

information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

We are, however, requesting an emergency review of the information collection referenced below. In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, we have submitted to the Office of Management and Budget (OMB) the following requirements for emergency review. We are requesting an emergency review because the collection of this information is needed before the expiration of the normal time limits under OMB's regulations at 5 CFR Part 1320. This is necessary to ensure compliance with an initiative of the Administration. We cannot reasonably comply with the normal clearance procedures because of an unanticipated event and possible public harm.

Our fall media campaign begins in October and in order to assess it, we need to be able to begin the first of our surveys before then. The other two information collections also need to be conducted before the normal clearance procedures would result in an OMB approval.

CMS is requesting OMB review and approval of this collection by September 12, 2001, with a 180-day approval period. Written comments and recommendations will be accepted from the public if received by the individuals designated below by September 10, 2001. During this 180-day period, we will publish a separate **Federal Register** notice announcing the initiation of an

extensive 60-day agency review and public comment period on these requirements. We will submit the requirements for OMB review and an extension of this emergency approval. *Type of Information Collection Request:* New collection; *Title of Information Collection:* Assessment of CMS' Fall Media Campaign; *Form No.:* CMS-10049 (OMB # 0938-XXXX); *Use:* CMS is collecting information 3 times (before, during, and after) during its fall media campaign to assess the campaign. The respondents will be beneficiaries and their caregivers. We will collect information via telephone surveys and by monitoring phone calls to the 1-800-MEDICARE number and "page views" on selected Medicare websites; *Frequency:* Once; *Affected Public:* Individuals and households; *Number of Respondents:* 3,750; *Total Annual Responses:* 3,750; *Total Annual Hours:* 625.

We have submitted a copy of this notice to OMB for its review of these information collections. A notice will be published in the **Federal Register** when approval is obtained.

To obtain copies of the supporting statement and any related forms for the proposed paperwork collections referenced above, access CMS' Web Site address at <http://www.hcfa.gov/regs/prdact95.htm>, or E-mail your request, including your address, phone number, OMB number, and CMS document identifier, to Paperwork@hcfa.gov, or call the Reports Clearance Office on (410) 786-1326.

Interested persons are invited to send comments regarding the burden or any other aspect of these collections of information requirements. However, as noted above, comments on these information collection and recordkeeping requirements must be mailed and/or faxed to the designees

referenced below, by September 10, 2001: Centers for Medicare and Medicaid Services, Office of Information Services, Security and Standards Group, Division of CMS Enterprise Standards, Room N2-14-26, 7500 Security Boulevard, Baltimore, MD 21244-1850. Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a list of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (301) 443-7978.

Mexican Border Youth Survey (BYS)—New

Violence and substance abuse are a serious concern at places along the U.S.-

Mexico border. Young people ages 18–25 are attracted to Mexico because alcohol is inexpensive and the drinking age is 18 rather than 21. SAMHSA's Center for Substance Abuse Prevention is planning to conduct surveys at five sites along the Texas-Mexico border to support development, implementation and assessment of enforcement and education programs to address underage and binge drinking related problems. This program replicates a project targeting underage and binge drinking that has been implemented in San Diego, California ("Operation Safe Crossing"), which has yielded successful outcomes, including a 26% reduction in youth crossing the border to drink alcohol.

The purpose of replicating the model in Texas is to test local adaptations of the program which includes surveys of youth crossing the U.S.-Mexico border. This effort uses the survey data to inform the public of problem behaviors specific to their local community and serves to develop community awareness and inform community interventions, such as underage curfews and enforcing bar closing hours. The data collected will be made available to local groups

to assist in raising community awareness of youth drinking issues. It is expected that communities will use the information to tailor interventions to reduce youth drinking-associated problems.

The BYS is comprised of two surveys, which are conducted on Friday and Saturday of one randomly selected weekend each month in each site. All information is collected in an anonymous and confidential manner. One survey, the Mexican Entry Survey, interviews a sample of youths on their way into Mexico between 9 p.m. and 1 a.m. The other survey, the Mexican Exit Survey, includes those same youths returning from Mexico between midnight and 6 a.m. the next day and an independent sample of pedestrians and drivers (where many young drinkers drive rather than walk across the border). The Exit Survey includes a breath test. In addition, there will be a 1-time test of saliva to test reliability and validity of the collection and analysis process.

The total annual burden associated with this project across all sites is summarized in the table below.

Sample	Number of respondents	Responses/ respondent	Hours/ response	Total burden (hours)
Mexican Entry Survey:				
—Entry Survey	6,000	1	.25	498
—Exit Survey	(6,000)	1	.083	498
Mexican Exit Survey, with breath or saliva test and pedestrians or drivers ...	15,000	1	.083	1,245
One-time Pilot Saliva Test in one location only	(100)	2	.050	10
Total	21,000			3,253

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: Lauren Wittenberg, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503.

Dated: August 23, 2001.

Executive Officer, SAMHSA.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Current List of Laboratories Which Meet Minimum Standards To Engage in Urine Drug Testing for Federal Agencies

AGENCY: Substance Abuse and Mental Health Services Administration, HHS.

ACTION: Notice.

SUMMARY: The Department of Health and Human Services notifies Federal agencies of the laboratories currently certified to meet standards of Subpart C of Mandatory Guidelines for Federal Workplace Drug Testing Programs (59 FR 29916, 29925). A similar notice listing all currently certified laboratories will be published during the first week of each month, and updated to include laboratories which subsequently apply for and complete the certification

process. If any listed laboratory's certification is totally suspended or revoked, the laboratory will be omitted from updated lists until such time as it is restored to full certification under the Guidelines.

If any laboratory has withdrawn from the National Laboratory Certification Program during the past month, it will be listed at the end, and will be omitted from the monthly listing thereafter.
