

21-AD." The postcard will be date stamped and returned to the commenter.

The regulations adopted herein will not have a substantial direct effect on the States, on the relationship between the national Government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, it is determined that this final rule does not have federalism implications under Executive Order 13132.

The FAA has determined that this regulation is an emergency regulation that must be issued immediately to correct an unsafe condition in aircraft, and that it is not a "significant regulatory action" under Executive Order 12866. It has been determined further that this action involves an emergency regulation under DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1979). If it is determined that this emergency regulation otherwise would be significant under DOT Regulatory Policies and Procedures, a final regulatory evaluation will be prepared and placed in the Rules Docket. A copy of it, if filed, may be obtained from the Rules Docket at the location provided under the caption **ADDRESSES**.

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Safety.

Adoption of the Amendment

Accordingly, pursuant to the authority delegated to me by the Administrator, the Federal Aviation Administration amends part 39 of the Federal Aviation Regulations (14 CFR part 39) as follows:

PART 39—AIRWORTHINESS DIRECTIVES

1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

2. Section 39.13 is amended by adding a new airworthiness directive to read as follows:

2002-13-51 Arrow Falcon Exporters, Inc. (previously Utah State University); Firefly Aviation Helicopter Services (previously Erickson Air-Crane Co.); Garlick Helicopters, Inc.; Global Helicopter Technology, Inc.; Hagglund Helicopters, LLC (previously Western International Aviation, Inc.); Hawkins and Powers Aviation, Inc.; International Helicopters, Inc.; Robinson Air Crane, Inc.; Smith Helicopters; Southern Helicopter, Inc.; Southwest Florida Aviation; Tamarack Helicopters, Inc.

(previously Ranger Helicopters Services, Inc.); U.S. Helicopter, Inc.; and Williams Helicopter Corporation (previously Scott Paper Co.): Amendment 39-12836. Docket No. 2002-SW-21-AD.

Applicability: Model HH-1K, TH-1F, TH-1L, UH-1A, UH-1B, UH-1E, UH-1F, UH-1H, UH-1L, and UH-1P; Southwest Florida Aviation SW204, SW204HP, SW205, and SW205A-1 helicopters manufactured by Bell Helicopter Textron, Inc. for the Armed Forces of the United States, with tail rotor (T/R) grip, part number 205-011-711-101, installed, certificated in any category.

Note 1: This AD applies to each helicopter identified in the preceding applicability provision, regardless of whether it has been otherwise modified, altered, or repaired in the area subject to the requirements of this AD. For helicopters that have been modified, altered, or repaired so that the performance of the requirements of this AD is affected, the owner/operator must request approval for an alternative method of compliance in accordance with paragraph (c) of this AD. The request should include an assessment of the effect of the modification, alteration, or repair on the unsafe condition addressed by this AD; and if the unsafe condition has not been eliminated, the request should include specific proposed actions to address it.

Compliance: Required before further flight, unless accomplished previously.

To prevent failure of the T/R grip and subsequent loss of control of the helicopter, accomplish the following:

- (a) Clean the T/R grip.
- (b) Determine if the T/R grip is made of steel by placing a magnet on the exterior of the main body of the T/R grip. Do *not* make this determination by placing the magnet on the steel bushing or steel interior liner. If the main body of the T/R grip is not made of steel, replace it with an airworthy steel T/R grip. Only replacement T/R grips made of steel are eligible for installation.

(c) An alternative method of compliance or adjustment of the compliance time that provides an acceptable level of safety may be used if approved by the Manager, Rotorcraft Certification Office, FAA. Operators shall submit their requests through an FAA Principal Maintenance Inspector, who may concur or comment and then send it to the Manager, Rotorcraft Certification Office.

Note 2: Information concerning the existence of approved alternative methods of compliance with this AD, if any, may be obtained from the Rotorcraft Certification Office.

(d) Special flight permits may be issued in accordance with 14 CFR 21.197 and 21.199 to operate the helicopter to a location where the requirements of this AD can be accomplished.

(e) This amendment becomes effective on August 19, 2002, to all persons except those persons to whom it was made immediately effective by Emergency AD 2002-13-51, issued June 27, 2002, which contained the requirements of this amendment.

Issued in Fort Worth, Texas, on July 25, 2002.

Eric Bries,

Acting Manager, Rotorcraft Directorate, Aircraft Certification Service.

BILLING CODE 4910-13-U

DEPARTMENT OF COMMERCE

Bureau of Industry and Security

15 CFR Part 774

[Docket No. 020509118-2164-02]

RIN 0694-AC62

Revisions and Clarifications to the Export Administration Regulations—Chemical and Biological Weapons Controls: Australia Group; Chemical Weapons Convention; Correction

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Final rule; correction.

SUMMARY: On Friday, May 31, 2002 (67 FR 37977), the Bureau of Industry and Security (BIS) published a final rule that amended the Export Administration Regulations (EAR) to implement the understandings reached at the October 2001 plenary meeting of the Australia Group (AG). The May 31, 2002, final rule contained two errors in the List of Items Controlled for Export Control Classification Number (ECCN) 2B350 on the Commerce Control List (CCL). This document corrects those errors.

DATES: This correction is effective August 2, 2002.

FOR FURTHER INFORMATION CONTACT:

James Seevaratnam, Office of Nonproliferation Controls and Treaty Compliance, Bureau of Industry and Security, Telephone: (202) 501-7900.

SUPPLEMENTARY INFORMATION: This document corrects two errors in the List of Items Controlled for Export Control Classification Number (ECCN) 2B350, which was revised in a final rule that was published by the Bureau of Industry and Security (BIS) on May 31, 2002 (67 FR 37977).

