

identified such descendants on its revised membership list submitted for the final determination. Examination of the evidence in regard to Abby (Fagins) Randall and her sons leads to the conclusion that on the basis of evidence acceptable to the Secretary, the members of this family line descend from the historical Eastern Pequot tribe within the meaning of the regulations.

Therefore, this final determination concludes that all the current members of both petitioners descend from the historical Eastern Pequot tribe. The historical Eastern Pequot tribe, comprising the membership of both petitioners, meets criterion 83.7(e).

Criterion 83.7(f): The final determination affirms the proposed findings' conclusions that a predominant portion of neither petitioner's members were enrolled with any federally acknowledged tribe. The same conclusion is applicable to the Eastern Pequot tribe as a whole. Therefore, the historical Eastern Pequot tribe meets criterion 83.7(f).

Criterion 83.7(g): This final determination affirms the proposed findings' conclusion that neither petitioner had been the subject of legislation terminating a Federal relationship. The same conclusion is applicable to the Eastern Pequot tribe as a whole. Therefore, the historical Eastern Pequot tribe meets criterion 83.7(g).

The historical Eastern Pequot tribe, represented by two petitioners, EP and PEP, meets all of the criteria for Federal acknowledgment as a tribe stated in 25 CFR § 83.7 and therefore meets the requirements to be acknowledged as tribe with a government-to-government relationship with the United States.

Because this final determination recognizes a single historical tribe represented by two petitioners, the Assistant Secretary will deal with both petitioners in the process of developing a governing document for the historical Eastern Pequot tribe. Pursuant to 25 CFR 83.12(b), the base roll for determining future membership of the tribe shall consist of the combined membership lists of the two petitioners submitted for these final determinations.

This determination is final and will become effective 90 days from the date of publication, unless a request for reconsideration is filed pursuant to 25 CFR 83.11. The petitioners or any interested party may file a request for reconsideration of this determination with the Interior Board of Indian Appeals (83.11(a)(1)). A petitioner's or interested party's request must be received no later than 90 days after publication of this notice of the

Assistant Secretary's determination in the **Federal Register** (83.11(a)(2)).

Dated: June 24, 2002.

Neal A. McCaleb,

Assistant Secretary—Indian Affairs.

Minerals Management Service (MMS)

Outer Continental Shelf Official Protraction Diagrams

AGENCY: Minerals Management Service, Interior.

ACTION: Status of Outer Continental Shelf Official Protraction Diagrams (OPDs).

SUMMARY: Notice is hereby given that effective with this publication, the following North American Datum of 1983 (NAD 83)-based Outer Continental Shelf OPDs last revised on the date indicated, are on file and available for information only in the Pacific OCS Regional Office, Camarillo, California. In accordance with Title 43, Code of Federal Regulations, these diagrams are the basic record for the description of mineral and oil and gas leases in the geographic areas they represent.

FOR FURTHER INFORMATION CONTACT: Copies of these OPDs may be purchased for \$2.00 each from the Public Information Unit, Information Services Section, Pacific OCS Region, Minerals Management Service, 770 Paseo Camarillo, Camarillo, California 93010, Telephone (800) 672-2627.

SUPPLEMENTARY INFORMATION: In addition, OPDs may be obtained in two digital formats: .gra files for use in ARC/INFO and .pdf files for viewing and printing in Acrobat. Copies are also available for download at: <http://www.mms.gov/ld/leasing.htm>.

BILLING CODE 4310-MR-P

INTERNATIONAL TRADE COMMISSION

[Inv. No. 337-TA-459]

In the Matter of Certain Garage Door Operators Including Components Thereof; Notice of Commission Determination not to Review an Initial Determination Terminating the Investigation as to the Last Three Respondents on the Basis of Withdrawal of the Complaint; Termination of the Investigation

AGENCY: International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review an initial determination ("ID") (Order No. 18) issued by the presiding administrative law judge ("ALJ") terminating the above-captioned investigation as to respondents Lynx Industries, Inc., Napoleon Spring Works, Inc., and Guardian Access Corp. on the basis of withdrawal of the complaint. Since these three respondents are the only respondents remaining in the investigation, their termination terminates the investigation.

