BILLING CODE 6560–50–P

COUNCIL ON ENVIRONMENTAL QUALITY

Interagency Ocean Policy Task Force

AGENCY: Council of Environmental Quality.

ACTION: Notice of request for comments.

SUMMARY: The Council on Environmental Quality (“CEQ”) has formed an Interagency Ocean Policy Group (“IOPG”) to develop the President’s response to the recommendations in the U.S. Commission on Ocean Policy’s Final Report that was released on September 20, 2004. In the process of developing the Administration response, the IOPG is accepting public comments on the Commission’s Final Report. Because the IOPG has access to the public comments submitted to the commission on its

Preliminary Report, which was released on April 20, 2004, the IOPG is seeking specific comments on the changes introduced in the Final Report.

DATES: Public comments will be accepted beginning on Friday, October 1, 2004. CEQ requests that comments be delivered to CEQ no later than the close of business (5:30 p.m. EST) on Monday, November 1, 2004.

ADDRESSES: Send electronic comments to: finalreportcomments@noaa.gov. Comments may be sent by facsimile to: (202) 456–9728. Comments may also be mailed to Council on Environmental Quality, 722 Jackson Place, NW., Washington, DC 20503 Attention: Interagency Ocean Policy Group.

SUPPLEMENTARY INFORMATION: The “Oceans Act Of 2000” (Pub. L. 106–256) established the U.S. commission on Ocean Policy to make recommendations for a coordinated and comprehensive national ocean policy that will promote: (1) Protection of life & property, (2) stewardship of ocean & coastal resources, (3) protection of marine environment and prevention of marine pollution, (4) enhancement of maritime commerce, (5) expansion of human

knowledge of the marine environment, (6) investments in technologies to promote energy and food security, (7) close cooperation among government agencies, and (8) U.S. leadership in ocean & coastal activities. The law required the Commission to develop, in coordination with the States, a scientific advisory panel, and the public, a National Oceans Report. This Report makes recommendations to the President and Congress on ocean and coastal issues. The U.S. Commission on Ocean Policy’s Final Report was released on September 20, 2004, and may be found at <http://oceancommission.gov>. Section 4 of the Oceans Act provides for the President to submit to Congress, within ninety (90) days of the receipt of this Report, a statement of proposals to implement or respond to the U.S. Ocean Commission’s recommendations for a coordinated, comprehensive and long-range national policy for the responsible use and stewardship of ocean and coastal resources for the benefit of the United States. The IOPG will assist in the development of the Administration’s response to the final recommendations. As Chair of the IOPG, and pursuant to

the requirements of Section 4(b) of the Oceans Act of 2000, CEQ is accepting comments on U.S. Ocean Commission's recommendations. Further instructions for submitting comments to the IOPG may be found at <http://ocean.ceb.gov>.

Dated: September 24, 2004.

Philip Cooney,

Chief of Staff, Council on Environmental Quality.

BILLING CODE 3125-01-M

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

National Institute for Occupational Safety and Health Advisory Board on Radiation and Worker Health

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention (CDC) announces the following committee meeting:

Name: Advisory Board on Radiation and Worker Health (ABRWH), National Institute for Occupational Safety and Health (NIOSH).

Subcommittee Meeting Time and Date: 9:30 a.m.–11:30 a.m., October 19, 2004.

Committee Meeting Times and Dates: 1 p.m.–4:15 p.m., October 19, 2004. 7 p.m.–8:30 p.m., October 19, 2004. 8 a.m.–4 p.m., October 20, 2004.

Place: The Westin St. Francis, 355 Powell Street, San Francisco, California 94102, telephone 415/397-7000, fax 415/774-0124.

Status: Open to the public, limited only by the space available. The meeting room accommodates approximately 65 people.

