

program in the future (*see Pure Magnesium and Alloy Magnesium from Canada: Final Results of Countervailing Duty Administrative Reviews*, 64 FR 48805, 48806 (September 8, 1999)).

Preliminary Results of Reviews

In accordance with 19 CFR 351.221(b)(4)(i), we calculated a subsidy rate for NHCI, the sole producer/exporter subject to these administrative reviews. For the period January 1, 1998, through December 31, 1998, we preliminarily determine the net subsidy rate for NHCI to be 1.38 percent ad valorem. We will disclose our calculations to the interested parties upon request pursuant to section 351.224(b) of the regulations.

If the final results of these reviews remain the same as these preliminary results, the Department intends to instruct the Customs Service ("Customs") to assess countervailing duties at the net subsidy rate. The Department also intends to instruct Customs to collect cash deposits of estimated countervailing duties at the rate of 1.38 percent on the f.o.b. value of all shipments of the subject merchandise from NHCI entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of these administrative reviews.

Because the URAA replaced the general rule in favor of a country-wide rate with a general rule in favor of individual rates for investigated and reviewed companies, the procedures for establishing countervailing duty rates, including those for non-reviewed companies, are now essentially the same as those in antidumping cases, except as provided for in section 777A(e)(2)(B) of the Act. The requested reviews will normally cover only those companies specifically named. *See* 19 CFR 351.213(b)(2). Pursuant to 19 CFR 351.212(c), for all companies for which a review was *not* requested, duties must be assessed at the cash deposit rate, and cash deposits must continue to be collected, at the rate previously ordered. As such, the countervailing duty cash deposit rate applicable to a company can no longer change, except pursuant to a request for a review of that company. *See Federal-Mogul Corporation and The Torrington Company v. United States*, 822 F. Supp. 782 (CIT 1993) and *Floral Trade Council v. United States*, 822 F. Supp. 766 (CIT 1993) (interpreting 19 CFR 353.22(e), the antidumping regulation on automatic assessment, which is identical to 19 CFR 355.22(g), the predecessor to 19 CFR 351.212(c)). Therefore, the cash deposit rates for all

companies except the company covered by these reviews, will be unchanged by the results of these reviews.

We will instruct Customs to continue to collect cash deposits for non-reviewed companies, (except Timminco Limited which was excluded from the orders during the investigations) at the most recent company-specific or country-wide rate applicable to the company. Accordingly, the cash deposit rate that will be applied to non-reviewed companies covered by these orders is that established in *Pure and Alloy Magnesium From Canada: Final Results of the Second (1993) Countervailing Duty Administrative Reviews*, 62 FR 48607 (September 16, 1997) or the company-specific rate published in the most recent final results of an administrative review in which a company participated. These rates shall apply to all non-reviewed companies until a review of a company assigned these rates is requested. In addition, for the period January 1, 1998, through December 31, 1998, the assessment rates applicable to all non-reviewed companies covered by these orders are the cash deposit rates in effect at the time of entry, except for Timminco Limited which was excluded from the orders in the original investigations.