FOR FURTHER INFORMATION CONTACT: Tim Yaworski, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone 202-205-3096. Copies of all nonconfidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone 202-205-2000. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for this investigation may be viewed on the Commission's electronic docket (EDIS-ON-LINE) at <http://dockets.usitc.gov/eol/public>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on July 19, 2001, based on a complaint filed by the Chamberlain Group, Inc. of Elmhurst, Illinois ("Chamberlain") against six respondents, 66 FR 37704 (July 19, 2001). Two respondents and an intervenor were subsequently added to the investigation. The complaint alleged violations of section 337 of the Tariff Act of 1930 in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain garage door operators including components thereof by reason of infringement of claims 1-8 of U.S. Letters Patent Re. 35,364 and claims 5-30 of U.S. Letters Patent Re. 36,703. On February 6, 2002, complainant Chamberlain filed a motion to terminate the investigation as to respondents Lynx Industries, Inc., Napoleon Spring Works, Inc., and Guardian Access Corp. on the basis of withdrawal of the complaint. The Commission investigative attorney supported the joint motion and the three respondents opposed it. On June 5, 2002, the ALJ issued an ID (Order No. 18) granting the motion.

No petitions for review of the ID were filed. This action is taken under the authority of section 337 of the Tariff Act of 1930, 19 U.S.C. 1337, and section 210.42 of the Commission's Rules of Practice and Procedure, 19 CFR 210.42.

By order of the Commission.

Issued: June 25, 2002.

Marilyn R. Abbott,

Secretary to the Commission.

BILLING CODE 7020-02-P

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

[Docket No. ICR-1218-0221 (2002)]

Crawler, Locomotive, and Truck Cranes Standard; Extension of the Office of Management and Budget's (OMB) Approval of Information-Collection (Paperwork) Requirements

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Request for comment.

SUMMARY: OSHA solicits comment concerning its proposal to extend OMB approval of the information-collection requirements specified by its Crawler, Locomotive, and Truck Cranes Standard (29 CFR 1910.180). The paperwork provisions of this Standard specify requirements for developing,

maintaining, and disclosing inspection records for cranes and ropes, as well as disclosing written reports of rated load tests. The purpose of each of these requirements is to prevent employees from using unsafe cranes and ropes, thereby reducing their risk of death or serious injury caused by a crane or rope failure during material handling.

DATES: Submit written comments on or before August 30, 2002.

ADDRESSES: Submit written comments to the Docket Office, Docket No. ICR-1218-0221 (2002), OSHA, U.S. Department of Labor, Room N-2625, 200 Constitution Avenue, NW., Washington, DC 20210; telephone (202) 693-2350. Commenters may transmit written comments on 10 pages or less by facsimile to (202) 693-1648.

FOR FURTHER INFORMATION CONTACT:

Theda Kenney, Directorate of Safety Standards Programs, OSHA, U.S. Department of Labor, Room N-3609, 200 Constitution Avenue, NW., Washington, DC 20210; telephone (202) 693-2044. A copy of the Agency's Information-Collection Request (ICR) supporting the need for the information collections specified by the Crawler, Locomotive, and Truck Cranes Standard is available for inspection and copying in the Docket Office, or by requesting a copy from Todd Owens at (202) 693-2444. For electronic copies of the ICR contact OSHA on the Internet at <http://www.osha.gov/comp-links.html>, and select "Information Collection Requests."

SUPPLEMENTARY INFORMATION:

I. Background

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent (i.e., employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information-collection requirements in accordance with the Paperwork Reduction Act of 1995 (PRA-95) (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and cost) is minimal, collection instruments are understandable, and OSHA's estimate of the information-collection burden is correct.

The Crawler, Locomotive, and Truck Cranes Standard (i.e., "the Standard") specifies several paperwork requirements. The following sections describe who uses the information collected under each requirement, as well as how they use it.

- *Inspection Records (paragraph (d)(6)).* This paragraph specifies that employers must prepare a written
