

SUPPLEMENTARY INFORMATION: In the final rules section of the **Federal Register**, EPA is approving the state's revision to the state implementation plan as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no relevant adverse comments to this action. A detailed rationale for the approval is set forth in the direct final rule. If no relevant adverse comments are received in response to this action, no further activity is contemplated in relation to this action. If EPA receives relevant adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed action. EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on part of this rule and if that part can be severed from the remainder of the rule, EPA may adopt as final those parts of the rule that are not the subject of an adverse comment. For additional information, see the direct final rule which is located in the rules section of this **Federal Register**.

Approval and Promulgation of Air Quality Implementation Plans; Illinois; Approval of a Site-Specific Sulfur Dioxide Plan Revision for CILCO Edwards Station

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve a July 29, 2003, site-specific sulfur dioxide (SO₂) SIP revision request for the Central Illinois Light Company's Edwards Generating Station in Peoria County, Illinois. In the final rules section of this **Federal Register**, EPA is approving the SIP revision as a direct final rule

without prior proposal, because EPA views this as a noncontroversial revision and anticipate no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does This Action Apply to Me?

B. What Should I Consider as I Prepare My Comments for EPA?

II. What Action Is EPA Taking Today?

III. Where Can I Find More Information About This Proposal and the Corresponding Direct Final Rule?

I. General Information

A. Does This Action Apply to Me?

This action applies to a single source, CILCO Edwards Generating Station, in Peoria County, IL.

B. What Should I Consider as I Prepare My Comments for EPA?

1. **Submitting CBI.** Do not submit Confidential Business Information (CBI) to EPA through Regional Material in EDocket (RME), regulations.gov or e-mail. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD ROM that you mail to EPA, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. **Tips for Preparing Your Comments.** When submitting comments, remember to:

- Identify the rulemaking by docket number and other identifying information (subject heading, **Federal Register** date and page number).
- Follow directions—The agency may ask you to respond to specific questions or organize comments by referencing a Code of Federal Regulations (CFR) part or section number.
- Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.
- Describe any assumptions and provide any technical information and/or data that you used.
- If you estimate potential costs or burdens, explain how you arrived at your estimate in sufficient detail to allow for it to be reproduced.
- Provide specific examples to illustrate your concerns, and suggest alternatives.
- Explain your views as clearly as possible, avoiding the use of profanity or personal threats.
- Make sure to submit your comments by the comment period deadline identified.

II. What Action Is EPA Taking Today?

On July 29, 2003, Illinois submitted a site-specific sulfur dioxide (SO₂) State

Implementation Plan (SIP) revision request for the Central Illinois Light Company's Edwards Generating Station in Peoria County, Illinois (CILCO Edwards). This revision request sets forth SO₂ emission limits for CILCO Edwards' three boilers. These limits are identical to the emission limits within an earlier temporary SIP revision which EPA approved on April 13, 2000 (65 FR 19838). Therefore, EPA is proposing to approve the July 29, 2003, permanent SIP revision request.

III. Where Can I Find More Information About This Proposal and the Corresponding Direct Final Rule?

For additional information, see the Direct Final Rule which is located in the Rules section of this **Federal Register**. Copies of the request and the EPA's analysis are available electronically at Regional Material in EDocket (RME) or in hard copy at the above address. (Please telephone Mary Portanova at (312) 353-5954 before visiting the Region 5 Office.)

Governance Standards for Central Nonprofit Agencies and Nonprofit Agencies Participating in the Javits-Wagner-O'Day Program

AGENCY: Committee for Purchase From People Who Are Blind or Severely Disabled.

ACTION: Notice of proposed rulemaking; request for comments.

SUMMARY: The Committee for Purchase From People Who Are Blind or Severely Disabled (The Committee), which is responsible for administering and overseeing the implementation of the Javits-Wagner-O'Day (JWOD) Act, proposes to amend its regulations by requiring nonprofit agencies awarded Government contracts under the authority of the JWOD Act, as well as central nonprofit agencies designated by the Committee and nonprofit agencies that would like to qualify for participation in the JWOD Program, to comply with new governance standards.

The proposed governance standards are primarily based on standards that are common practice in nonprofit and business communities. These new standards would include, among other things, standards concerning the practices of boards of directors and the reasonableness of executive and other employee compensation. Recent accounts alleging, and public concern regarding, isolated instances of excessive compensation packages for nonprofit agency executives; a perceived lack of full disclosure in the financial reporting of nonprofit agencies; and the absence of formal guidelines to establish independent boards of directors for JWOD-affiliated central nonprofit agencies and nonprofit agencies prompted this proposed change. If fully implemented, this change would help promote sound governance procedures for central nonprofit agencies and nonprofit agencies participating in the JWOD Program, help ensure the effective and transparent administration of Government contract funds, and continue to maintain a high level of public support for the JWOD Program's employment mission.
