**Freeze on the Filing of Applications for  
Digital Replacement Translator  
Stations and Displacement  
Applications**

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice.

**SUMMARY:** This document announces a freeze on the filing of displacement applications by Class A television, low power television and TV translator stations and on the filing of applications for digital replacement translators.

**DATES:** This filing limitation become effective on June 11, 2014.

**FOR FURTHER INFORMATION CONTACT:** Shaun Maher, Video Division, Media Bureau, (202) 418-2324, *Shaun.Maher@fcc.gov*

**SUPPLEMENTARY INFORMATION:** Effective immediately, the Media Bureau of the Federal Communications Commission announces a freeze on the filing of applications for digital replacement translator (DRT) stations and displacement applications for low power television (LPTV), TV translator, and Class A television stations pursuant to §§ 73.3572(a)(4) and 74.787(a)(4) of the Commission's rules. Because the digital transition was largely completed five years ago, in June 2009, and the Bureau issued a Freeze Public Notice on April 5, 2013, imposing limitations on the filing and processing of certain applications by full power and Class A television stations, there should be little occasion for new DRT and displacement applications to be filed. *See* Media Bureau Announces Limitations on the Filing and Processing of Full Power and Class A Television Station Modification Applications, Effective Immediately, and Reminds Stations of Spectrum Act Preservation Mandate, *Public Notice*, 28 FCC Rcd 4364. In addition, Class A television stations were subject to displacement only as the result of "engineering solutions" by full power stations to resolve "technical problems" in replicating and maximizing the full power station's DTV service areas during the DTV transition. Consequently, the impact of this freeze on the LPTV, TV translator, and Class A services should be minimal.

The Commission recently adopted rules to implement the broadcast television spectrum incentive auction authorized by the Middle Class Tax Relief and Job Creation Act of 2012, Public Law 112-96 Sections 6402, 6403,

126 Stat. 156 (2012). In conjunction with the incentive auction, the Commission has announced that it will conduct a "reverse auction" and reorganization or "repacking" of the broadcast television bands in order to free up a portion of the ultra high frequency (UHF) band for new flexible uses. *See* In the Matter of Expanding the Economic and Innovation Opportunities of Spectrum Through Incentive Auctions, MB Docket No. 12-268, *Report and Order*, FCC 14-50, released June 2, 2014. The facilities of DRT, LPTV, and TV translator stations will not be protected during repacking. Existing DRT, LPTV, and TV translator stations displaced by repacking will be permitted to file displacement applications in a special window to be opened following the completion of the auction.

To facilitate the special displacement window and to protect the opportunity for stations displaced by repacking of the television bands to obtain a new channel from the limited number of channels likely to be available for application after repacking, the Media Bureau deems it appropriate to freeze the acceptance of additional DRT and displacement applications at this time. The Media Bureau will continue to process pending DRT and displacement applications. Following the completion of the incentive auction, the Media Bureau will announce the dates and procedures for the special displacement window.

During the freeze, the Media Bureau will consider waiver requests by LPTV and TV translator stations that wish to submit a displacement application demonstrating that they are causing or receiving "new actual" interference to or from a full power television station. By "new" interference, we mean interference that is a result of the initiation of new or modified service by a full power station during the freeze. To qualify for the waiver, the displacement applicant must demonstrate either actual interference within the noise limited contour of the full power station or actual interference to the displacement applicant's LPTV or TV translator station, either of which will result in the immediate loss of service to viewers, thus necessitating the grant of its application. Although the Commission is not accepting modification applications for changes to existing television service areas that would increase a full power station's noise-limited contour or a Class A station's protected contour in one or more directions beyond the area resulting from the station's authorized facilities as of the April 5, 2013 freeze,

and the likelihood of “new” interference occurring to LPTV and TV translator stations is remote, we believe that it is important to allow the filing of a displacement application in such rare cases. We do not anticipate waiving the freeze to accept applications for new DRT stations. That service was created to enable full power stations to reach existing in-contour analog viewers that would not otherwise receive service from a station on termination of its analog service and completion of its DTV transition, which took place no later than June 12, 2009. Full power stations have had adequate time since then to identify such loss areas and apply for a DRT. We similarly do not anticipate waiving the freeze to accept Class A displacement applications, since those stations were subject to additional interference only from full power stations that encountered “technical problems” in replicating or maximizing their digital service areas during the DTV transition.

Minor change applications and applications for digital flash cut and digital companion channels filed by existing LPTV and TV translator stations, and by Class A stations, will continue to be accepted for filing.

The decision to impose this freeze is procedural in nature, and therefore is not subject to the notice and comment and effective date requirements of the Administrative Procedure Act, 5 U.S.C. 553(b)(A), (d). Moreover, we find that there is good cause for not delaying the effect of these procedures until 30 days after date of publication in the **Federal Register**. Such a delay would be impractical, unnecessary, and contrary to the public interest because it would undercut the purposes of the freeze.

This action is taken by the Chief, Media Bureau pursuant to authority delegated by 47 CFR 0.283 of the Commission’s rules.

Federal Communications Commission.

**SUPPLEMENTARY INFORMATION:** This is a summary of the Commission’s document DA 14–818, released June 19, 2014, announcing the agenda, date, and time of the Committee’s next meeting.

#### Meeting Agenda

At its July 25, 2014 meeting, the Committee is expected to consider a recommendation from its Universal Service Working Group concerning interagency coordination relative to the Lifeline program and broadband adoption. The Committee’s Consumer Protection Working Group is also expected to present for consideration a recommendation regarding stolen mobile devices. The Committee may also consider other recommendations from its working groups, and may receive briefings from FCC staff and outside speakers on matters of interest to the Committee. A limited amount of time will be available on the agenda for comments from the public. The public may ask questions of presenters via the email address [livequestions@fcc.gov](mailto:livequestions@fcc.gov) or via Twitter using the hashtag #fcclive. In addition, the public may also follow the meeting on Twitter @fcc or via the Commission’s Facebook page at [www.facebook.com/fcc](http://www.facebook.com/fcc). Alternatively, members of the public may send written comments to: Scott Marshall, Designated Federal Officer of the Committee at the address provided above.

The meeting is open to the public, and the site is fully accessible to people using wheelchairs or other mobility aids. Sign language interpreters, open captioning, assistive listening devices, and Braille copies of the agenda and handouts will be provided on site. Meetings are also broadcast live with open captioning over the Internet from the FCC Live Web page at [www.fcc.gov/live/](http://www.fcc.gov/live/).

Other reasonable accommodations for people with disabilities are available

upon request. The request should include a detailed description of the accommodation needed and contact information. Please provide as much advance notice as possible; last minute requests will be accepted, but may not be possible to fill. To request an accommodation, send an email to [fcc504@fcc.gov](mailto:fcc504@fcc.gov) or call the Consumer and Governmental Affairs Bureau at 202–418–0530 (voice), 202–418–0432 (TTY).