Background: The ABRWH ("the Board") was established under the Energy Employees Occupational Illness Compensation Program Act (EEOICPA) of 2000 to advise the President, delegated to the Secretary of Health and Human Services (HHS), on a variety of policy and technical functions required to implement and effectively manage the new compensation program. Key functions of the Board include providing advice on the development of probability of causation guidelines which have been promulgated by HHS as a final rule, advice on methods of dose reconstruction which have also been promulgated by HHS as a final rule, evaluation of the scientific validity and quality of dose reconstructions conducted by the National Institute for Occupational Safety and Health (NIOSH) for qualified cancer claimants, and advice on petitions to add classes of workers to the Special Exposure Cohort.

In December 2000 the President delegated responsibility for funding, staffing, and operating the Board to HHS, which subsequently delegated this authority to the CDC. NIOSH implements this responsibility

for CDC. The charter was issued on August 3, 2001, and renewed on August 3, 2003.

Purpose: This board is charged with (a) providing advice to the Secretary, HHS on the development of guidelines under Executive Order 13179; (b) providing advice to the Secretary, HHS on the scientific validity and quality of dose reconstruction efforts performed for this Program; and (c) upon request by the Secretary, HHS, advise the Secretary on whether there is a class of employees at any Department of Energy facility who were exposed to radiation but for whom it is not feasible to estimate their radiation dose, and on whether there is reasonable likelihood that such radiation doses may have endangered the health of members of this class.

Matters to be Discussed: Agenda for this meeting will focus on Program Status Reports from NIOSH and Department of Labor; Special Exposure Cohort Petition Process Procedures; Scientific Research Issues Update; Site Profile Reviews; Subcommittee Report and Recommendations; and Board working sessions. There will be an evening public comment period scheduled for October 19, 2004, and a public comment period at midday on October 20, 2004. The Subcommittee will convene on October 19, 2004, from 9:30 a.m.–11:30 a.m.

The agenda is subject to change as priorities dictate.

Contact Person for More Information: Larry Elliott, Executive Secretary, ABRWH, NIOSH, CDC, 4676 Columbia Parkway, Cincinnati, Ohio 45226, telephone 513/533-6825, fax 513/533-6826.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities for both CDC and the Agency for Toxic Substances and Disease Registry.

Dated: September 20, 2004.

Alvin Hall,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration

[Docket No. 2004N-0166]

Agency Information Collection Activities; Submission for Office of Management and Budget Review; Comment Request; Infant Feeding Practices Study II

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing that a proposed collection of

information has been submitted to the Office of Management and Budget (OMB) for review and clearance under the Paperwork Reduction Act of 1995.

DATES: Fax written comments on the collection of information by November 1, 2004.

ADDRESSES: The Office of Management and Budget (OMB) is still experiencing significant delays in the regular mail, including first class and express mail, and messenger deliveries are not being accepted. To ensure that comments on the information collection are received, OMB recommends that comments be faxed to the Office of Information and Regulatory Affairs, OMB, Attn: Fumie Yokota, Desk Officer for FDA, FAX: 202-395-6974.

FOR FURTHER INFORMATION CONTACT: Peggy Robbins, Office of Management Programs (HFA-250), Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, 301-827-1223.

SUPPLEMENTARY INFORMATION: In compliance with 44 U.S.C. 3507, FDA has submitted the following proposed collection of information to OMB for review and clearance.

I. Background on the Infant Feeding Practices Study II

Under section 903(d)(2) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 393(d)(2)), FDA is authorized to conduct research and educational and public information programs relating to foods and devices. Under this authority, FDA is planning to conduct a consumer study about infant feeding and the diet of pregnant women and new mothers. The study will provide detailed information about foods fed to infants, including breast milk and infant formula; factors that may contribute to infant feeding choices and to breastfeeding success, including intrapartum hospital experiences, mother's employment status, mother's self confidence, postpartum depression, infant sleeping arrangements; and other issues of interest to FDA, including infant food allergy, and experiences with breast pumps. The study will measure dietary intake of pregnant women and new mothers. It will also be used as one component of an evaluation of the Department of Health and Human Services (HHS) National Breastfeeding Awareness Campaign.

A sample of pregnant women will be drawn from a commercial consumer opinion panel for a longitudinal study in which almost all data will be collected by mailed questionnaires. The sample design was chosen to maximize the response rate, which is critical for the success of a longitudinal study.
