SUPPLEMENTARY INFORMATION:

Title: Determination of Fair and Reasonable Rates for Carriage of Agriculture Cargoes on U.S.-Commercial Vessels—46 CFR 382.

OMB Control Number: 2133–0514.

Type of Request: Renewal of a Previously Approved Information Collection.

Abstract: 46 U.S.C. 55305 and the Food Security Act of 1985 require that at least 50% of U.S. government sponsored agriculture bulk and packaged cargoes be shipped on U.S.-flag vessels to the extent that such vessels are available at fair and reasonable rates. Pursuant to 46 CFR part 381, Government agencies must comply with the cargo preference laws and must submit data to the Maritime Administration (MARAD) on U.S. and foreign-flag carriage of preference cargoes under their control. Part 382 requires U.S. operators to submit specific data to MARAD regarding fair and reasonable guideline rates for the carriage of preference cargoes on U.S.-flag vessels. The collection of vessel data contributes toward the U.S. Department of Transportation's strategic goal of National Security.

In addition, this data collection requires U.S.-flag operators to submit vessel-operating costs and capital costs data to MARAD officials on an annual basis. This information is needed by MARAD to establish fair and reasonable

guideline rates for carriage of specific cargoes on U.S. vessels.

Respondents: U.S. citizens who own and operate U.S.-flag vessels.

Affected Public: U.S. citizens who own and operate U.S.-flag vessels.

Estimated Number of Respondents: 41.

Estimated Number of Responses: 68.

Annual Estimated Total Annual Burden Hours: 176.

Frequency of Response: Annually.

(Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.93.)
