

from sale within 30 days, if the BLM authorized officer determines consummation of the sale would be inconsistent with any law, or for other reasons as may be provided by applicable law or regulations. No contractual or other rights against the United States may accrue until the BLM officially accepts the offer to purchase and the full bid price is paid.

Per SNPLMA Section 4(c), lands identified within the Las Vegas Valley Disposal Boundary are withdrawn from location and entry under the mining laws and from operation under the mineral leasing and geothermal leasing laws until such time as the Secretary of the Interior (Secretary) terminates the withdrawal or the lands are patented.

Upon publication of this notice in the **Federal Register**, the described land will also be segregated from all forms of appropriation under the public land laws, including the mining laws, except for the sale provisions of FLPMA. Upon publication of this notice and until completion of this sale, the BLM will no longer accept land use applications affecting the parcels identified for sale. The parcels may be subject to land use applications received prior to publication of this notice if processing the application would have no adverse effect on the marketability of title or the FMV of the parcel. The segregative effect of this notice terminates upon issuance of a patent or other document of conveyance to such lands, or publication in the **Federal Register** of a termination of the segregation. The total segregation period may not exceed two years unless it is extended by the BLM Nevada State Director prior to the termination date in accordance with 43 CFR 2711.1–2(d).

Terms and Conditions: FLPMA Section 209, 43 U.S.C. 1719(a), states that “all conveyances of title issued by the Secretary . . . shall reserve to the United States all minerals in the lands.” Accordingly, the patents, when issued, will contain a mineral reservation to the United States for all minerals.

In response to requests to clarify this mineral reservation as it relates to mineral materials, such as sand and gravel, we refer interested parties to the regulations at 43 CFR 3601.71(b), which provides that the owner of the surface estate of lands with reserved Federal minerals may “use a minimal amount of mineral materials” for “personal use” within the boundaries of the surface estate without a sales contract or permit. The regulation provides that all other use, absent statutory or other express authority, requires a sales contract or permit. The BLM refers interested parties to the explanation of this

regulatory language in the preamble to the final rule published in the **Federal Register** in 2001, available at <https://www.federalregister.gov/d/01-29001>, which states that minimal use “would not include large-scale use of mineral materials, even within the boundaries of the surface estate” (66 FR 58894). Further explanation is contained in the BLM Instruction Memorandum No. 2014–085 (April 23, 2014), available on the BLM’s website at <https://www.blm.gov/policy/im-2014-085>.

The following numbered terms and conditions will appear on the conveyance documents for the sale parcels:

(1) All mineral deposits in the lands so patented, and to it, or persons authorized by it, the right to prospect for, mine, and remove such deposits from the same under applicable law and regulations to be established by the Secretary are reserved to the United States, together with all necessary access and exit rights.

(2) A right-of-way is reserved for ditches and canals constructed by authority of the United States under the Act of August 30, 1890 (43 U.S.C. 945).

(3) The parcels are subject to valid existing rights.

(4) The parcels are subject to reservations for roads, public utilities, and flood control purposes, both existing and proposed, in accordance with the local governing entities’ transportation plans.

(5) An appropriate indemnification clause protecting the United States from claims arising out of the patentee’s use, occupancy, or occupations on the patented lands.

To the extent required by law, the parcel is subject to the requirements of section 120(h) of CERCLA, as amended. Accordingly, notice is hereby given that the lands have been examined and no evidence was found to indicate that any hazardous substances have been stored for one year or more, nor that any hazardous substances have been disposed of or released on the subject properties.

No warranty of any kind, express or implied, is given by the United States as to the title, the boundaries, whether or to what extent the land may be developed, its physical condition, future uses, or any other circumstance or condition. The conveyance of a parcel will not be on a contingency basis.

**Notice of Availability and Request for
Comments on Draft Director's Order
#20 Concerning National Park Service
Policies and Procedures Governing
Agreements**

AGENCY: National Park Service, Interior.

ACTION: Notice of availability, request
for comments.

SUMMARY: The National Park Service
(NPS) has prepared Director's Order #20
to set forth its policies and procedures
for formalizing relationships with other
entities through six, specific agreement
types. Once adopted, the policies and
procedures in Director's Order #20 and
the accompanying Reference Manual 20
(RM-20) will supersede and replace the
policies and procedures issued in
Director's Order #20: Agreements, dated
July 23, 2003.

DATES: Written comments will be
accepted until January 27, 2025.

ADDRESSES: Draft Director's Order #20 is
available online at <https://www.nps.gov/subjects/policy/new.htm> where readers
may submit comments electronically.

FOR FURTHER INFORMATION CONTACT:
Joshua Wilks, Deputy Bureau Financial
Assistance Chief, NPS, NPS_DO20@nps.gov, 202-697-2035.

SUPPLEMENTARY INFORMATION: The NPS
is updating its current system of internal
written instructions. When these
documents contain new policy or
procedural requirements that may affect
parties outside the NPS, they are first
made available for public review and
comment before being adopted.
Director's Order #20 and a reference

manual (subsequent to the Director's
Order) will be issued. The draft
Director's Order provides direction to
NPS managers and employees with
responsibilities for preparing,
reviewing, and approving these types of
agreements with other Federal and non-
Federal entities: Federal
Intragovernmental Agreements,
Reimbursable Service Agreements with
Non-Federal Entities, Financial
Assistance Agreements, Cooperative
Management Agreements, General
Agreements, and Funding Agreements
with Self-Governance Tribes.
