Approval Request.

SUMMARY: The Export-Import Bank of

of its continuing effort to reduce
paperwork and respondent burden,
invites the general public and other
Federal Agencies to comment on the
proposed information collection, as
required by the Paperwork Reduction

EXIM Bank has an electronic
disbursement approval processing
system for guaranteed lenders with
Credit Guarantee Facilities. After a
Credit Guarantee Facility (CGF) has
been authorized by EXIM Bank and
legal documentation has been
completed, the lender will obtain and
review the required disbursement
documents (e.g., invoices, bills of
lading, Exporter's Certificate, etc.) and
will disburse the proceeds of the loan
for eligible goods and services. In order
to obtain approval of the disbursement,
the lender will access and complete an
electronic questionnaire through EXIM
Bank's online application system (EXIM
Online). Using the form, the lender will
input key data and request EXIM Bank's
approval of the disbursement. EXIM
Bank's action (approved or denied) is
posted on the lender's history page.

The information collected in the
questionnaire will assist EXIM Bank in
determining that each disbursement
under a Medium-Term Guarantee meets
all the terms and conditions for
approval.

The R&O modernizes the children's television programming rules in light of changes to the media landscape that have occurred since the rules were first adopted. Among other revisions, the R&O revises the children's television programming rules to expand the Core Programming hours to 6:00 a.m. to 10:00 p.m.; modify the safe harbor processing guidelines for determining compliance with the children's programming rules; requires that broadcast stations air the substantial majority of their Core Programming on their primary program streams, but permit broadcast stations to air up to 13 hours per quarter of regularly scheduled weekly programming on a multicast stream; eliminates the additional processing guideline applicable to stations that multicast; and modify the rules governing preemption of Core Programming. In addition, the R&O eliminates the requirements that the reports include information describing the educational and informational purpose of each Core Program aired during the current reporting period and each Core Program that the licensee expects to air during the next reporting period; eliminating the requirement to identify the program guide publishers who were sent information regarding the licensee's Core Programs; and streamlining the form by eliminating certain fields. The R&O also eliminates the requirement to publicize the Children's Television Programming Reports.
