SUPPLEMENTARY INFORMATION:

I. Background

The Office of Workers' Compensation Programs (OWCP) administers the Longshore and Harbor Workers' Compensation Act (LHWCA). The Act provides benefits to workers injured in maritime employment on the navigable waters of the United States or in an adjoining area customarily used by an employer in loading, unloading, repairing, or building a vessel. In addition, several acts extend the Longshore Act's coverage to certain other employees.

Under Section 914(g) of the Longshore Act, the employer or its insurance carrier must file a report of the compensation paid to a claimant at the time final payment is made. The Act requires that the form must be filed within sixteen days of the final payment of compensation with the District Director in the compensation district in which the injury occurred. The form requests information regarding the beginning and ending dates of compensation payments, compensation rates, reason payments were terminated

and types and amount of compensation payments. Filing of the report is mandatory, and failure to do so is subject to a civil penalty. This information collection is currently approved for use through January 31, 2012.

The Department of Labor is particularly interested in comments which:

- * Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
