### Student Assistance General Provisions, Federal Supplemental Educational Opportunity Grant, Federal Family Education Loan, Federal Work-Study, Federal Perkins Loan, Federal Pell Grant, Leveraging Educational Assistance Partnership, and William D. Ford Federal Direct Loan Programs; Notice of Deadline and Submission Dates for Receipt of Applications, Reports, and Other Documents for the 2002-2003 Award Year

**SUMMARY:** The Secretary announces deadline submission dates for receiving documents from institutions and applicants for assistance under the Federal student aid programs authorized under Title IV of the Higher Education Act of 1965, as amended for the 2002-2003 award year. The Federal student aid programs include the Federal Perkins Loan, Federal Work-Study,

Federal Supplemental Educational Opportunity Grant, Federal Family Education Loan, William D. Ford Federal Direct Loan, Federal Pell Grant, and Leveraging Educational Assistance Partnership programs.

These programs, administered by the U.S. Department of Education (Department), provide assistance to students attending eligible institutions of higher education to help them pay their educational costs.

*Deadline and Submission Dates:* See Tables A and B at the end of this notice.

**Table A—Deadline Dates for Application Processing and Receipt of Student Aid Reports (SARs) or Institutional Student Information Records (ISIRs) by Institutions**

Table A provides deadline dates for application processing, including corrections, and, for purposes of the Federal Pell Grant Program, receipt by institutions of valid Student Aid Reports (SARs) or valid Institutional Student Information Records (ISIRs).

**Table B—Federal Pell Grant Program Submission Dates for Disbursement Information by Institutions**

Beginning with the 2002–2003 award year, the Common Origination and Disbursement (COD) system replaces the Recipient Financial Management System (RFMS) for purposes of the Federal Pell Grant Program. There are two categories of institutions participating in COD: full-participant institutions and phase-in institutions. Full-participant institutions are institutions that interface directly with COD by using the COD common record. Phase-in institutions are institutions that send records to COD using the RFMS legacy record formats.

Table B provides the earliest submission and deadline dates for both full-participant institutions and phase-in institutions to submit Federal Pell Grant disbursement information.

In general, an institution must submit disbursement information no later than 30 days after disbursing or becoming aware of the need to adjust a student's Federal Pell Grant. The Secretary considers a disbursement of Federal Pell Grant funds to occur on the earlier of the date that the institution: (a) Credits those funds to a student's account in the

institution's general ledger or any subledger of the general ledger, or (b) pays those funds to a student directly. The Secretary considers a disbursement to have occurred even if institutional funds are used in advance of receiving program funds from the Department (34 CFR 668.164(a)). An institution's failure to submit disbursement information within the required 30-day timeframe may result in an audit or program review finding for an institution. In addition, the Secretary may initiate an adverse action, such as a fine or other penalty for such failure.

Table B also provides the latest date an institution may request Year-To-Date records and administrative relief.

**Proof of Delivery**

If the documents are submitted by mail, the Secretary accepts as proof of delivery one of the following:

- (1) A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.
- (2) A legibly-dated U.S. Postal Service postmark.

**Note:** The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method of proof of mailing, check with the post office at which the submission was mailed. The Secretary strongly encourages the use of First Class Mail.

- (3) Other proof of mailing or delivery acceptable to the Secretary.

**Other Sources for Detailed Information**

The Department publishes a more detailed discussion of the Federal student aid application process in the following publications:

\* The deadline for electronic transactions is 11:59 p.m. (Central Time) on the deadline date. Transactions must be completed and accepted by 12:00 midnight to meet the deadline. If transmissions are started before 12:00 midnight but are not completed until after 12:00 midnight, those transmissions will not meet the deadline. In addition, any transmission picked up on or just prior to the deadline date that gets rejected may not be able to be reprocessed because the deadline will have passed by the time the user gets the information notifying him/her of the reject.

\*\* Although the Secretary has set this deadline date for the submission of verification documents to the institution, if corrections are required, the earlier deadline dates for submission of paper or electronic corrections must still be met.

\*\*\* The institution must have already received a SAR or ISIR with an eligible EFC while the student was enrolled and eligible for payment. Students completing verification while no longer enrolled will be paid based on the higher of the two EFCs.

\*\*\*\* For this purpose, the date the ISIR transaction was processed by CPS is considered to be the date the institution received the ISIR. The CPS process date is on the 2002-2003 ISIR record layout, field 163. It is also printed on the first page of the SAR and ISIR.

\*\* Year-To-Date records may be requested after this date, however, there may not be sufficient time for institutions to receive the file, create a record batch to report disbursement information, and submit the disbursement information to the Secretary by the September 30, 2003 deadline date for receipt of all 2002-2003 requests for payment.

NOTE: The COD System must accept origination data for a student from an institution before it accepts disbursement information from the institution for that student. Institutions may submit origination and disbursement data for a student in the same transmission. However, if the origination data is rejected, the disbursement data is rejected.

#### Erie Boulevard Hydropower L.P.; Notice of Availability of Final Environmental Assessment

August 8, 2002.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed the applications for original licenses for Erie Boulevard Hydropower L.P.'s (Erie's) Parishville Hydroelectric Project and Allens Falls Hydroelectric Project, both located on the West Branch St. Regis River in St. Lawrence County, New York, and has prepared a Final Environmental Assessment (FEA) for the projects. Neither project occupies any lands of the United States.

The FEA contains the Commission staff's analysis of the potential environmental impacts of the projects and has concluded that licensing the projects, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the FEA is on file with the Commission and is available for public inspection.
