Administration for Children and Families

Submission for OMB Review; Comment Request

Title: Child Care Quarterly Case Record Report—ACF-801.

OMB No.: 0970-0167.

Description: Section 658K of the Child Care and Development Block Grant Act (42 U.S.C. 9858) requires that States and Territories submit monthly case-level data on the children and families receiving direct services under the Child Care and Development Fund (CCDF). The implementing regulations for the statutorily required reporting are at 45 CFR 98.70. Case-level reports, submitted quarterly or monthly (at grantee option), include monthly sample or full population case-level data. The data

elements to be included in these reports are represented in the ACF-801. ACF uses disaggregate data to determine program and participant characteristics as well as costs and levels of child care services provided. This provides ACF with the information necessary to make reports to Congress, address national child care needs, offer technical assistance to grantees, meet performance measures, and conduct research. On November 19, 2014, the President signed the Child Care and Development Block Grant Act of 2014 (Pub. L. 113-86) which reauthorized the CCDF program and made some changes to ACF-801 reporting requirements. Owing to the need to consult with CCDF administrators and other interested parties on these changes, and a limited amount of time before the current ACF-801 form expires, ACF is not proposing changes to the ACF-801 at this time. We request to extend the ACF-801 without changes in order to ensure the form does not expire. In the near future, ACF plans to initiate a new clearance process under the Paperwork Reduction Act to implement the data reporting changes in the newly-reauthorized law.

Respondents: States, the District of Columbia, and Territories including Puerto Rico, Guam, the Virgin Islands, American Samoa, and the Northern Mariana Islands.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours

SUPPLEMENTARY INFORMATION: On
November 5, 2009, President Obama
signed the "Memorandum for the Heads

stated that his Administration is
committed to regular and meaningful
consultation and collaboration with
tribal officials in policy decisions that
have tribal implications, including, as
an initial step, through complete and
consistent implementation of Executive
Order 13175.

The United States has a unique legal
and political relationship with Indian
tribal governments, established through
and confirmed by the Constitution of
the United States, treaties, statutes,
executive orders, and judicial decisions.
In recognition of that special
relationship, pursuant to Executive
Order 13175 of November 6, 2000,
executive departments and agencies are
charged with engaging in regular and
meaningful consultation and
collaboration with tribal officials in the
development of federal policies that

responsible for strengthening the
government-to-government relationship
between the United States and Indian
tribes.

HHS has taken its responsibility to
comply with Executive Order 13175
very seriously over the past decade,
including the initial implementation of
a Department-wide policy on tribal
consultation and coordination in 1997,
and through multiple evaluations and
revisions of that policy, most recently in
2010. ACF has developed its own
agency-specific consultation policy that
complements the Department-wide
efforts.
