

efficiency, competitiveness, and financial integrity of futures markets; price discovery; sound risk management practices; and other public interest considerations. Accordingly, the Commission could in its discretion give greater weight to any one of the five enumerated areas and could in its discretion determine that, notwithstanding its costs, a particular order was necessary or appropriate to protect the public interest or to effectuate any of the provisions or to accomplish any of the purposes of the CEA.

The Commission is considering the costs and benefits of this proposed order in light of the specific provisions of Section 15(a) of the CEA, as follows:

1. *Protection of market participants and the public.* National securities exchanges, DCMs, OCC and their members who would intermediate the above-described Options and Security Futures on Gold and Silver Products are subject to extensive regulatory oversight.

2. *Efficiency, competition, and financial integrity.* The proposed exemption may enhance market efficiency and competition since it could encourage potential trading of Options and Security Futures on Gold and Silver Products through modes other than those normally applicable to designated contract markets or derivatives transaction execution facilities. Financial integrity will not be affected since the Options and Security Futures on Gold and Silver Products will be cleared by OCC, a DCO and SEC-registered clearing agency, and intermediated by SEC-registered broker-dealers.

3. *Price discovery.* Price discovery may be enhanced through market competition.

4. *Sound risk management practices.* The Options and Security Futures on Gold and Silver Products will be subject to OCC's current risk-management practices including its margining system.

5. *Other public interest considerations.* The proposed exemption may encourage development of derivative products through market competition without unnecessary regulatory burden.

After considering these factors, the Commission has determined to seek comment on the proposed order as discussed above. The Commission invites public comment on its application of the cost-benefit provision.

Issued in Washington, DC, on November 5, 2008 by the Commission.

David A. Stawick,

Secretary of the Commission.
