SUPPLEMENTARY INFORMATION: The Commission is reopening the period for public comment on proposed amendments to regulation 150.2.¹ The amendments were proposed on November 21, 2007 and the comment period initially closed on December 21, 2007.² The amendments, if adopted by the Commission, would increase the Federal speculative position limits enumerated in regulation 150.2 for all single-month and all-months-combined positions in all commodities except oats, pursuant to parameters specified in Commission regulation 150.5(c). The amendments would also aggregate positions in all designated contract market products that share substantially identical terms with the contracts enumerated in regulation 150.2 for the purposes of ascertaining compliance with the Federal speculative position limits.

By letter dated December 7, 2007, the National Grain and Feed Association, an association representing companies that utilize exchange traded agricultural contracts to manage price and inventory risks,³ and by letter dated December 14, 2007, the American Bakers Association, an association representing the interests of the wholesale baking industry,⁴ requested an extension of the comment period to better develop a response to Commission's proposed amendments. While the Commission has received commentary on the proposed amendments,⁵ it believes that it would be appropriate to reopen the comment period to ensure that an adequate opportunity is provided for the submission of additional meaningful and substantive comments. Accordingly, the Commission has determined to reopen the comment period for the proposed amendments to regulation 150.2 to January 21, 2008. The Commission notes that it will give full consideration to any comment received in the interval between the closing and reopening of the comment period for the proposed amendments.
