

any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed change would provide the public and investors with up-to-date information about the types of Derivative Securities Products that can trade on the Exchange on a UTP basis and would promote competition by adding additional types of Derivative Securities Products that may trade on the Exchange pursuant to UTP.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; or (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁷ and Rule 19b-4(f)(6) thereunder.⁸

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act⁹ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)¹⁰ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative upon filing. The Exchange believes that a waiver of the operative delay is consistent with the protection of investors and the public interest because it would allow for the immediate trading, pursuant to UTP, of Active Proxy Portfolio Shares, Tracking Fund Shares, and Proxy Portfolio Shares on the Exchange and therefore would provide investors with an additional

trading venue option. In addition, the proposal would specifically name products substantially similar to Investment Company Units known as Index Fund Shares on other exchanges in the list of product that may trade on the Exchange pursuant to unlisted trading privileges. The Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Therefore, the Commission hereby waives the operative delay and designates the proposed rule change operative upon filing.¹¹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

FICC filed the proposed rule change pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(3) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Clearing Agency’s Statement of the Terms of Substance of the Proposed Rule Change

The proposed rule change consists of amendments to the Clearing Agency Policy on Capital Requirements (“Capital Policy” or “Policy”) of FICC and its affiliates, National Securities Clearing Corporation (“NSCC”) and The Depository Trust Company (“DTC,” and together with FICC and NSCC, the “Clearing Agencies”). II. Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the clearing agency included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The clearing agency has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

(A) Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Clearing Agencies are proposing to revise the Capital Policy, which was adopted by the Clearing Agencies in July 2017⁶ and is maintained by the Clearing Agencies in compliance with Rule 17Ad-22(e)(15) under the Act,⁷ in order to (1) update the frequency of the calculation of the Total Capital Requirement to align with the Clearing Agencies’ quarterly financial statements; (2) replace the description of the calculation of the Recovery/Wind-down Capital Requirement with a reference to the Clearing Agencies’ Recovery & Wind-down Plans to eliminate redundancy between these documents; (3) revise the description of the additional LNA funded by equity, referred to as the “Buffer” to provide the Clearing Agencies with flexibility in calculating this discretionary amount; and (4) make other updates and revisions to the Capital Policy in order to simplify the language and improve the clarity of the Policy, as described in greater detail below.

Overview of the Capital Policy

The Capital Policy sets forth the manner in which each Clearing Agency identifies, monitors, and manages its general business risk with respect to the requirement to hold sufficient LNA funded by equity to cover potential general business losses so the Clearing Agency can continue operations and services as a going concern if such losses materialize.⁸ The amount of LNA funded by equity to be held by each of the Clearing Agencies for this purpose is defined in the Policy as the General Business Risk Capital Requirement.
