

Web site: <http://www.epa.gov/otaq/stateresources/transconf/adequacy.htm>. The adequate direct particulate matter (PM) and nitrogen oxides (NO_x) MVEBs are provided in Table 1.

TABLE 1—ON-ROAD MVEBS CONTAINED IN THE MARYLAND PORTION OF THE MARTINSBURG-HAGERSTOWN, WV—MD 1997 PM_{2.5} NON-ATTAINMENT AREA MAINTENANCE PLAN FOR THE 1997 PM_{2.5} NAAQS

Year	Motor vehicle emissions budget for PM _{2.5} on-road emissions (tons per year)	Mobile vehicle emissions budget for NO _x on-road emissions (tons per year)
2017	149.63	4,057.00
2025	93.35	2,774.63

Transportation conformity is required by section 176(c) of the Clean Air Act (CAA). EPA's conformity rule requires that transportation plans, transportation improvement programs, and projects conform to SIPs and establishes the criteria and procedures for determining whether or not they do. Conformity to a SIP means that transportation activities will not produce new air quality violations, worsen existing violations, or delay timely attainment of the national ambient air quality standards.

The criteria by which we determine whether a SIP's MVEBs are adequate for conformity purposes are outlined in 40 CFR 93.118(e)(4). EPA described the process for determining the adequacy of submitted SIP budgets in a July 1, 2004 preamble starting at 69 FR 40038 and used the information in these resources in making this adequacy determination. The State of Maryland did not provide emission budgets for sulfur dioxide (SO₂), volatile organic compounds (VOCs), or ammonia for the Hagerstown Maintenance Plan because it concluded that emissions of these precursors from motor vehicles are not significant contributors to the area's PM_{2.5} air quality problem. The transportation conformity rule provision at 40 CFR 93.102(b)(2)(v) indicates that conformity does not apply for these precursors, due to the lack of motor vehicle emissions budgets for these precursors and state's conclusion that motor vehicle emissions of SO₂, VOCs, and ammonia do not contribute significantly to the area's PM_{2.5} nonattainment problem. This provision of the transportation conformity rule predates and was not disturbed by the January 4, 2013 decision in the litigation on the PM_{2.5}

implementation rule.¹ EPA has preliminarily concluded that Maryland's decision to not include budgets for SO₂, VOCs, and ammonia is consistent with the requirements of the transportation conformity rule. That decision does not affect EPA's adequacy finding for the submitted direct PM and NO_x MVEBs for the Hagerstown Maintenance Plan.

Please note that an adequacy review is separate from EPA's completeness review, and should not be used to prejudge EPA's ultimate approval action for the SIP. Even if EPA finds the budgets for the Hagerstown Maintenance Plan adequate, the SIP could later be disapproved. The finding and the response to comments are available at EPA's conformity Web site: <http://www.epa.gov/otaq/stateresources/transconf/adequacy.htm>.

Authority: 42 U.S.C. 7401–7671q.

Dated: April 25, 2014.

W.C. Early,

Acting Regional Administrator, Region III.

ENVIRONMENTAL PROTECTION AGENCY

[FRL–9910–46–Region-5]

Notification of a Public Meeting of the Great Lakes Advisory Board

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) announces a public meeting of the Great Lakes Advisory Board (Board). The purpose of this meeting is to address administrative matters and discuss further advice to strengthen the effectiveness of the Great Lakes Restoration Initiative (GLRI).

DATES: The public meeting will be held on Wednesday, May 28, 2014 from 10:00 a.m. to 4:00 p.m. Central Time, 11:00 a.m. to 5:00 p.m. Eastern Time. An opportunity will be provided to the public to comment.

¹ EPA issued conformity regulations to implement the 1997 PM_{2.5} NAAQS (69 FR 40004, July 1, 2004 and 70 FR 24280, May 6, 2005, respectively). Those actions were not part of the final rule recently remanded to EPA by the Court of Appeals for the District of Columbia in *NRDC v. EPA*, No. 08–1250 (January 4, 2013), in which the Court remanded to EPA the implementation rule for the PM_{2.5} NAAQS because it concluded that EPA must implement that NAAQS pursuant to the PM-specific implementation provisions of subpart 4 of Part D of Title I of the CAA, rather than solely under the general provisions of subpart 1.

