Title: 7 CFR 1944-B, Housing Applications Packaging Grants.

OMB Control Number: 0575-0157.

Summary of Collection: Section 509 of the Housing Act of 1949, as amended, authorizes the Rural Housing Service (RHS) to make grants to private and public nonprofit organizations and State and local governments to package housing applications for Section 502, 504, 514/515 and 533 to colonias and designated counties. Animal Plant and Health Inspection Service

Title: Recognizing the Animal Disease Status of Regions in the European Union.

OMB Control Number: 0579-New.

Summary of Collection: title 21, U.S.C. authorizes sections 111, 114, 114a, 114-1, 115, 120, 121, 125, 126, 134a, 134c, 134f, and 134g. These authorities permit the Secretary to prevent, control and eliminate domestic diseases such as brucellosis, as well as to take actions to prevent and to manage exotic diseases such as hog cholera and other foreign diseases. Disease prevention is the most effective method for maintaining a healthy animal population and enhancing the Animal Plant and Health Inspection service (APHIS) ability to compete in exporting animal and animal products. APHIS published a rule that would recognize Greece as a region free of foot-and-mouth disease; recognize Greece and nine regions in northern Italy as free of swine vesicular disease; and recognize Austria, Belgium, France, Germany, Greece, Italy, Luxembourg, the Netherlands, Portugal, and Spain as a region free of hog cholera. Recognizing the new animal health status of these regions will allow them to import swine, pork and pork products, and swine semen into the United States under less stringent conditions, and will be regarded by the international community as a lowering of trade barriers. APHIS will collect information using certificates.

Need and use of the Information: APHIS will collect information concerning the origin and history of the items destined for importation into the United States. APHIS will also collect information to ensure that swine, pork and pork products, and swine semen pose a negligible risk of introducing exotic swine diseases into the United States. if the information is not collected it would cripple APHIS' ability to ensure that swine, pork and pork products, and swine semen pose a minimal risk of introducing hog cholera and other exotic animal disease into the United States.

Agricultural Marketing Service

Title: Specified Commodities Imported into the United States Exempt from Import Requirements, 7 CFR Part 944, 980, and 999.

OMB Control Number: 0581-0167.

Summary of Collection: Agricultural Marketing Agreement Act of 1937 (AMAA), as amended (7 U.S.C. 601-674) provides that when certain domestically produced commodities are regulated under a Federal marketing order; imports of the commodity must meet the same or comparable requirements. Import regulations apply only during those periods when domestic marketing order regulations are in effect. No person may import products for processing or other exempt purposes unless an executed Importers Exempt Commodity Form (FV-6) accompanies the shipment. The Civil Penalty Stipulation Agreement (FV-7) is a "volunteer" form that provides the Agricultural Marketing Service (AMS) with an additional tool to obtain resolution of certain cases without the cost of going to a hearing.

Need and Use of the Information: AMS utilizes the information to ensure that imported goods destined for exempt outlets are given no less favorable treatment than that afforded to domestic goods destined for such exempt outlets. The importers wishing to import commodities will use form FV-6, "Importer's Exempt Commodity", which requires a minimum amount of information.

Description of Respondents: Business or other for-profit; not-for-profit institutions.
