Request for Comments: The Coast Guard invites comments on the proposed collection of information to determine whether the collections are necessary for the proper performance of the functions of the Department. In particular, the Coast Guard would appreciate comments addressing: (1) The practical utility of the collections; (2) the accuracy of the estimated burden of the collections; (3) ways to enhance the quality, utility, and clarity of the information that is the subject of the collections; and (4) ways to minimize the burden of collections on respondents, including the use of automated collection techniques or other forms of information technology.

Comments to DMS or OIRA must contain the OMB Control Number of the Information Collection Reports (ICR) addressed. Comments to DMS must contain the docket number of this request, [USCG 2004-19421]. Information Collection Requests

1. **Title:** Unauthorized entry into Cuban territorial waters (Formerly, "Unauthorized departure of U.S. vessels and entry into Cuban territorial waters").

OMB Control Number: 1625-0106.

Type of Request: Extension of currently approved collection.

Affected Public: Certain individuals.

Form: None.

Abstract: The President by proclamation and the Secretary of Homeland Security by order have directed and authorized the U.S. Coast Guard to regulate the anchorage and movement of certain U.S. vessels, and vessels without nationality, located within the territorial waters of the United States, that thereafter enter Cuban territorial waters. The Coast

Guard has issued a final rule (69 FR 41367, July 8, 2004) that requires all such U.S. registered vessels, and vessels without nationality, less than 100 meters in length, to apply for and receive a permit to enter Cuban territorial waters. This requirement is necessary to preclude such vessels from departing U.S. waters and thereafter entering Cuban waters, unless such vessels hold licenses from other government agencies that allow them to engage in exports to, and transactions with Cuba. The information is collected to regulate departure of U.S. vessels from U.S. territorial waters and entry thereafter into Cuban territorial waters. The need to regulate this vessel traffic supports ongoing efforts to enforce the Cuban embargo, which is designed to bring about an end to the current government and a peaceful transition to democracy. Accordingly, only applicants that demonstrate prior U.S. government approval for exports to and transactions with Cuba may be issued a Coast Guard permit.

Burden Estimates: The estimated burden is 43.0 hours a year.

Dated: December 15, 2004.

Ronald T. Hewitt,

Assistant Commandant for C4 and Information Technology.

DEPARTMENT OF HOMELAND SECURITY

Transportation Security Administration

Reports, Forms, and Record Keeping Requirements: Agency Information Collection Activity Under OMB Review; Registered Traveler (RT) Pilot Program; Satisfaction and Effectiveness Measurement Data Collection Instruments

AGENCY: Transportation Security Administration (TSA), DHS.

ACTION: Notice.

SUMMARY: The U.S. Department of Homeland Security, Transportation Security Administration, has submitted a request for the renewal of an existing information collection to the Office of Management and Budget (OMB) for review and clearance under the Paperwork Reduction Act of 1995 (Public Law 104-13, 44 U.S.C. 35). This notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to OMB for review and comment. The ICR describes the nature of the information collection and its expected burden. TSA published

a **Federal Register** notice, with a 60-day comment period soliciting comments, of the following collection of information on September 21, 2004 (69 FR 56451).

DATES: Send your comments by January 20, 2005. A comment to OMB is most effective if OMB receives it within 30 days of publication.

ADDRESSES: Comments may be faxed to the Office of Information and Regulatory Affairs, Office of Management and Budget, Attention: DHS-TSA Desk Officer, at (202) 395-5806.

FOR FURTHER INFORMATION CONTACT: Lisa S. Dean, Privacy Officer, Office of Transportation Security Policy, TSA-9, 601 South 12th Street, Arlington, Virginia 22202-4220; telephone (571) 227-3947; facsimile (571) 227-2555.

SUPPLEMENTARY INFORMATION:

Transportation Security Administration (TSA)

Title: Registered Traveler (RT) Pilot Program; Satisfaction and Effectiveness Measurement Data Collection Instruments.

Type of Request: Renewal of an existing collection.

OMB Control Number: 1652-0019.

Form(s): Electronic enrollment application; satisfaction survey.

Affected Public: Applicants to the RT Pilot Program and lead stakeholders.

Abstract: TSA is continuing an ongoing pilot at a limited number of airports to test and evaluate specific technologies and business processes related to the Registered Traveler (RT) concept. This pilot program is designed to positively identify qualified, known travelers via advanced identification technologies for the purposes of expediting those passengers' travel experience at the airport security checkpoints and thereby enabling TSA to improve the allocation of its limited security resources. In addition, TSA may expand the current pilot to additional locations and may also test the concept of a public/private partnership.

TSA will collect and retain a minimal amount of personal information from individuals who volunteer to participate in the program. This information may be used by TSA to verify an applicant's claimed identity, complete a name-based security threat assessment, and issue an identification token prior to enrollment in the program. In addition, TSA will administer two instruments to measure satisfaction of RT pilot participants and key stakeholders to collect data on the effectiveness of the pilot technologies and business processes. The first instrument will be a survey of a representative percentage

of the RT pilot participants. The second instrument will be an interview conducted with the key stakeholders at sites participating in the RT pilot. All surveys and interviews will be voluntary and anonymous.

Number of Respondents: 175,000.

Estimated Annual Burden Hours: 38,384.

TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Issued in Arlington, Virginia, on December 15, 2004.

Lisa S. Dean,

Privacy Officer.
