Administration for Children and Families

Submission for OMB Review; Comment Request

Title: Survey on Strategies To Address Barriers and Reduce Delays in Interjurisdictional Placements.

OMB No.: New collection.
Description: The Children’s Bureau of the Administration for Children and Families (ACF) is proposing to collect information from 52 State/territory child welfare directors to assess strategies that child welfare agencies have developed to facilitate interjurisdictional placements for children in the child welfare system—primarily abused and neglected children—and to determine the supports and services needed to facilitate these placements. Respondents will be asked to assess the outcome of ACF grants intended to improve the performance of services related to interjurisdictional placements.
The Adoption and Safe Families Act (ASFA) (Pub. L. 105–89) includes new mandates on interjurisdictional resources and removing barriers to the placement of children across State lines. Collecting data from State child welfare agencies about effective strategies for facilitating interjurisdictional placements will help the Children’s Bureau support efforts that complement those strategies. Data collected on the benefits and weaknesses of various strategies will help the Children’s Bureau plan for future activities. Data will be collected through a web-based survey; respondents will have the option to complete the survey using a paper version.
Respondents: The 52 State/territory child welfare directors.
