

for two years, commencing March 31, 2022. Its scope of activities is to address issues contained in the agenda for the 2023 World Radio Conference (WRC–23). Each organization, institution or entity (organizational applicant) may propose one primary representative. Organizational applicants are also encouraged to propose one alternate representative. Submission of the nomination of the organizational applicant's primary representative or alternative representative should include the nominated person's complete contact information (email address, telephone number and mailing address) as well as a resume. Similarly, those requesting appointment in their individual capacities (and not as an organizational applicant) should also provide complete contact information and a resume with their submission. The public notice DA 22–255 includes additional information on the membership application process and can be found at <https://www.fcc.gov/document/fcc-announces-rechartering-and-solicitation-members-wac>. Because the Commission recognizes that technologies and spectrum priorities may evolve over the course of the multi-year WRC–23 preparatory cycle and that the expertise or experience relevant to the mission of this Committee may change over time, the Commission will continue to accept applications for Committee Membership on a rolling basis after the initial March 31, 2022 deadline. The WRC–23 Advisory Committee will continue to provide to the FCC advice, data, and technical analyses, and will formulate recommendations relating to the preparation of U.S. proposals and positions for WRC–23.

### Information Collection Being Reviewed by the Federal Communications Commission

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice and request for comments.

**SUMMARY:** As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction

Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

**DATES:** Written PRA comments should be submitted on or before May 27, 2022. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

**ADDRESSES:** Direct all PRA comments to Nicole Ongele, FCC, via email [PRA@fcc.gov](mailto:PRA@fcc.gov) and to [nicole.ongele@fcc.gov](mailto:nicole.ongele@fcc.gov).
