Announcement of the Intent To Award Three Supplements to Community Services Block Grant Award Recipients

AGENCY: Office of Community Services (OCS), Administration for Children and Families (ACF), Department of Health and Human Services (HHS).

ACTION: Notice of issuance of supplements.

SUMMARY: OCS announces the intent to award a supplement in the amount of up to \$3.6 million (\$1.2 million per year for 3 fiscal years at \$400,000 per individual award) to three Community Services Block Grant (CSBG) award recipients under Notice of Funding Opportunity (NOFO): Regional Performance and Innovation Consortia (RPIC) (HHS–2019–ACF–OCS–ET–1582, HHS–2019–ACF–OCS–ET–1586, and HHS–2019–ACF–OCS–ET–1587). The purpose of the RPIC awards is to support robust regional training and technical (T/TA) strategies for the CSBG Network—states, territories, directly-funded tribes and tribal organizations, and CSBG-eligible entities, and state associations within the 10 ACF regions. The RPICs are designed to assist in meeting high organizational standards in the areas of consumer input and involvement, community engagement, community assessment, organizational leadership, board governance, strategic planning, human resource management, financial operations and oversight, and data and analysis. In addition, the RPICs identify, promote, and support multiyear T/TA efforts to ensure high-quality programs and services and impactful outcomes for individuals, families, and communities.

DATES: The proposed period of performance is September 30, 2023, to September 29, 2026.

FOR FURTHER INFORMATION CONTACT: Dr. Lanikque Howard, Ph.D., Director, Office of Community Services, 330 C Street SW, Washington, DC 20201.

Telephone: (202) 740-5951; Email: lanikque.howard@acf.hhs.gov.

SUPPLEMENTARY INFORMATION: In Fiscal Year 2023, OCS published a total of 11 separate new competitive grant opportunities for the RPIC, each corresponding to a specific ACF region.¹ Each NOFO mandated that applicants

must be physically located in the ACF region of their application. As the merit review process was initiated, OCS identified that Regions 3, 6, and 7 were not represented by eligible applicants due to their inadvertent error of applying for a different region's NOFO rather than their own. This supplement will enable the current award recipients

to support and sustain the continuance of vital regional CSBG T/TA strategies and activities to align the period of performance, activities, timelines, and OCS oversight among all CSBG regional T/TA award recipients.

OCS announces the intent to award the following supplement awards:

Recipient	Award amount
Maryland Association of Community Action Agencies, Annapolis, Maryland	\$1,200,000
Oklahoma Association of Community Action Agencies, Inc., Edmond, Oklahoma	1,200,000
Kansas Association of Community Action Program, Inc., Topeka, Kansas	1,200,000

Statutory Authority: Sections 674(b)(2)(A) and 678A of the CSBG Act, as amended (42 U.S.C. 9903(b)(2)(A) and 9913).

Administration for Children and Families

Proposed Information Collection Activity; Home-Based Child Care Toolkit for Nurturing School-Age Children Study (New Collection)

AGENCY: Office of Planning, Research, and Evaluation, Administration for Children and Families, United States Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Administration for Children and Families (ACF) Office of Planning, Research, and Evaluation (OPRE) at the U.S. Department of Health and Human Services (HHS) is proposing to collect information to examine a toolkit of new measures designed to assess and strengthen the quality of child care, the Home-Based Child Care Toolkit for Nurturing School-Age Children (HBCC-NSAC Toolkit). This study aims to build evidence about the English version of the HBCC-NSAC

Toolkit for use by/with providers caring for children in a residential setting (*i.e.*, home-based child care [HBCC]).

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: You can obtain copies of the proposed collection of information and submit comments by emailing OPREinfocollection@acf.hhs.gov. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The HBCC-NSAC Toolkit is designed for home-based providers who regularly care for at least 1 school-age child who is not their own. The purpose of the HBCC-NSAC Toolkit is to help home-based providers identify their caregiving strengths and areas for growth. The HBCC-NSAC Toolkit consists of a self-administered provider questionnaire (composed of multiple newly developed measures) and a family communication questionnaire (composed of 1 communication tool). For validation purposes, the study will include the provider questionnaire from the HBCC-NSAC Toolkit with additional items from existing measures and a separate family survey with child and family background information items and items from an existing measure. A subset of providers will be observed with an existing observation measure. Study participants will include home-based providers who can complete the

provider questionnaire in English. They must currently care for at least 1 school-age child (age 5 and in kindergarten, or ages 6 through 12) in a home for at least 10 hours per week and for at least 8 weeks in the past year. These providers may also care for younger children (ages birth through 5 and not yet in kindergarten). Families (a parent or guardian of school-age children receiving care in the HBCC setting) who can complete the family survey in English will also be included in the study. The study will be based on a purposive sample of home-based providers in at least 10 geographic locations to maximize variation in the sample. OPRE proposes to collect survey and observational data from home-based providers who are licensed or regulated by states to provide child care and early education (CCEE) and providers who are unlicensed or legally exempt from state regulations for CCEE. Study participants may or may not participate in the child care subsidy program. The data collection activities are designed to provide critical information that is needed to analyze the reliability and validity of the HBCC-NSAC Toolkit's provider questionnaire. The resulting data will help ACF understand if the HBCC-NSAC Toolkit's provider questionnaire can be used to support home-based providers in identifying and reflecting on their caregiving strengths and areas for growth.

Respondents: Home-based providers; families of the children cared for by the providers.

¹ Note: Due to the size of Region 4, OCS funds two RPICs in the region (4a and 4b).
