A. Does this action apply to me?

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action.

B. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through [regulations.gov](http://www.regulations.gov) or email. Clearly mark the part or all of the information that you claim to be CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

II. Background on the Receipt of Requests To Cancel and/or Amend Registrations To Delete Uses

This notice announces receipt by EPA of requests from registrants Wagner Regulatory Associates, Inc., on behalf of Willowood Lambda Cyhalothrin LLC, Gowan Company, Farnam Companies, Inc., Pyxis Regulatory Consulting, Inc. on behalf of Alligare, LLC. and Makhteshim Agan of North America, Inc. (MANA) to delete certain uses of Methiocarb, Lambda-Cyhalothrin, Permethrin and Prodiamine product registrations. In letters dated September 10, 2013, September 27, 2013, September 20, 2013, October 28, 2013 and October 31, 2013 the Gowan Company, Wagner Regulatory Associates, Inc., Farnam Companies, Inc., Pyxis Regulatory Consulting, Inc. and MANA requested EPA to cancel certain uses of pesticide product registrations identified in Tables 1 and 2 of Unit II., respectively. Specifically, Gowan Company voluntarily requested the removal/deletion of domestic outdoor uses and nonresidential turf uses from the Methiocarb technical label. The registrant also requested a 30-day comment period, and waived the 180-day comment period. Wagner Regulatory Associates, Inc. voluntarily requested the cancellation of indoor and outdoor residential uses from the Willowood Lambda-Cyhalothrin technical label. The registrant requested a 30-day comment period, and waived the 180-day comment period. Farnam Companies, Inc. voluntarily requested the cancellation of dog use from the Permethrin Farnam Purge Plus Insecticide label. The registrant requested a 30-day comment period, and waived the 180-day comment period. Pyxis Regulatory Consulting, Inc. voluntarily requested the use deletion of weed control of drainage ditches in California and Arizona from the Alligare Prodiamine 4L and 65 WG Herbicide labels. The registrant requested a 30-day comment period, and waived the 180-day comment period. MANA voluntarily requested the termination of the drainage ditch uses

from the Prodiamine 65WG label. The registrant requested a 30-day comment period, and waived the 180-day comment period. The requests would not terminate the last Methiocarb, Lambda-Cyhalothrin, Permethrin or Prodiamine products registered for use in the United States, or the last Methiocarb, Lambda-Cyhalothrin, Permethrin or Prodiamine pesticide products registered in the United States for these uses.

III. What action is the Agency taking?

This notice announces receipt by EPA of requests from registrants to delete

certain uses of Methiocarb, Lambda-Cyhalothrin, Permethrin and Prodiamine product registrations. The request would delete: Methiocarb domestic outdoor uses and nonresidential turf uses from the Methiocarb technical label (EPA Reg. No. 10163–230); Lambda-Cyhalothrin indoor and outdoor residential use from the Willowood Lambda-Cyhalothrin technical label (EPA Reg. No. 88541–1); Permethrin use on dogs from the label of Farnam Purge Pesticide (EPA Reg. No. 270–279); Prodiamine use for weed control of drainage ditches in California

and Arizona from label (EPA Reg. Nos. 81927–49 and 81927–36); and Prodiamine drainage ditch uses from label (EPA Reg. No. 66222–89). The affected products and the registrants making the requests are identified in Tables 1 and 2 of this unit.

Unless a request is withdrawn by the registrant or if the Agency determines that there are substantive comments that warrant further review of this request, EPA intends to issue an order amending the affected registrations.

IV. What is the Agency's authority for taking this action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**.

Section 6(f)(1)(B) of FIFRA requires that before acting on a request for voluntary cancellation, EPA must provide a 30-day public comment period on the request for voluntary cancellation or use termination. In addition, FIFRA section 6(f)(1)(C) requires that EPA provide a 180-day comment period on a request for voluntary cancellation or termination of any minor agricultural use before granting the request, unless:

1. The registrants request a waiver of the comment period, or
2. The EPA Administrator determines that continued use of the pesticide would pose an unreasonable adverse effect on the environment.

The Methiocarb, Lambda-Cyhalothrin, Permethrin and Prodiamine product registrants have requested that EPA waive the 180-day comment period. Accordingly, EPA will provide a 30-day comment period on the proposed requests.

V. Procedures for Withdrawal of Requests

Registrants who choose to withdraw a request for product cancellation or use deletion should submit the withdrawal in writing to the person listed under **FOR FURTHER INFORMATION CONTACT**. If the products(s) have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling.

VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products that are currently in the United States and that were packaged, labeled, and released for shipment prior to the effective date of the action. If the requests for amendments to delete uses are granted, the Agency intends to publish the cancellation order in the **Federal Register**.

In any order issued in response to these requests for amendments to delete uses, EPA proposes to include the following provisions for the treatment of any existing stocks of the products listed in Table 1 of Unit III.

Once EPA has approved product labels reflecting the requested amendments to delete uses, registrants will be permitted to sell or distribute products under the previously approved

labeling for a period of 18 months after the date of **Federal Register** publication of the cancellation order, unless other restrictions have been imposed. Thereafter, registrants will be prohibited from selling or distributing the products whose labels include the deleted uses identified in Table 1 of Unit III., except for export consistent with FIFRA section 17 or for proper disposal.

Persons other than the registrant may sell, distribute, or use existing stocks of products whose labels include the deleted uses until supplies are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the deleted uses.
