DEPARTMENT OF THE INTERIOR**Bureau of Indian Affairs****Notice of Intent To Prepare an Environmental Impact Statement for the Proposed Hannahville Tribe of Potawatomi Indians' Hotel and Casino Project, Romulus, MI**

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice.

SUMMARY: This notice advises the public that the Bureau of Indian Affairs (BIA) as lead agency, with Hannahville Tribe of Potawatomi Indians (Tribe) as a cooperating agency, intends to gather information necessary for preparing an Environmental Impact Statement (EIS) for a proposed hotel and casino project to be located on 9.8 acres of a 24.8 acre parcel owned by the Tribe in Romulus, Michigan. The purpose of the proposed action is to help address the socioeconomic needs of the Tribe. This notice also announces a public scoping meeting to identify public and agency concerns and alternatives to be considered in the EIS. The Tribes' application seeks to have a portion of

the off-reservation parcel taken into trust pursuant to Section 5 of the Indian Reorganization Act and implementing regulations in 25 CFR part 151, and requests a Secretarial determination pursuant to Section 20(b)(1)(A) of the Indian Gaming Regulatory Act that a proposed gaming establishment on the parcel would be in the best interest of the Tribe and its members, and not detrimental to the surrounding community. We are aware that some members of the public have expressed concerns about off-reservation gaming. In this case, the parcel is located over 450 miles from the Tribe's reservation. We are soliciting and will consider accommodating the views of elected officials (State, county, city, etc.) and community members in the local areas as part of our decision-making process. We also plan a more detailed consideration of the broad implications associated with new gaming operations within established communities where gaming is not currently conducted.

DATES: The public hearing will be held March 8, 2007, starting at 7 p.m. and continuing until all those who wish to make statements have been heard.

Written comments on the scope and implementation of this proposal must arrive by March 26, 2007.

ADDRESSES: The public scoping meeting will be at the Crowne Plaza Hotel Detroit Metro Airport, 800 Merriman Road, Romulus, Michigan 48174. It will be co-hosted by the BIA and the Tribe. You may mail or hand-carry written comments to Terrance L. Virden, Regional Director, Midwest Region, Bureau of Indian Affairs, Bishop Henry Whipple Federal Building, One Federal Drive, Room 550, Ft. Snelling, Minnesota 55111.

FOR FURTHER INFORMATION CONTACT: Scott Doig, (612) 725-4514.

SUPPLEMENTARY INFORMATION: The proposed project is located on a 24.8-acre site in the City of Romulus, Michigan. The site is situated north of the Detroit Metropolitan Airport, approximately 0.5 miles north of Interstate 94 and 20 miles east of Detroit, Michigan. As part of the project, the U.S. Department of the Interior, on behalf of the Tribe, will consider whether or not to take 9.8 acres of the 24.8-acre project site into federal trust. In addition to the proposed action, a reasonable range of alternatives, which will include a no-action alternative and may include an on-reservation alternative, will be considered during the NEPA compliance process.

The Tribe consists of approximately 780 members. A Tribal Council, under a federally approved constitution,

governs tribal affairs. The United States presently holds approximately 5,800 acres of land in the upper peninsula of the State of Michigan in trust for the Tribe.

FOR FURTHER INFORMATION CONTACT:

Sandra Meyers, Field Office Manager, Monticello Field Office, Bureau of Land Management, P.O. Box 7, Monticello, Utah 84535; (435) 587-1500.

SUPPLEMENTARY INFORMATION: The BLM is implementing this action on 987 acres of public land in San Juan County, in southeast Utah. The BLM's Monticello Field Office has observed and documented a high probability of flash flood danger in the Newspaper Rock Area. Adverse effects to soils and vegetation from overnight camping use are also present in the area. Based on this information, BLM's authorized officer has determined that overnight camping in this area is causing, or will cause, unsafe camping opportunities for the public and considerable adverse effects upon soils and vegetation. Consequently, this area is being closed to overnight camping use. A map showing the closure area is available for public inspection at the BLM's Monticello Field Office, at the above address. Camping use on the remainder of the public lands in San Juan County, Utah, administered by the BLM, will be managed according to existing **Federal Register** orders and the 1991 San Juan Resource Area Resource Management Plan. This closure order does not apply to:

(1) Any Federal, state or local government law enforcement officer engaged in enforcing this closure order or member of an organized rescue or fire fighting force while in the performance of an official duty.

(2) Any BLM employee, agent, contractor, or cooperater while in the performance of an official duty.

This order shall not be construed as a limitation on BLM's future planning efforts. The BLM will periodically monitor resource conditions and trends in the closure area and may modify this order or implement additional limitations or closures as necessary.
