SUPPLEMENTARY INFORMATION:**I. Abstract**

The FTZ Annual Report is the vehicle by which FTZ grantees report annually to the FTZ Board, pursuant to the requirements of the FTZ Act (19 U.S.C. 81(p)). The annual reports submitted by grantees are the only complete source of compiled information on FTZs. The data and information contained in the reports relate to international trade activity in the FTZs. The reports are used by the Congress and the Department to determine the economic effect of the FTZ program. The reports are also used by the FTZ Board and

other trade policy officials to determine whether zone activity is consistent with U.S. international trade policy, and whether it is in the public interest. The public uses the information regarding activities carried out in the FTZs to evaluate their effect on industry sectors. The information contained in annual reports also helps zone grantees in their marketing efforts. This is a request for a renewal of a currently approved information collection.

The FTZ Annual Report is collected from zone grantees in a web-based, electronic format.
