SUPPLEMENTARY INFORMATION:

Title of Collection: Generic Information Collection for the Collection of Qualitative Feedback on Bureau Service Delivery.

OMB Control Number: 3170-0024.

Type of Review: Extension of a currently approved information collection.

Affected Public: Individuals; Private sector; and State, Local, or Tribal Governments.

Estimated Number of Respondents: 500,000.

By qualitative feedback, the Bureau means information that provides useful insights on, for example, comprehension, usability, perceptions, and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. The Bureau expects this feedback to include insights into consumer, financial institution or stakeholder perceptions, experiences, and expectations, provide an early

warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative, and actionable communications between the Bureau and consumers, financial institutions, and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.
