

provide enough firefighting capability to adequately charge two fire-fighting hoses that can reach the corresponding break of the next fire valve location.

(k) The delivery of individuals and firefighting materials is simplified and expedited by the utilization of the track. This, in conjunction with the readily available and easily identifiable fire valves, will lessen the response time to contain and extinguish a fire.

(l) To simplify training, the fire valve location can be explained as located in every other break along the track entry.

(m) The initial steps of hooking up the fire-fighting equipment to the fire valve will take place in the isolated intake escapeway.

(n) For command-and-control purposes, communication and tracking systems are optimal in the No. 2 intake/track entry.

The petitioner proposes the following alternative method:

(a) The 6-inch waterline shall be installed in an entry adjacent to the conveyor belt entry with the fire hydrants located at the crosscuts connecting the intake/track entry and the belt entry. The 6-inch waterline will be located along the rib line nearest to the No. 3 belt entry.

(b) The fire hydrants shall be spaced not more than 320 feet apart.

(c) The fire hydrants shall be operable, clearly identified, and positioned such that the hose can be quickly connected to the outlet in the event of an emergency.

(d) Access to the fire hydrants shall be maintained clear of obstructions.

(e) Signs shall be conspicuously placed in the belt entry indicating the location of each fire hydrant.

(f) Between the No. 2 intake/track entry and the No. 3 belt entry, personnel doors shall be installed at distances not to exceed 320 feet and maintained in operable condition in the stopping opposite each fire hydrant to allow easy access to the hydrant.

(g) In addition to the 500 feet of fire hose required by 30 CFR 75.1100–2 (b), at least 300 feet of extra fire hose shall be kept in the immediate area of the section belt drive. The strategically located fire hose shall be sufficient in length so that any affected area on the belt can be covered from the most proximate fire hose outlet. Two fire hose nozzles and a three-way manifold shall be provided in the fire hose cache.

(h) A fire valve shall be installed at the section tailpiece and will be supplied by a suitably sized and rated water hose extending from the 6-inch waterline. If required, additional fire valves shall be installed in the suitably sized and rated water hose between the

6-inch waterline and section tailpiece to maintain the 320-foot interval. The fire valves shall be capable of delivering a minimum of 50 gallons of water a minute at a nozzle pressure of 50 pounds per square inch.

(i) Prior to implementing the Proposed Decision and Order, all persons who inspect, install, and maintain the waterline shall be instructed in the special terms and conditions of this alternative method. Within 60 days after the Proposed Decision and Order becomes final, the petitioner shall submit proposed revisions for their approved 30 CFR part 48 training plan to the Coal Mine Safety and Health District Manager. These proposed revisions shall specify initial and refresher training regarding the alternative method outlined in the Proposed Decision and Order and the special terms and conditions stated in the Proposed Decision and Order.

The petitioner asserts that the alternative method proposed will at all times guarantee no less than the same measure of protection afforded the miners under the mandatory standard.

Director, Office of Standards, Regulations, and Variances.

NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

National Endowment for the Arts

Subject 60-Day Notice for the “Shakespeare in American Communities/Juvenile Justice: Data Collection Forms” Proposed Collection; Comment Request

AGENCY: National Endowment for the Arts.

ACTION: Notice.

SUMMARY: The National Endowment for the Arts (NEA), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the NEA is soliciting comments concerning the proposed information collection for Shakespeare in American Communities/Juvenile Justice subgrantees, which will include a survey for teaching artists, and supplemental application and final report forms. Copies of the current information collection request can be obtained by contacting the office listed below in the address section of this notice.

DATES: Written comments must be submitted to the office listed in the address section below within 60 days from the date of this publication in the **Federal Register**.

ADDRESSES: Send comments to Sunil Iyengar, National Endowment for the Arts, via email (research@arts.gov).

SUPPLEMENTARY INFORMATION: The NEA is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Dated: September 26, 2022.

Bonita Smith,
Director, Office of Administrative Services & Contracts, National Endowment for the Arts.