ADDRESSES: The public meeting will be held at the EPA Region 5 Offices, Lake Michigan Room, twelfth floor, in the Ralph H. Metcalfe Federal Building, 77 W. Jackson Boulevard, Chicago, Illinois, 60604. The teleconference number is: (877) 744–6030; Participant code: 24658751.

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing further information regarding this meeting may contact Taylor Fiscus, Acting Designated Federal Officer (DFO), by telephone at 312–353–6059 or email at Fiscus.Taylor@epa.gov. General information on the GLRI and the Board can be found at <http://www.glri.us>.

SUPPLEMENTARY INFORMATION:

Background: The Board is a federal advisory committee chartered under the Federal Advisory Committee Act (FACA), Public Law 92–463. EPA established the Board in 2013 to provide independent advice to the EPA Administrator in her capacity as Chair of the federal Great Lakes Interagency Task Force (IATF). The Board conducts business in accordance with FACA and related regulations.

The Board consists of 18 members appointed by EPA's Administrator in her capacity as IATF Chair. Members serve as representatives of state, local and tribal government, environmental groups, agriculture, business, transportation, foundations, educational institutions, and as technical experts.

The Board held teleconferences and meetings in 2013 to develop recommendations for the FY 2015–2019 GLRI Action Plan. In December 2013, the Board issued its Advisory Report. See <http://greatlakesrestoration.us/advisory/index.html>.

Availability of Meeting Materials: The agenda and other materials in support of the meeting will be available on the GLRI Web site at <http://www.glri.us> in advance of the meeting.

Procedures for Providing Public Input: Federal advisory committees provide independent advice to federal agencies. Members of the public can submit relevant comments for consideration by the Board. Input from the public to the Board will have the most impact if it provides specific information for the Board to consider. Members of the public wishing to provide comments should contact the Acting DFO directly.

Oral Statements: In general, individuals or groups requesting an oral presentation at this public meeting will be limited to three minutes per speaker, subject to the number of people wanting to comment. Interested parties should contact the Acting DFO in writing (preferably via email) at the contact

information noted above by May 27, 2014 to be placed on the list of public speakers for the meeting.

Written Statements: Written statements must be received by May 27, 2014 so that the information may be made available to the Board for consideration. Written statements should be supplied to the Acting DFO in the following formats: One hard copy with original signature and one electronic copy via email. Commenters are requested to provide two versions of each document submitted: one each with and without signatures because only documents without signatures may be published on the GLRI Web page.

Accessibility: For information on access or services for individuals with disabilities, please contact the Acting DFO at the phone number or email address noted above, preferably at least 10 days prior to the meeting, to give EPA as much time as possible to process your request.

Dated: April 15, 2014.

Cameron Davis,

Senior Advisor to the Administrator.

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated

collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

DATES: Written PRA comments should be submitted on or before July 7, 2014. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email PRA@fcc.gov <<mailto:PRA@fcc.gov>> and to Cathy.Williams@fcc.gov <<mailto:Cathy.Williams@fcc.gov>>.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Cathy Williams at (202) 418-2918.

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060-0347.

Title: Section 97.311, Spread Spectrum (SS) Emission Types.

Form No.: Not applicable.

Type of Review: Extension of a currently approved collection.

Respondents: Individuals or households.

Number of Respondents and

Responses: 10 respondents; 10 responses.

Estimated Time Per Response: .017 hours (1 minute).

Frequency of Response: Recordkeeping requirement.

Obligation to Respond: Required to obtain and retain benefits. The statutory authority for this collection of information is contained in 47 U.S.C. 154, 303, 151-155 and 301-609.

Total Annual Burden: 1 hour.

Annual Cost Burden: None.

Privacy Act Impact Assessment: Yes.

Nature and Extent of Confidentiality: There is no need for confidentiality with this collection of information.

Needs and Uses: The recordkeeping requirement in Section 97.311 is necessary to document all spread spectrum (ss) transmissions by amateur radio operators. This requirement is necessary so that quick resolution of any harmful interference problems can be achieved and to ensure that the station is operating in accordance with the Communications Act of 1934, as

amended. The information is used by FCC staff during inspections and investigations to ensure compliance with applicable rules, statutes, and treaties. In the absence of this recordkeeping requirement, field inspections and investigations related to the solution of cases of harmful interference would be severely hampered and needlessly prolonged due to the inability to quickly obtain vital information used to demodulate spread spectrum transmissions.

Federal Communications Commission.

Marlene H. Dortch,

Secretary, Office of the Secretary, Office of Managing Director.
