

because the CHAP's examination must be conducted *de novo*.

The CHAP must make recommendations to the Commission about which phthalates, or combinations of phthalates (in addition to those identified in section 108 of the CPSIA), or phthalate alternatives should be prohibited from use in children's toys or child care articles or otherwise restricted. The Commission selected the CHAP members from scientists nominated by the National Academy of Sciences. See 15 U.S.C. 2077, 2030(b).

The CHAP met previously in April, July, and December 2010, and in March and July 2011, at the CPSC's offices in Bethesda, MD, and by teleconference in November 2010. The CHAP heard testimony from interested parties at the July 2010 meeting. The September 2011 conference call will include discussion of the CHAP's progress in its analysis of potential risks from phthalates and phthalate substitutes. There will not be any opportunity for public comment during the conference call.
