SUPPLEMENTARY INFORMATION:

I. Abstract

The CHIPS Incentives Program is authorized by Title XCIX—Creating Helpful Incentives to Produce Semiconductors for America of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (Pub. L. 116–283, referred to as the CHIPS Act or Act), as amended by the CHIPS Act of 2022 (Division A of Pub. L. 117–167). The CHIPS Incentives Program is administered by the CHIPS Program Office (CPO) within the National Institute of Standards and Technology (NIST) of the United States Department of Commerce (Department). Businesses and other entities applying for CHIPS Act funding under the CHIPS Incentive Program may, but are not required to, submit a pre-application via a form available at <https://applications.chips.gov/> to obtain feedback before submitting a full application. The pre-application phase creates an opportunity for dialogue between the Department of Commerce and the applicant to ensure the applicant is ready to meet program requirements and address program priorities.

Information to be collected includes:

- A Cover Page with general contact and project information;

- A Project Plan that describes each project expected to be included in the future full application. The project plan should explain how each project satisfies the program description and the evaluation criteria in the CHIPS

Incentive Program—Commercial Fabrication Facilities Notice of Funding Opportunity;

- Financial Information summarizing financial information for the applicant and the project(s), as well as a detailed sources and uses of funds, including overview of CHIPS incentive request;
- Workforce Development Information describing the applicant's approach to recruit, train, and retain a diverse and skilled set of workers to fill the good jobs that will be created to operate its semiconductor facilities.

II. Method of Collection

Applications must be submitted electronically at <https://applications.chips.gov/>. The Pre-application will include basic contact information, picklists, cost estimates, and brief project narratives. Some of the submissions will be entered into fields within the web-based form. Some of the information will be document uploads into the system by the respondent. The method was chosen to reduce applicant burden by eliminating redundant entries to the greatest extent possible and consolidating entries into one online form.

The CHIPS Incentives Program is administered by the CHIPS Program Office (CPO) within the National Institute of Standards and Technology (NIST) of the United States Department of Commerce (Department). Applicants must submit a statement of interest (SOI) via a form available at <https://applications.chips.gov/> at least 30 days before submission of a pre-application. The statement of interest enables the Department to gauge interest in the program and plan for pre-application or application review.

Information to be collected includes:

- Name of applicant organization and contact information
- Estimated date of submission of a pre-application
- Basic project information, which will be elicited through multiple-choice questions and specific fields in the statement of interest form, including nature of project and potential scope

II. Method of Collection

Applications must be submitted electronically at <https://applications.chips.gov/>.

The SOI will consist of a series of questions presented to registered users via a web form. Question types will include basic contact information, picklists, cost estimates, and brief project narratives. This method was chosen to reduce applicant burden by eliminating redundant entries to the greatest extent possible and consolidating entries into one online form.

Study of the Patent Pro Bono Programs; Notice of Public Listening Sessions and Request for Comments

AGENCY: United States Patent and Trademark Office, U.S. Department of Commerce.

ACTION: Notice of public listening sessions; request for comments.

SUMMARY: The United States Patent and Trademark Office (USPTO) seeks public comments on areas related to the study of the patent pro bono programs identified in the Unleashing American Innovators Act of 2022. This study builds upon the work the USPTO has conducted for over a decade and has scaled during the Biden Administration, to bring more people in America into the innovation ecosystem to create more jobs, foster economic prosperity, and solve world problems. The USPTO is announcing two public listening sessions on June 5 and 7, 2023, titled “Inventor Listening Session for Patent Pro Bono Programs” and “Patent Practitioner Listening Session for Patent Pro Bono Program,” respectively, to provide further opportunity for the public to provide input on these subject areas.

DATES:

Public Listening Sessions: The public listening session for inventors, entrepreneurs, and small businesses will be held on June 5, 2023 from 5:30 p.m. to 8:30 p.m. ET. The public listening session for legal professionals will be held on June 7, 2023 from 1 p.m. to 4 p.m. ET. The listening sessions will be available for in-person or virtual attendance. Advance registration is required. Persons seeking to attend either session must register by June 2, 2023. Registration information for the June 5, 2023 inventor listening session is available at: <https://www.uspto.gov/about-us/events/inventor-listening-session-patent-pro-bono-programs>. Registration for the June 7, 2023 patent practitioner listening session is available at: <https://www.uspto.gov/about-us/events/patent-practitioner-listening-session-patent-pro-bono-programs>.
