

Final Results of Review

We determine that the following percentage margin exists for the period May 1, 2000 through April 30, 2001:

Stainless Steel Plate in Coils from Taiwan	
Manufacturer/exporter/re-seller	Margin (percent)
YUSCO	8.02

The Department shall determine, and U.S. Customs Service shall assess, antidumping duties on all appropriate entries. The Department will issue appraisal instructions directly to the U.S. Customs Service. For duty-assessment purposes, we will instruct Customs to assess the rate indicated above against the entered value of the subject merchandise entered during the period of review.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of the final results of this administrative review for all shipments of stainless steel plate in coils from Taiwan entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(1) of the Act: (1) The cash deposit rate for YUSCO will be the rate listed above, unless YUSCO's subject merchandise is exported to the United States through Ta Chen. If YUSCO's subject merchandise is exported to the United States through Ta Chen, then Customs should continue to apply a cash deposit rate of 10.20 percent; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be the "all others" rate of 7.39 percent, which is the all others rate established in the LTFV investigation. These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

Notification of Interested Parties

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to

liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective orders ("APOs") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This issuing and publishing this determination in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: June 7, 2002.

Faryar Shirzad,

Assistant Secretary for Import Administration.
