

Complainant's motion for leave to amend the complaint and notice of investigation to add the two 12PanelMedical affiliates and update the address information for 12PanelMedical and AlcoPro. Order No. 8 (March 9, 2021). Specifically, the ID finds that amending the Complaint and Notice of Investigation to add the 12PanelMedical affiliates will aid in the development of the Investigation and is necessary to avoid prejudicing the public interest and rights of the parties to the Investigation. The subject ID finds that Complainant's motion is supported by good cause pursuant to Commission Rule 210.14(b) (19 CFR 210.14(b)) and that there is no prejudice to any party if the motion is granted. No party petitioned for review of the subject ID.

The Commission has determined not to review the subject ID. 12Panel Now, Inc. and Hospital Connect, Inc. are named respondents in this investigation and the address information for respondents 12PanelMedical and AlcoPro has been updated.

The Commission vote for this determination took place on March 24, 2021.

While temporary remote operating procedures are in place in response to COVID-19, the Office of the Secretary is not able to serve parties that have not retained counsel or otherwise provided a point of contact for electronic service. Accordingly, pursuant to Commission Rules 201.16(a) and 210.7(a)(1) (19 CFR 201.16(a), 210.7(a)(1)), the Commission orders that the complainant complete service for any party/parties without a method of electronic service noted on the attached Certificate of Service and shall file proof of service on the Electronic Document Information System (EDIS).

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: March 24, 2021.

Lisa Barton,

Secretary to the Commission.

I. Background

Section 101(c) of the Federal Mine Safety and Health Act of 1977 (Mine Act) allows the mine operator or representative of miners to file a petition to modify the application of any mandatory safety standard to a coal or other mine if the Secretary of Labor determines that:

1. An alternative method of achieving the result of such standard exists which will at all times guarantee no less than the same measure of protection afforded the miners of such mine by such standard; or
