete the task quickly and efficiently. Now with many employees working from home, document preparation, review, and editing take longer as the documents move through several individual reviewers. Through its outreach efforts, BOEM received this feedback from industry. Therefore, BOEM is increasing hour burdens to account for the additional review and editing time. This increase in respondents and burden hours may be temporary and will be revisited by BOEM during future reviews of this control number.
