

present, this system covers all major metropolitan areas and many smaller cities and towns; however, many rural areas lack NOAA Weather Radio coverage. The Rural Utilities Service Weather Radio Transmitter Grant Program finances the installation of new transmitters to extend the coverage of the National Oceanic and Atmospheric Administration's Weather Radio system (NOAA Weather Radio) in rural America thereby promoting public safety and awareness. The President of the United States and the United States Congress have made \$5 million in grant funds available to facilitate the expansion of NOAA Weather Radio system coverage into rural areas that are not covered or are poorly covered at this time. This grant program will continue to provide grant funds, on an expedited basis, for use in rural areas and communities of 50,000 or less inhabitants. Grant funds are available immediately and applications will be processed on a first-come, first-served basis until the appropriation is used in its entirety. Grant funds are used to purchase and install NOAA Weather Radio transmitters and antennas that are combined with donated tower space and other site resources to establish new rural NOAA Weather Radio transmitters. Eligible applicants must be non-profit corporations or associations (including Rural Utilities Service electric and telecommunications borrower cooperatives), units of local or state government, or Federally-recognized Indian tribes.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 6 hours per response.

Respondents: Not-for-profit institutions, State, Local or Tribal Government.

Estimated Number of Respondents: 113.

Estimated Number of Responses per Respondent: 2.

Estimated Total Annual Burden on Respondents: 1,356.

Copies of this information collection can be obtained from MaryPat Daskal, Program Development and Regulatory Analysis, at (202) 720-7853, FAX: (202) 720-4120.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Dated: April 30, 2004.

Hilda Gay Legg,

Administrator, Rural Utilities Service.

BILLING CODE 3410-15-P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for Clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act of 1995, Pub. L. 104-13.

Bureau: International Trade Administration.

Title: Implementation of Tariff Rate Quota Established Under Title V of the Trade and Development Act of 2000 as Amended by the Trade Act of 2002 for Imports of Certain Worsted Wool Fabric.

Agency Form Number: ITA-4139P, ITA-4140P.

OMB Number: 0625-0240.

Type of Request: Regular submission.

Estimated Burden: 352 hours.

Estimated Number of Respondents: 24.

Est. Avg. Hours Per Response: 1-24 hours.

Needs and Uses: Title V of the Trade and Development Act of 2000 ("the Act") as amended by the Trade Act of 2002 contains several provisions to assist the wool products industries. These include the establishment of tariff rate quotas (TRQ) for a limited quantity of worsted wool fabrics. The Act requires the President to fairly allocate the TRQ to persons who cut and sew men's and boys' worsted wool suits and suit like jackets and trousers in the United States, and who apply for an allocation based on the amount of suits they produce in the prior year. The Act further requires the President, on an annual basis, to consider requests from the manufacturers of the apparel products listed above, to modify the limitation on the quantity of imports subject to the TRQ. The Act specifies factors to be addressed in considering such requests. The TRQ was originally effective for goods entered or withdrawn from warehouse for consumption, on or after January 1, 2001, and was to remain in force through 2003. On August 6, 2002, President Bush signed into law the Trade Act of 2002, which includes several amendments to Title V of the Act including the extension of the program through 2005. A TRQ allocation will be valid only in the year for which it is issued.

On December 1, 2000, the President issued Proclamation 7383 that, among other things, delegates authority to the Secretary of Commerce to allocate the TRQ; to consider, on an annual basis, requests to modify the limitation on the quantity of the TRQ and to recommend appropriate modifications to the

President; and to issue regulations to implement these provisions. On January 22, 2001, the Department of Commerce published regulations establishing procedures for allocation of the tariff rate quotas (66 FR 6459, 15 CFR part 335) and for considering requests for modification of the limitations (66 FR 6459, 15 CFR part 340).

The Department must collect certain information in order to fairly allocate the TRQ to eligible persons and to make informed recommendations to the President on whether or not to modify the limitation on the quantity of the TRQ. This request for comment is for the proposed information collections after July 31, 2004.

Affected Public: Business or other for profits.

Frequency: Annually.

Respondent's Obligation: Voluntary.

OMB Desk Officer: David Rostker, (202) 395-7340.

Copies of the above information collection proposal can be obtained by writing Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6625, 14th & Constitution Avenue, NW., Washington, DC 20230 or via the Internet at dHynek@doc.gov.

Written comments and recommendations for the proposed information collection should be sent to David Rostker, OMB Desk Officer, Room 10202, New Executive Office Building, Washington, DC 20503 within 30 days of the publication of this notice in the **Federal Register**.

Dated: May 3, 2004.

Madeleine Clayton,

Management Analyst, Office of the Chief Information Officer.
