

Washington, DC 20591. This notice is published pursuant to 14 CFR 11.85 and 11.91.

Issued in Washington, DC, on September 9, 2005.

Anthony F. Fazio,

Director, Office of Rulemaking.

Petitions for Exemption

Docket No.: FAA–2005–22171.

Petitioner: Shuttle America Corporation.

Section of 14 CFR Affected: 14 CFR 121.415(a), 121.417, and 121.421.

Description of Relief Sought: To permit Shuttle America Corporation (Shuttle), to the extent necessary, to employ and use EMB–170 flight attendants who have been employed, trained, and qualified by Shuttle's sister company, Chautauqua Airlines, Inc., without requiring the flight attendants to repeat all of the training requirements otherwise required for newly hired crewmembers.

Federal Railroad Administration

Proposed Agency Information Collection Activities; Comment Request

AGENCY: Federal Railroad Administration, DOT.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, this notice announces that the Information Collection Requirement (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collection and its expected burden. The **Federal Register** notice with a 60-day comment period soliciting comments on the following collection of information was published on July 6, 2005.

DATES: Comments must be submitted on or before October 14, 2005.

FOR FURTHER INFORMATION CONTACT: Mr. Robert Brogan, Office of Planning and Evaluation Division, RRS–21, Federal Railroad Administration, 1120 Vermont Ave., NW., Mail Stop 17, Washington, DC 20590 (telephone: (202) 493–6292), or Victor Angelo, Office of Support Systems, RAD–20, Federal Railroad Administration, 1120 Vermont Ave., NW., Mail Stop 35, Washington, DC 20590 (telephone: (202) 493–6470).

(These telephone numbers are not toll-free.)

SUPPLEMENTARY INFORMATION: The Paperwork Reduction Act of 1995 (PRA), Pub. L. No. 104–13, § 2, 109 Stat. 163 (1995) (codified as revised at 44 U.S.C. 3501–3520), and its implementing regulations, 5 CFR part 1320, require Federal agencies to issue two notices seeking public comment on information collection activities before OMB may approve paperwork packages (44 U.S.C. 3506, 3507; 5 CFR 1320.5, 1320.8(d)(1), 1320.12). On July 6, 2005, FRA published a 60-day notice in the **Federal Register** soliciting comment on ICRs that the agency was seeking OMB approval (70 FR 39002). FRA received no comments in response to this notice.

Before OMB decides whether to approve these proposed collections of information, it must provide 30 days for public comment (44 U.S.C. 3507(b); 5 CFR 1320.12(d)). Federal law requires OMB to approve or disapprove paperwork packages between 30 and 60 days after the 30 day notice is published (44 U.S.C. 3507 (b)–(c); 5 CFR 1320.12(d); *see also* 60 FR 44978, 44983, Aug. 29, 1995). OMB believes that the 30 day notice informs the regulated community to file relevant comments and affords the agency adequate time to digest public comments before it renders a decision (60 FR 44983, Aug. 29, 1995). Therefore, respondents should submit their respective comments to OMB within 30 days of publication to best ensure having their full effect (5 CFR 1320.12(c); *see also* 60 FR 44983, Aug. 29, 1995).

The summaries below describe the nature of the information collection requirements (ICRs) and the expected burden. The revised requirements are being submitted for clearance by OMB as required by the PRA.

Title: Passenger Equipment Safety Standards.

OMB Control Number: 2130–0544.

Type of Request: Extension of a currently approved collection.

Affected Public: Businesses.

Form(s): N/A.

Abstract: The information gained from daily inspections is used to detect and correct equipment problems so as to prevent collisions, derailments, and other occurrences involving railroad passenger equipment that cause injury or death to railroad employees, railroad passengers, or to the general public; and to mitigate the consequences of any such occurrences, to the extent that they can not be prevented. The information provided promotes passenger train safety by ensuring requirements are met for railroad passenger equipment design

and performance; fire safety; emergency systems; the inspection, testing, and maintenance of passenger equipment; and other provisions for the safe operation of railroad passenger equipment.

Annual Estimated Burden Hours: 4,502,681.

Addressee: Send comments regarding these information collections to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 Seventeenth Street, NW., Washington, DC, 20503; Attention: FRA Desk Officer.

Comments are invited on the following: Whether the proposed collections of information are necessary for the proper performance of the functions of FRA, including whether the information will have practical utility; the accuracy of FRA's estimates of the burden of the proposed information collections; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the collections of information on respondents, including the use of automated collection techniques or other forms of information technology.

A comment to OMB is best assured of having its full effect if OMB receives it within 30 days of publication of this notice in the **Federal Register**.

Authority: 44 U.S.C. 3501–3520.

Issued in Washington, DC on August 7, 2005.

D.J. Stadler,

Director, Office of Budget, Federal Railroad Administration.

Federal Transit Administration

State Coordination Grants; Solicitation for Proposals

AGENCY: Federal Transit Administration, DOT.

ACTION: Notice of request for proposals.

SUMMARY: This solicitation is for states to submit proposals for the State Coordination Grants component of the United We Ride initiative (UWR). The intent of the UWR initiative is to break down the barriers among Federal programs as they relate to transportation to ensure that transportation services are seamless, comprehensive and accessible. Specifically, UWR is tasked with seeking ways to simplify access to transportation services for persons with disabilities, persons with lower incomes, and older adults.
