

SUPPLEMENTARY INFORMATION: On May 23, 2013, we published a notice announcing that we were establishing a Rail Vehicles Access Advisory Committee (Committee) to make recommendations to us on matters associated with revising and updating our accessibility guidelines issued pursuant to the Americans with Disabilities Act for transportation vehicles that operate on fixed guideway systems (e.g., rapid rail, light rail, commuter rail, intercity rail, and high speed rail). See 78 FR 30828 (May 23, 2013).

The Committee will hold its fifth meeting on February 26, 2015, from 10:00 a.m. to 5:00 p.m. and on February 27, 2015, from 9:30 a.m. to 3:00 p.m. The preliminary agenda for the February meeting includes: Deliberation of committee member concerns pertaining to the accessibility of rail vehicles; consideration of process-related matters; and possible subcommittee meetings. Subcommittee meetings will occur in the same meeting room as the Committee meeting. The preliminary meeting agenda, along with information about the Committee, is available on our Web site (www.access-board.gov/rvaac).

The Committee meeting and subcommittee meetings will be open to the public and interested persons can attend the meetings and communicate their views. Members of the public will have opportunities to address the Committee on issues of interest to them during a public comment period scheduled each day the full committee meets. Members of groups or individuals who are not members of the Committee also have the opportunity to participate in subcommittees.

The meetings will be accessible to persons with disabilities. An assistive listening system, communication access real-time translation (CART), and sign language interpreters will be provided. Persons attending the meetings are requested to refrain from using perfume, cologne, and other fragrances for the comfort of other participants (see www.access-board.gov/the-board/policies/fragrance-free-environment for more information).

Persons wishing to provide handouts or other written information to the Committee are requested to provide electronic formats to Paul Beatty via email at least five business days prior to the meetings so that alternate formats can be distributed to Committee members.

Instructions: All comments will be included in the public docket without change and may be made available online at www.regulations.gov, including any personal information provided, unless the comment includes Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Information that you consider CBI or otherwise protected should be clearly identified as such and should not be submitted through www.regulations.gov or email.

SUPPLEMENTARY INFORMATION: This proposal addresses the following local rules: SJVUAPCD 4307 Boilers, Steam Generators, and Process Heaters—2.0 MMBtu/hr to 5.0 MMBtu/hr and SJVUAPCD 4308 Boilers, Steam Generators, and Process Heaters—0.075 MMBtu/hr to less than 2.0 MMBtu/hr. In the Rules and Regulations section of this **Federal Register**, we are approving these local rules in a direct final action without prior proposal because we believe these SIP revisions are not controversial. If we receive adverse comments, however, we will publish a timely withdrawal of the direct final rule and address the comments in subsequent action based on this proposed rule. Please note that if we receive adverse comment on an amendment, paragraph or section of this rule and if that provision may be severed from the remainder of the rule, we may adopt as final those provisions of the rule that are not the subject of an adverse comment.

We do not plan to open a second comment period, so anyone interested in commenting should do so at this time. If we do not receive adverse comments, no further activity is planned. For further information, please see the direct final action.

Dated: December 29, 2014.

Regional Administrator, Region IX.
