

Reporting Frequency: On occasion.

Needs and Uses: This information collection is necessary to process shipping and receipt documentation for contractor-provided goods and services and permit payment under DoD contracts. This information collection includes the requirements of DFARS Appendix F, Material Inspection and Receiving Report. Appendix F contains procedures and instructions for submission of contractor payment requests and receiving reports using Wide Area WorkFlow (WAWF). 10 U.S.C. 2227(c) requires electronic submission and processing of claims for contract payments under DoD contracts. DoD has designated WAWF as the designated platform for contractors to submit payment requests and supporting documentation, including receiving reports. WAWF supports the preparation and distribution of electronic equivalents for the DD Form 250, Material Inspection and Receiving Report, and DD Form 250 series equivalents for repair of Government property and energy-related overland or waterborne shipments.
