

restore tidal influence to the site; however, continued maintenance of the Dutchman and South Slough levees would occur. Under this alternative, because the lead agencies would be required to maintain the northern levee along Dutchman Slough in perpetuity, maintenance activities would likely increase as the levees age and as scour increases in response to activities undertaken by the Napa Sonoma Restoration Project. Under the No-Action Alternative, the components of the Proposed Action would not be implemented.

Preferred Restoration Alternative

The Preferred Restoration Alternative would restore the entire 1,500-ac Cullinan Ranch Site with implementation of the following project components:

- *Component 1:* Construct boardwalk to provide access to existing electrical towers.
- *Component 2:* If needed, drainage ditches would be blocked to promote redevelopment of natural sloughs.
- *Component 3:* Improve the DFG Pond 1 levee and install water control structures.
- *Component 4:* Protect Highway 37 from project-induced flooding and erosion, through levee construction.
- *Component 5:* Construct public access areas.
- *Component 6:* Breach the levees along Dutchman and South Sloughs and Guadalupe Village.
- *Component 7:* Implement long-term monitoring.

Partial Restoration Alternative

The Partial Restoration Alternative would restore 300 ac of the Cullinan Ranch Site. The Partial Restoration Alternative was developed in order to limit potential impacts to the hydrology of Dutchman Slough. While it would meet the purpose and need of the project, a smaller overall area within Cullinan Ranch would be restored, and connectivity with other adjacent restoration projects would be limited.

The Partial Restoration Alternative would include implementation of the following project components:

- *Component 1:* If needed, drainage ditches would be blocked to promote redevelopment of natural Sloughs.
- *Component 2:* Construct internal levee.
- *Component 3:* Protect Highway 37 from project-induced flooding and erosion, through levee construction.
- *Component 4:* Breach the levee along Dutchman Slough.
- *Component 5:* Long-term monitoring.

The final EIS/EIR contains our responses to all comments received on the draft document. Following the release of the abbreviated final EIS/EIR, we will prepare a Record of Decision not sooner than 30 days after the Environmental Protection Agency has published its notice of filing of the document in the **Federal Register**. We anticipate that we will issue a Record of Decision in the summer of 2009.

We provide this notice under regulations implementing NEPA (40 CFR 1506.6).

Dated: May 13, 2009.

Stephen M. Dyer,

Acting Regional Director, Pacific Southwest Region.

Notice of Public Meeting, Western Montana Resource Advisory Council Meeting

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of public meeting.

SUMMARY: In accordance with the Federal Land Policy and Management Act (FLPMA) and the Federal Advisory Committee Act of 1972 (FACA), the U.S. Department of the Interior, Bureau of Land Management (BLM), the Western Montana Resource Advisory Council will meet as indicated below.

DATES: The Western Montana RAC will meet June 18, 2009 at 9 a.m. The public comment period for the meeting will begin at 11:30 a.m. and the meeting is expected to adjourn at approximately 3 p.m.

ADDRESSES: The meeting will be held at the Butte Field Office, 106 N. Parkmont, Butte, Montana.

FOR FURTHER INFORMATION CONTACT:

David Abrams, Western Montana Resource Advisory Council Coordinator, Butte Field Office, 106 North Parkmont, Butte, Montana 59701, telephone 406-533-7617.

SUPPLEMENTARY INFORMATION: The 15-member Council advises the Secretary of the Interior, through the Bureau of Land Management, on a variety of planning and management issues associated with public land management in western Montana. At the June 18 meeting, topics we plan to discuss include: Abandoned Mines

Reclamation, public access issues, travel management implementation, Economic Stimulus Package Project Updates, and a review of Forest Service fee proposals.

All meetings are open to the public. The public may present written comments to the Council. Each formal Council meeting will also have time allocated for hearing public comments. Depending on the number of persons wishing to comment and time available, the time for individual oral comments may be limited. Individuals who plan to attend and need special assistance, such as sign language interpretation, or other reasonable accommodations, should contact the BLM as provided below.

Richard M. Hotaling,

Field Manager.