The **SUPPLEMENTARY INFORMATION** section of the May 31, 2002, rule stated that BIS was revising ECCN 2B350 to control exports and reexports of critical components of certain AG-controlled chemical manufacturing equipment listed in that ECCN and also indicated that these critical components included the following: casings (valve bodies) or preformed casing liners designed for valves controlled by 2B350.g. The May 31, 2002, rule inadvertently omitted

these critical valve components from the introductory text of paragraph (g) in the List of Items Controlled for ECCN 2B350. This document corrects that oversight.

The May 31, 2002, rule also contained a minor typographical error in the List of Items Controlled for ECCN 2B350. The introductory text of 2B350.i used the phrase "casing (pump bodies)" to describe certain critical pump components controlled under 2B350.i. The phrase should have read: "casings (pump bodies)". This document corrects that error.

Rulemaking Requirements

1. This rule has been determined to be not significant for purposes of Executive Order 12866.

2. Notwithstanding any other provision of law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number. This rule contains collections of information subject to the requirements of the Paperwork Reduction Act of 1980 (44 U.S.C. 3501 *et seq.*). These collections have been approved by the Office of Management and Budget under Control Numbers 0694-0088 and 0694-0117.

3. This rule does not contain policies with Federalism implications as that term is defined in Executive Order 13132.

4. The provisions of the Administrative Procedure Act (5 U.S.C. 553) requiring notice of proposed rulemaking, the opportunity for public participation, and a delay in effective date, are inapplicable because this regulation involves a military and foreign affairs function of the United States (Sec. 5 U.S.C. 553(a)(1)). Further, no other law requires that a notice of proposed rulemaking and an opportunity for public comment be given for this final rule. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule under 5 U.S.C. 553 or by any other law, the analytical requirements of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) are not applicable.

Therefore, this regulation is issued in final form. Although there is no formal comment period, public comments on this regulation are welcome on a continuing basis. Comments should be submitted to Willard Fisher, Regulatory Policy Division, Bureau of Industry and Security, U.S. Department of Commerce, Room 2705, 14th Street and

Pennsylvania Avenue, NW., Washington, DC 20230.

According to the final rule, FR Doc. 02-13581, published at 67 FR 37977, make the following corrections:

PART 774—[CORRECTED]

Supplement No. 1 to Part 774—[Corrected]

1. On page 37988, first column, in ECCN 2B350, in the List of Items Controlled, paragraph g. (which includes g.1 through g.7) is corrected to read as follows:

2B350 Chemical manufacturing facilities and equipment, as follows (see List of Items Controlled).

* * * * *

List of Items Controlled

* * * * *

g. Valves with nominal sizes greater than 1.0 cm ($\frac{3}{8}$ in.), and casings (valve bodies) or preformed casing liners designed for such valves, in which all surfaces that come in direct contact with the chemical(s) being processed or contained are made from any of the following materials:

- g.1. Nickel or alloys with more than 40% nickel by weight;
- g.2. Alloys with more than 25% nickel and 20% chromium by weight;
- g.3. Fluoropolymers;
- g.4. Glass or glass lined (including vitrified or enameled coatings);
- g.5. Tantalum or tantalum alloys;
- g.6. Titanium or titanium alloys; or
- g.7. Zirconium or zirconium alloys.

* * * * *

2. On page 37988, first column, in ECCN 2B350, in the List of Items Controlled, in paragraph i. introductory text, line 8, the word "casing" is corrected to read "casings".

Dated: July 26, 2002.

James J. Jochum,
Assistant Secretary for Export Administration.

BILLING CODE 3510-33-P

DEPARTMENT OF STATE

22 CFR Part 41

[Public Notice 4078]

Visas: Passports and Visas Not Required for Certain Nonimmigrants—Visa Waiver Program

AGENCY: Department of State, Bureau of Consular Affairs.

ACTION: Final rule; correction.

SUMMARY: On May 7, 2002, the Department of State published in the **Federal Register** [see 67 FR 30546], a document which removed the list of countries designated to participate in the Visa Waiver Program. The rule also amended the regulation by replacing "Visa Waiver Pilot Program" with "Visa Waiver Program" since the program is no longer a pilot program. The Department is publishing this rule to correct an error in this document.

DATES: Effective on August 2, 2002.

FOR FURTHER INFORMATION CONTACT: Pam Chavez, Legislation and Regulations Division, Visa Office, Room L624, SA-1, Department of State 20520-0106, 202-663-1206, or e-mail chavezpr@state.gov.

SUPPLEMENTARY INFORMATION: On May 7, 2002, the Department published a final rule document amending the regulations at 22 CFR 41.2(l). The document contained an error in the last line of the regulation making reference to part 40 rather than part 41.

Correction

In the **Federal Register** issue of May 7, 2002, on page 30547, in the last line of § 41.2(l)(2), correct "part 40" to read "part 41."

Dated: July 8, 2002.

Mary A. Ryan,
Assistant Secretary for Consular Affairs,
Department of State.

BILLING CODE 4710-06-P

DEPARTMENT OF TRANSPORTATION

Coast Guard

33 CFR Part 117

[CGD07-02-008]

RIN 2115-AE47

Drawbridge Operation Regulations; Oklawaha River, Marion County, FL

AGENCY: Coast Guard, DOT.

ACTION: Final rule.

SUMMARY: The Coast Guard is changing the regulations governing the operation of the Muclan Farms swingbridge across the Oklawaha River, mile 63.9, Marion County, Florida by allowing the span to remain permanently in the closed position. The bridge has not received a request for an opening since 1998. This action will accommodate the needs of the bridge owner and provide for the reasonable needs of navigation.

DATES: This rule is effective September 3, 2002.
