SUPPLEMENTARY INFORMATION:

Title: FERC–542 (Gas Pipeline Rates: Rate Tracking).

OMB Control No.: 1902–0070.

Type of Request: Three-year extension of the FERC–542 information collection requirements with no changes to the current reporting requirements.

Abstract: The Commission uses FERC–542 filings to verify that costs which are passed through to pipeline

customers as rate adjustments are consistent with the Natural Gas Policy Act (NGPA), 15 U.S.C. 3301–3432, and sections 4 and 5 of the Natural Gas Act (NGA), 15 U.S.C. 717c and 717d. These statutory provisions require FERC to regulate the transmission and sale of natural gas for resale in interstate commerce at just and reasonable rates. This collection of information is also in accordance with section 16 of the NGA, 15 U.S.C. 717o, which authorizes FERC to implement the NGA through its rules and regulations.

The regulations at 18 CFR part 154 include provisions that allow an interstate natural gas pipeline to submit filings seeking to:

- Recover research, development and demonstration expenditures (18 CFR 154.401);
- Recover annual charges assessed by the Commission under 18 CFR part 382 (18 CFR 154.402); and
- Pass through, on a periodic basis, a single cost or revenue item such as fuel use and unaccounted-for natural gas in kind (18 CFR 154.403).

FERC–542 filings may be submitted at any time or on a regularly scheduled

basis in accordance with the pipeline company’s tariff. Filings may be: (1) accepted or rejected; (2) suspended and set for hearing; (3) minimal suspension; or (4) suspended for further review, such as technical conference or some other type of Commission action. The Commission implements these filing requirements under 18 CFR part 154.

Type of Respondents: Jurisdictional Natural Gas Pipelines.

*Estimate of Annual Burden:*¹ The Commission estimates the total burden and cost for this information collection as follows:

FERC–542—GAS PIPELINE RATES: RATE TRACKING

Type of response	Annual number of respondents	Annual number of responses per respondent	Total number of responses	Average burden hours & cost per respondent	Total annual burden hours & total annual cost (rounded)	Cost per respondent (rounded)
	(1)	(2)	(1) * (2) = (3)	(4) ²	(3) * (4) = (5)	(5) ÷ (1)
Request to Recover Costs from Customers.	94	2	188	2 hrs; \$174	376 hrs; \$32,712	\$174

Comments: Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have practical utility; (2) the accuracy of the agency’s estimate of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.
